Everyone's a fan of the man from Tennessee.

When Dave Loggins' "Please Come to Boston" became a Top-5 single, the easiest thing to do would have been to throw an album together and cash in on the success of that song.

But with an artist of Dave's caliber, we wanted to be sure the album was the best possible Dave Loggins album.

Now that album is here. It's called "Apprentice (In a Musical Workshop)" and it demonstrates that Dave Loggins is a singer/songwriter of unlimited potential. And it contains his next single, "Someday," which is already receiving strong reaction and heavy airplay all over the country.

Dave Loggins' "Apprentice (In a Musical Workshop)." KE 32833* The most eagerly-awaited album by a new artist in ages, featuring the new single, "Someday." 8-50035* On Epic Records

WSM/Country Music Week: So Much Of America

America and country music will be approaching milestones within a year of each other. Our country will be 200 years old in 1976, while radio station WSM will celebrate its 50th birthday next year. Meanwhile, as these two events come at hand, WSM celebrates its 49th birthday in 1974, a salute that takes place in Nashville this week in conjunction with the Country Music Association's (CMA) Country Music Week.

There's a lot to be said about country music being as "American as apple pie"; happily, this is more true than ever before, as country music spreads its sounds within the mainstream of the American (and global) music scene. Country music, of course, is built on a foundation of tremendous loyalty which few idioms of pop music enjoy. From that base there is an ever thickening layer of new admirers. The impact of this combination can be seen not only during Country Music Week, but through 365 days of the musical calendar.

America and country music — so much of America is country music and so much of country music is America!

CBS 3rd Qtr, Nine Months Set New Highs

NEW YORK — CBS 1974 third quarter and first nine months sales and earnings have set company records for those periods, according to William S. Paley, chairman, and Arthur R. Taylor, president. The execs noted that sales improvement by the CBS/Records Group came "primarily from the international unit."

Estimated 1974 third quarter income from continuing operations is $25.8 million, compared with $23.4 million earned in the third quarter of 1973, a 10% increase. This is equivalent to 90¢ per share for the third quarter of 1974, compared with 82¢ for the third quarter of 1973, the company's previous record high for that period. Estimated 1974 third quarter net sales are $415.2 million, compared with $370.7 million achieved in the same period in 1973, a 12% improvement.

Paley and Taylor observed that, "The third quarter was the 14th consecutive quarter in which CBS earnings from continuing operations have improved over comparable year-earlier periods."

For the first nine months of 1974, estimated income from continuing operations is $76.1 million, compared with $64.1 million earned in the first nine months of 1973, a 19% increase. Estimated nine months per share income from continuing operations is $2.66, compared with $2.25 earned in the first nine months of 1973. (The first nine months 1973 earnings per share do not include a gain on discontinued operations of 17¢ resulting primarily from the sale of the New York Yankees.) Estimated net sales for the first nine months are $1,249.8 million, compared with $1,088.6 million for the first nine months of 1973, an increase of 15%.

RCA Sales Over Nine Months Set New Label High

NEW YORK — RCA Records sales for the first nine months of 1974 were the highest in its history, according to Jack Kiernan, vp of marketing.

"Our fine roster of artists," Kiernan said, "has given us product of consistent high quality which has created a very high demand throughout the year. Heavy sales, based on this, have given us the record nine months as well as a larger share of the total record market. We have great strength and with a continuing flow of the kind of product that should give us a banner sales year."

British Decca Cites Gains In Yr. Ending Mar. 31

NEW YORK — Decca Limited of London, England, the parent company of London Records, showed gains in sales and profits for the year ending Mar. 31.

The group turnover, converted to dollars at the exchange rate of $2.394 on Mar. 31, 1974, increased by $48,358,800 and profits before taxation rose $1,967,868 to $38,074,176. Decca's turnover on consumer goods, which includes records, tapes, TV and audio, was up from $165,186,000 in 1973 to $192,717,000, and pre-tax division of profits on consumer goods shows a total of $23,844,240 against last year's figure of $23,590,476.

The capital goods aspect of the company's trading, which includes electronics, navigation and radar, grossed $134,303,400 in the trading year against $113,475,600 in 1973. Directors recommended a final dividend of 14.42487 cents per share (last year 14.32809 cents per share) making 19.45227 cents for the year (last year 19.35549 cents).

CBS Gets Temp. Court Order In Suit Vs Stax

MEMPHIS — CBS Records was granted in U.S. Federal District Court in Memphis last Thursday (10) a temporary restraining order against Stax Records as a result of a suit filed by CBS to prevent what it terms a "violation' of its distribution agreement with the label.

The Court, with the consent of Stax, issued the temporary restraining order following CBS' contention that Stax had repudiated its agreement with CBS "without justification or cause." That agreement was made two years ago this month.

CBS said its action against Stax sought to enjoin the label, reported to be in financial difficulty, from "distributing through other distribution outlets and reducing the label's artist roster."

Anderson To UA VP Promo Post

LOS ANGELES — President of United Artists Records of America, Al Teller, has announced the appointment of Ray Anderson to the post of vice president, promotion.

In his new position, Anderson will be responsible for all radio promotion activities for both the United Artists and Blue Note labels and will supervise the day to day activities of United Artists' national promotional staff.

In announcing the appointment, Teller stated that "Ray Anderson is one of the most respected and effective promotion executives in the recording industry. I am confident that his contribution to the future success of United Artists Records of America will be a most significant one."

Anderson, a veteran of ten years in the promotion field, was most recently manager, national singles promotion, for RCA Records and, prior to assuming that position, was RCA's Los Angeles field promotion representative.

Anderson will be headquartered in United Artists' Los Angeles offices.

'Labels' Act Barrage Lifts Sales Sight For 4th Qtr

NEW YORK — Recording companies are fueling what is traditionally the industry's best quarter of the year — the period of Oct. thru Dec. — with some of their strongest product lineups ever.

The heavy barrage of strong talent being made available in the year's final surge of sales activity comes, interestingly enough, in an era when LP scheduling of key acts in a single burst of product announcements is difficult in view of greater artist control in the creation and marketing of album merchandise.

The boost psychologically at this time is important, too. This is due to the anxiety over the economy and its possible impact on the industry. Whatever the future holds, the business realizes that strong sales contenders find it increasingly less formidable to reach the 1 million unit sales milestone, with many albums going far beyond that point.

The availability of new albums by key performers is, of course, a big traffic draw, and the fact that so much in the way of star acts are coming at a single period — happily the industry's best — is also seen as a big boost to general catalog sales.

Following is a label-by-label breakdown of key acts being represented by new product for the fall-winter selling season:

ABC-Dunhill

Jim Croce, "Photographs & Memories"; Three Dog Night, "Dog Style"; Rufus, "Rufusized"; "The Best of Paul Anka"; Bobby Vinton, "Melodies of Love"; and The Turtles, "Happy Together Again."

House Agrees to Anti-Pirate Bill; Penalties Increased

WASHINGTON — The House approved by a voice vote last week a bill increasing penalties against tape and disc pirates.

The measure, recently passed out of a House committee, subjects violators to a maximum fine for a first offense of $25,000 and a maximum jail term for a subsequent offense to two years.

The Senate recently agreed to stiffer penalties, making the manufacture and sale of bogus recordings a felony, with possible jail terms of three years for a first offense and seven years for a second violation of the law. A compromise measure now has to be worked out by the House and Senate.

"I had no set plans or ideas that I wanted to convey when I first entered the studio—I just wanted to cut a good album."

The sessions were a major departure for Quincy. He was working with a small band instead of a full orchestra. And the music was very funky.

On April 26th, 1974, after months of experimenting, he came out with what is already the most successful album of his amazing career.

There's also a previous Utall-Crewe association of the mid-60's when Uttal, as head of Bell Records, distributed Crewe's Dyna Voice and New Voice labels, which had hits by the Bob Crewe Generation, Mitch Ryder, Norma Tanega and the Toys.

Uttal said he secured Valli for Private Stock at a party hosted by Crewe for Uttal in Los Angeles to celebrate Uttal's formation of Private Stock. During the affair, Crewe played Valli tapes for Uttal and negotiations bringing Valli to Private Stock started then.

Capricorn West: Communication Is Key To Success

HOLLYWOOD — Since Phil Walden established Capricorn Records with Frank Fenter as his executive vice-president and "right hand," the label has grown to the extent that it's now one of the most successful custom labels in operation today, especially considering its short time in existence.

Larry Saul, who is vice president and general manager of the label based out of Hollywood, stopped by **Cash Box's** offices last week to describe the reasons for Capricorn's overall growth as well as the solidarity of his own west coast office.

Saul stated that he is in touch with all the label executives (who are based in Macon, Ga.) on a daily basis, especially Fenter and Walden and it is this constant dialog and flow of ideas that keep the operation running smoothly. Because the parent label, Warner Brothers, is based here in Hollywood, Saul has found it increasingly necessary to communicate with them as well as Capricorn regularly in the capacity of purveyor of information, and suggestions.

Previously a local promotion man in Seattle for Consolidated Distributors and then in L.A. for ABC before becoming regional promotion director for Elektra based out of L.A., Saul came to Capricorn in April, '73 after working as national promotion director for ABC Records and feels he and his staff (Diana Kaylan, national advertising and creative director for Capricorn and the duo's assistant Lynn Richardson who has had extensive radio experience as music director of KRLA) are succeeding in filling the communications gap between WB and Capricorn.

Saul also commented that starting now, Capricorn will be looking for talent outside of the south as long as it's right for the label. He said, "Working for Capricorn has been the most rewarding experience I've ever had in the music industry.

Working closely with national promotion director Dick Wooley, Paul Ellis (midwest promo), and Bill Davis (south promo), Saul reports directly to Walden and Fenter and helps co-ordinate every aspect of the label's day to day operation, from merchandising and sales to promotion and publicity. He also works closely with Warners on behalf of the label in all of these capacities and is, along with Wooley, now screening applications for a west coast regional promotion representative.

Back On Music Scene: Kasenetz & Katz $1 Mil Studio

NEW YORK — Jerry Kasenetz & Jeff Katz, one of the big producing successes during the late 60's, are out of a four year retirement from the music scene with a $1 million "K&K Studio City" operation in Great Neck, Long Island, N.Y.

Across from Manhasset Bay, the complex includes a 24-track recording facility, along with writer and producer facilities, exec offices and a mini viewing theatre seating 35. Solely financed by K&K, the project, with 4,500 square feet of building and 20,000 square feet of property, will have two more 24 track equipment installed withing the next six months.

K&K will re-enter the record production field, utilizing the services of their new operation, while also soliciting for outside recording activities there.

After retiring from active producing in 1970, K&K spent the next four years planning the studio, the last one of which entailed its construction. "K&K Studio City" is located at 323 East Shore Road in Great Neck; tele.: (516) 482-5930.

At the peak of their producing activities, K&K were largely responsible for the "bubblegum" sound that caught on via recordings by such groups as 1910 Fruitgum Company, Ohio Express, Music Explosion, Crazy Elephant, among others. Forty million in record sales, they note, resulted in eight gold records. Their associations also included such present hitmakers in a production and/or writer capacity as Joey Levine, John Carter, members of 10cc and Joe Walsh.

K&K said they plan to make further announcements regarding the development of the studio project and their production plans in the coming weeks.

Rodgers Songbook Via Chappell; Set Promo Campaign

NEW YORK — Chappell Music has started a special promo campaign on a new 320-page songbook, "The Songs of Richard Rodgers." SRS Panel Of Women Explores Pub./Writer Gap

HOLLYWOOD — The newly formed Song Registration Service's fourth Forum dealt with "Women in the Music Business." Well known panel of professional women included Marilyn Bergman, Academy Award winning lyricist; Estelle Radin, counsel at Motown Record Corp.; Nancy Wilson, recording and television star, and Malvina Reynolds, composer and performer, and was moderated by Holly Near, a young writer, artist and producer.

During the open discussion, it became clear that the most pressing concern of songwriters was the failure of publishers to meet their responsibilities to exploit material, to offer fair contracts to writers, in short, to fulfill their role in the industry.

Although the women on the panel had established their success in the music field, the shocking fact was revealed that there are only approximately 13 women in policy-making positions in the top ten recording and publishing companies.

Issues discussed in depth were the pitfalls encountered by writers attempting to publish their own material. Writers were encouraged to preserve their individuality and integrity in their work and to expose their material to friends and in their communities before attempting to enter the commercial field.

In response to the need for education in the writing craft, SRS is offering a course of eight two-hour classes in songwriting by Al Kasha, Academy Award winning songwriter and lecturer. The first class will be held Oct. 23, 1974. For further information regarding this class, SRS and future forums, call or write the SRS office at 6381 Hollywood Blvd., Hollywood, CA 90028, (213) 463-7178.

THE FORCE

. . . "To play and enjoy"

This is the city: Burbank, California. The scenery isn't what you'd call Tahiti and the smog makes nerve gas smell like Shalimar, but 86,789 people like it fine. I'm one of them. My name's Payday. I'm with The Force.*

**Regional Planning Commission estimate, July 1973*

(continued)

It was 3:18 on a Thursday and I was working the Wrist Watch out of Accounts Receivable when the phone rang.

"Yeah?" I snapped.

It kept ringing. I picked up the receiver.

It was Ed Rosenblatt, my boss. "It's October," he said.

"Jeez," I shot back, "just like on my calendar."

"Not the month, flatfoot, the release. The October release from Warner/Reprise."

"Is it heavy?"

"Is it *heavy?* Is shrink-wrap transparent? Those people will be back on the street—Morrison, Muldaur, Montrose, Mann—"

"Mmmm. Have they got records?"

"Big ones," he said, "and they've got their Mo-Joe workin'."

"Cute," I said. "Okay. Gimme 30 days. I'll get back to you."

It was hot in Burbank that day—real hot. When I went out to my car, there was a guy trying to siphon the radiator.

It was 3:39. I swung my cruiser out onto La Canasta and headed over to the Golden Fried Freeway, went south five exits to Los Chroizos and pulled into the parking lot of Sinister Madonna Sounds, the biggest record store in the Valley. My contact there is Stylus Marner, a clerk.

"Looks like a pack of monsters if you ask me," he said, ringing up a Chip Taylor album for a girl in a fishnet halter with Badfinger appliqués all over it. "There's this Candi Staton, and the Beach Boys reissue, the Trapeze thing . . . hey, have you seen *Blazing Saddles?*"

"Nope," I said, "I'm waiting for the record."

"Here you go," he said, and handed me an album. It was *Mel Brooks' Movie Music.*

"A funny guy, huh?"

"Yeah. *Real* funny."

"Jeez," I said, "is this part of October too?"

"Yeah," Stylus sighed. "The customers are gonna be crazy for this stuff. You guys on The Force'll have to do something."

"We'll expose 'em."

"Huh?"

"We'll expose 'em," I said. "It's just part of our job."

"What's that?"

"Setting the records straight."

Sgt. Pepper On The Road

NEW YORK — In a major rock-theatrical production development. The Robert Stigwood Organisation will present the rock spectacle "Sgt. Pepper's Lonely Hearts Club Band on the Road," with music and lyrics by John Lennon and Paul McCartney.

The theatrical spectacle, which has a cast of 32, will have its New York opening at the recently restored Beacon Theatre (Broadway and 74th Street) on November 14 for a four week engagement following its premiere at the Bushnell Memorial Auditorium in Hartford, Conn., Nov. 4-10. Following its New York engagement, the show will continue on its national tour playing in Philadelphia, Chicago, Baltimore and other major cities.

To be produced by Robert Stigwood in association with Scarab and Brian Avnet, "Sgt. Pepper" will be directed by Tom O'Horgan, based on an original idea and story line by O'Horgan and Robin Wagner who will also be the set designer. Randy Barcelo has been set as costume designer. O'Horgan, Wagner and Barcelo have previously been associated with the hit stage productions of "Lenny" and "Jesus Christ, Superstar" and O'Horgan has also been represented in the theatre by the legendary production of "Hair."

The Beacon Theatre box office opens October 28. Mail orders will be accepted beginning immediately.

"Sgt. Pepper" will contain 28 Lennon-McCartney songs, including those on the "Sgt. Pepper" and "Abbey Road" albums plus a few additions.

The all music, all singing, all dancing production, which coincides with the Beatles' Tenth Anniversary, will tell of the adventures of Billy Shears as he makes his way towards that elusive goal, rock stardom. All the other characters in the production have been gleaned from the lyrics of the songs.

"Such productions could provide the much needed alternative to the theatre," O'Horgan said, "which sadly does not appeal to a large youthful audience and to rock concerts which are even now striving towards a more theatrical approach within their framework."

Steven Singer and Steve Metz will present the show at the Beacon with Howard Dando as Associate Presenter.

The Robert Stigwood Organisation, which presented the original concert, album and touring company of "Jesus Christ, Superstar," as well as having co-produced with Universal Pictures the film version of the presentation, is currently co-producing the film version of the rock opera "Tommy," which will be distributed in the U.S. and Canada by Columbia Pictures.

Buddah Markets Oct. Releases

NEW YORK — Leading an October Buddah album release that the label hopes to be one of the most successful sales periods ever are new albums by Gladys Knight & The Pips, Curtis Mayfield, The James Cotton Band, The Charlie Daniels Band, and Monk Higgins.

The Gladys Knight & The Pips album, "I Feel A Song," will be their third Buddah release. Lou Merenstein, Buddah's vice president and general manager has noted that, "In the eighteen months with Buddah, Gladys Knight & The Pips have released two gold albums and five gold singles with their first LP. The group's new album has songs written and/or produced by Burt Bachrach, Neil Simon, Bill Withers, and Jim Weatherly."

Curtis Mayfield's seventh album is titled, "Got To Find A Way." "We have equally strong hope for Curtis Mayfield," Merenstein continued. "Since the success of Super Fly, his catalog has just exploded."

The new Charlie Daniels Band album, "Fire On The Mountain," is his fourth release for Buddah, and The James Cotton Band is making their label debut with "100% Cotton." Buddah is preparing massive promotional campaigns for both groups in hopes of achieving the kind of sales for these artists which have been long overdue.

Finally, on the new wave of jazz and the re-awakening of the importance of the discoteque, Merenstein noted that Monk Higgins has put together an album geared toward these markets."We are confident of making important inroads into the sales-generating potentials of discoteque and related programming via artists like Higgins and Norman Connors, whose recently released Slewfoot album is in the new 'boogie' style."

Chelsea/Roxbury Set Fall Schedule

HOLLYWOOD — By zeroing in on four major regional clinics in the country, Chelsea/Roxbury Records will be kicking-off the most intensive and massive sales and promotional campaign in its history with which it will launch its fall product release to its distributors.

Chaired by Wes Farrell, Chelsea and Roxbury labels president, and Ed Walker, vice-president marketing and sales for both labels, the product clinics take place in New York, Chicago, New Orleans and in Los Angeles.

"This will be the first major product release schedule we'll be releasing through our new set-up of utilizing independent distributors around the country," Farrell said. "We switched from distribution by a major label for independence because we knew this would produce a better working atmosphere for our growth and advancement in the industry. The results of our fall product release will certainly go a long way toward proving our corporate contention," he emphasized.

Walker said the albums showcased and dissected at the clinics include: "The Bitter End Years," a three-set album featuring 30 major record stars and canvassing the exciting and revolutionary 60's and early 70's in folk, comedy and pop music; a new presentation of a major artist in "The Best Of Wayne Newton Live"; the latest album from Australia's premiere rock superstar, Brian Cadd's "Moonshine;" and the launching of a destined superstar in Adam Miller's "Westwind Circus" produced by Cashman and West. Additionally, supplemental campaigns will be submitted on two recent releases from the diskeries: New York City's "Soulful Road" LP and William DeVaughn's "Be Thankful For What You Got" LP.

The labels' sales and promotional staffs devised a variety of merchandising aids for the albums from television and radio spots of varying lengths to an elaborate array of posters, easels and display pieces.

Emphasis is being placed on two specialized areas this year: college and university communities' radio and publications; and radio spots for specialized markets and regions.

"Our staffs," Walker said, "spent the good part of the summer pulling together these tools for our fall product — tools I know our distributors will welcome with open arms."

LOS ANGELES — Coinciding with her upcoming engagements during the 1974-75 opera season, including appearances on the west coast this fall and her Metropolitan Opera debut this spring, ABC Records is shipping Beverly Sills' latest Westminster gold album, "Duets with Tenors." The soprano is joined on the LP by Nicolai Gedda, Stuart Burrows and Carlo Bergonzi in duos from "Manon," "Anna Bolena," "Lucia di Lammermoor" and "The Tales of Hoffman." "Duets with Tenors," which ABC is supporting with an extensive consumer advertising campaign, leads off an October Westminster gold release of ten other albums.

According to an announcement from Kathryn King, director of classical a&r at ABC, this month's release otherwise features a coupling of Bach cantatas conducted by Hermann Scherchen and a performance of Schubert's Quintet in C Major by Russia's Taneyev Quartet with cellist Mstislav Rostropovich. Also included are an album on which Victor Desarzens conducts the Chamber Orchestra of Lausanne in works by Shoenberg, Elgar and Britten, and another containing Franck's "Psyche" and Prokofiev's Sinfonietta in A, both played by the Moscow Radio Symphony under Jemal Delgat.

The Dowland album, performed by the Golden Age Singers under the direction of Margaret Field-Hyde, follows Volume I by a little over a year, and in addition, features Julian Bream on lute.

Ms. King also announced that the first four albums in the Westminster Music of the Earth series, originally scheduled for October, will now be released in March 1975.

POINTS WEST — It can safely be reported that all rumors of **Dr. John's** leaving **Atlantic Records are totally false. The good Doc (Mac Rebbennack** to his family) is currently in the studio recording the followup LP to his "Desitively Bonaroo" album and it's for Atlantic. . . . Dec. 15 is the tentative release date for **Alice Cooper's** new flick according to **Bob Brown** who, along with **Shep Gordon,** ably pilots **Alive Enterprises,** handling the likes of Alice and **Anne Murray.** Title is yet to be decided upon. . . . **His Master's Wheels,** the fine recording studio that scored heavily with their recent work on the **Crosby, Stills, Nash & Young** tour (they did the recording for the quartet's upcoming live LP) will be busy recording the **Grateful Dead's** last live concert for at least a year at San Francisco's **Winterland Ballroom** (16-20). Looks like **Eliot Mazer** and **Gary Haber** won't be getting much rest during that hectic four day stint. . . . **Lenny Williams,** lead singer of **Tower of Power,** was so impressed with His Master's facilities he laid down some basic tracks and will return to cut his first solo LP for Warners shortly. . . . **Tubes,** another hot Bay Area band just signed to A&M, is also working on their debut LP at the studio — keep on truckin', fellas.

The **Village Recorder** studios here in West L.A. is also the scene of a lot of activity. Producer/arranger **Jim Price** is well into the completion of the followup LP by **Joe Cocker** whose current A&M release "I Can Stand A Little Rain" is a chart success (2 on the **Cash Box** LP chart this week). They're into overdubs and mixing, and Price, who did Cocker's last, is very pleased with how this one's turning out. Price is also producing **Wayne Shorter's** solo LP for Columbia at the studio with guest artist Brazilian singer/songwriter **Milton Nacimento** sitting in. And Cocker's former business manager, Mark Aglietti, has joined Village Recorders as director of operations. Price's projects at the studio find him working with the best, the studio's chief engineer, **Rob Fraboni.** . . . Also at the facility **Bloodstone** finishing their new London LP and the soundtrack for their upcoming film **"Night Train." Mike Vernon** producing with engineer **Rich Heenan** at the console. Finally, **Kiss** has just finished its new **Kerner & Wise** produced LP at the studio.

At **Elton John's** Hollywood opening which was attended by a number of celebrities including **Elizabeth Taylor, Harry Nilsson, Ringo Starr** and **Henry Mancini,** among others, RCA regional promotion man **Don Whittemore** had a practical joke played on him by parties unknown. The loudspeaker announced about five minutes before the lights dimmed, "Would Mr. and Mrs. Whittemore please call your home immediately, your baby sitter called and said she can't find the fire extinguisher." This might sound like black humor on the surface, but insiders such as Nilsson and Mancini (who record for RCA) laughed because they know Whittemore is unmarried — or do they?

Dr. John — Happy Where He Is

Dave Wills has released his first Epic single, entitled "There's A Song On The Juke Box" produced by none other than the Silver Fox himself, **Charlie Rich,** with writing credits going to Nashville genius **Billy Sherrill.** . . . The new **Poco** album called "Cantamos" (you'll have to get out your Spanish dictionary for that one) is in the final stages of production at L.A.'s **Record Plant** and is being engineered by **Mark Harmon.** . . . Because of the incredible box office response to **Steppenwolf's** return to the concert stage, the group is now working percentage deals with promoters. There's nothing like success. . . . **Sly & The Family Stone** just finished their two week stint at the **Sahara** in Las Vegas and went over well enough to get the management to sign them for a series of future appearances.

Singer **Minnie Riperton,** exciting new Epic Records artist whose recent debut at the Troubadour brought her critical acclaim, has been set by producer **Doug Weston** to share the bill headlined by comedian **George Carlin** at the Dorothy Chandler Pavilion Nov. 6. The Chicago-born songstress, whose five-octave range at times gives her voice the spine-tingling quality of a fine stringed instrument, is currently high on the record charts with her first Epic LP, "Perfect Angel," for which she wrote seven of the nine tunes. Tickets for the one-night-only concert by Carlin and Riperton are available at the Pavilion box office and all Mutual, Liberty and Wallich's Music City ticket agencies, and through Ticketron. . . . After a west coast tour which featured 4 days at the Whisky-A-Go-Go, Kama Sutra recording artists **Ian Lloyd & Stories** are taking a hiatus to continue recording activities. The latest single by the group is "Another Love."

It has been finally officially confirmed that **Jethro Tull** group will return to the British concert circuit in November, with **Chrysalis** already having pencilled in several dates in the United Kingdom.

In one of the more interesting cultural team-ups on the pop scene this year, **Bo Donaldson & The Heywoods** were joined by Capitol recording artists **Blue Swede** at the first annual **Magic Mountain Grand Prix.** which was held two weeks ago. As significant as the race or the ensuing concerts were the rap sessions the groups held with one another. The ABC/Dunhill stars, the Heywoods, had a lot of questions to ask Blue Swede and found themselves answering an equal number of queries about the American way of life and cheeseburgers and all those groovy things. **Richard Perry** was at the screening of **George C. Scott's** new film last Tues. (8) and announced afterward that he would deliver a seminar for record producers at the **Sherwood Oaks Experimental College** (date yet to be named).

EAST COASTINGS — It was nice to say hi to **Stacia** from **Hawkwind** who dropped by the New York **Cash Box** offices last week — the group will be starting an international tour with New York, Los Angeles and Missouri on the group's itinerary . . . A&M Records threw a splendid party for Dark Horse Records for the debut of **Splinter** and **Ravi Shankar** — the fete took place at **Gaylords** and a splendid time was enjoyed by all . . . **Procol Harum** is currently in England working on its followup to "Exotic Birds And Fruit" on the Chrysalis label, and a major record producer will be named shortly — **The Harum** have been asked back to the city of Edmonton where they recorded their famous live album with the **Edmonton Symphony Orchestra** — as of yet no decision has been made as to whether or not the concert will be performed . . . Celebrated lyric writer **Shel Silverstein** who penned such ditties as "A Boy Named Sue" and "On The Cover Of The Rolling Stone" has finally come up with one appropriately entitled "Everybody's Making It Big For Me" . . . **Miles Davis** has added **Sonny Fortune** on flute and sax to the group . . . Supergroup **Chicago** has statistically shattered **Elton John's** 1973 figure of $102,759 by grossing $129,200 in Des Moines, Iowa at the Iowa State Fair. 24,717 people attended the event which sets a record as the largest crowd to see a state fair performance anywhere ever!! — quite a record wouldn't you say? . . . **New Riders Of The Purple Sage's** steel guitarist **Buddy Cage,** will appear on **Dylan's** new album which is bizarrely titled "Blood On The Tracks" . . . **Liza Minnelli** is currently making a non-musical film for 20th Century Fox film corporation called "Lucky Lady' to be directed by her father **Vincente Minnelli** . . . **Stanley Clark** who is **Chick Corea's** bassist will be making a solo Atlantic LP — he plays on "Aspirations" from the new **Santana** LP entitled "Borboletta" which means butterfly — the new LP which has been released this week is a return to the early Santana sound which made them so popular . . . **Sandy Pearlman** and **Murray The K** have a new group called **The Dictators** who have been signed to Epic. They are currently recording their first LP called "The Dictators Go Girl Crazy" . . . **Johnny Winter** plays lead guitar on **Jeremy Steig's** new LP and is working on his own album, for which **John Lennon** wrote the cut "Rock And Roll People" . . . **The New Riders Of The Purple Sage** LP entitled "Brujo" will be released shortly. It was produced by **Ed Freeman** and "Crooked Judge" was written by **Bob Hunter** of **Grateful Dead** fame. In Spanish Bruja means witch so a brujo is a male sorcerer and guaranteed it will be a bewitching LP . . . and do not forget that the historic orchestra Luna sessions have been completed.

The **Hudson Brothers,** CBS-TV Saturday morning stars, have been signed to appear on **Hollywood Squares** again, also for a **Dinah Shore** program. The **Squares** show will air the week of Oct. 21, and then more segments will be taped on Nov. 3 and 11. Brothers **Mark, Brett** and **Bill** made Hollywood Square history by all appearing in one

box all at the same time . . . **Shawn Phillips** has set a major tour of the United States to coincide with the release of his sixth LP for A&M entitled "Furthermore." The tour begins Oct. 24 in Quebec City and includes a Nov. 1 date at NYC's Academy of Music and a Nov. 15 engagement at the Auditorium theatre in Chicago . . . **Chicago** and the **Doobie Brothers** put on a concert at the Midway Stadium in St. Paul, and drew the largest crowd ever for a single event. They grossed over a quarter of a million dollars for the concert . . . **Betty Wright's** one week engagement at the Scarlet O'Hara in the Atlanta underground spotlights the release of her new single "Shoorah! Shoorah!" on Alston Records . . . **Dick Shawn** who last week I said might be appearing at The Bottom Line is appearing presently at Max's, Kansas City, through Oct. 19. If you have not as yet caught this comedic genius and his free form comedy I suggest you check him out 'cause he is really something special . . . **The Rolling Stones,** who will be appearing on **Don Kirshner's** Rock Concert Oct. 19, will preview three cuts from their forthcoming "It's Only Rock 'N' Roll" album: "Time Waits For No One," their own interpretation of the **Temps'** "Ain't Too Proud To Beg," and their most recent single "It's Only Rock 'N' Roll (But I Like It)." In addition to these new songs, an extended excerpt from the Stones' feature film, "Ladies And Gentlemen, The Rolling Stones," will show them performing "Love In Vain," "All Down The Line," and "Bye Bye Johnnie."

The new **Jethro Tull** LP entitled "War Child" has been released by Chrysalis. It may prove to be **Tull's** strongest LP to date. Many strange effects and continuity of thought are told in Tull-like metaphors.

ROCK AND ROLL BIRTHDAYS — October (14) **Justin Hayward** of the Moody Blues, (15) **Barry McGuire** gettin' closer to The Eve Of Destruction, (19) **Gary Farr** and **Keith Reid** of Procol Harum, and (20) **Eddie Harris, Jay Siegel** of Cross Country and **Alan Cartwright** of Procol Harum.

A fine soulful double bill opened at the Uris Theatre when the **Temptations** and the **Staple Singers** played for a capacity house . . . It was great seeing **Terry Sylvester** when he dropped by for a picture and to say hello . . . The full time **Holly** also has a solo career and he came over to the States to promote his single "For The Peace Of All Mankind" and his Epic LP called **"Terry Sylvester."**

Arthur Lee dropped by this week — he has reformed a new **Love** group and it was interesting talking about the old days, especially the incredible "Forever Changes" LP which is one of the most sophisticated musical works that ever came out of the sixties.

Until next week . . .

Dave Mason: Still Alone But Very Together

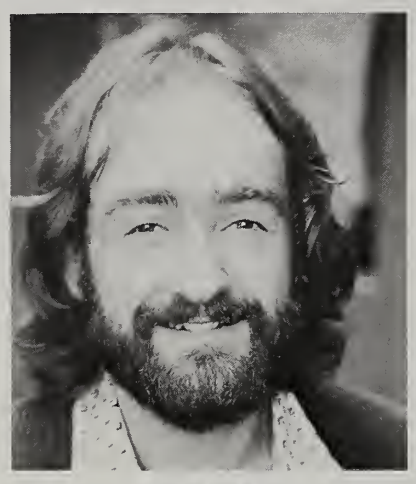
If there were ever any doubts about **Dave Mason's** stability during the various Blue Thumb contract squabbles it has been resolved in the past twelve months with the release of two fine albums from Columbia, "It's Like You Never Left" and his latest offering entitled simply "Dave Mason." Never a prolific songwriter, Dave Mason's reputation and career were damaged in the public's eye by the constant re-release of old material and his infrequent concert appearances. But in the past twelve months with the full and faithful backing of Columbia Records, Dave's music has maintained the high quality of old while surfacing on a more regular basis. A former member of **Traffic,** a **Delaney and Bonnie Friend** and a songwriter of reknown, Dave's solo career is now in full swing and he is bringing the message which the faithful have shared for four years (since the release of his monumental "Alone Together") to a much wider audience. Constantly touring, recording or writing, he is a man on the go, but now he fully is in control of where he is going.

"I'm very happy with the new album and with everything actually," Dave said recently over lunch. "It is a very good period in my life. My new manager has taken a great weight off my shoulders."

Sitting across from Dave a jolly, bearlike, bearded man, **Jason Cooper,** aka "the Moke," nodded his assent. Jason is managing Mason's upcoming tour which will take Dave across the country with his band, **The Melons.** "We're going to form a production company," Dave volunteered, "and they're going to do their own album. I'll produce it."

The Melons — **Mike Finnegan,** keyboards and backgorund vocals; **Bob Glaub,** bass; **Rick Jaeger,** drums; and **Jim Krieger,** guitars and background vocals — provide the solid support which helps make the new LP so tasty. They also are scheduled to play the opening set on the upcoming tour. "One of the songs on the album, 'It Can't Make Any Difference,' was written by Mike," Dave revealed. "I'd like to do a live double album with this band. They are *so* good."

The material, including five brand new Mason tunes and an easy, country tinged arrangement of "Every Woman" (which first made an acoustical appearance on "It's Like You Never Left") features Dave's interpretations of **Dylan's** "All Along the Watchtower" and **Sam Cooke's** "Bring It On Home To Me." Dave provided some of the studio fireworks on the **Jimi Hendrix** version of "Watchtower" and on **"Dave Mason"** flashes through an equally compelling version. His *homage* to Mr. Cooke could easily be the album's single choice with its easy, gospel inspired opening and irresistibly rowdy bar room finale. Dave is pleased with the results. "I haven't usually done other



Dave Mason

people's material, but they turned out very well and I may just do some more next time."

Also added to the Mason sound is some new instrumentation that hasn't found a place in past efforts. "I used a pedal steel guitar on a tune, used some horns, **Tim Weisberg** takes a great flute solo on a song and there are strings in a couple of places." Dave nods his head, satisfied and proud at the same time. "Different textures than some of my past albums," he smiles and shrugs, "and I'm happy about that too!"

Are there any personal choices for a single?

"Well, we really haven't decided yet. We're waiting for some reaction first before making a final decision. I still hear it as an album and a few of the things are a bit lengthy. Like 'Show Me Some Affection' is over four minutes and they may consider that a little long." He scratches his bearded face and squints as if to qualify what he just said. "But Eric Clapton's 'I Shot the Sheriff' is long and it's a monster single, so who really knows!"

Right now there is another album in mind that Dave would like to have ready by February. "I don't have all the songs yet, but I expect to very shortly." This would be the third studio album in 18 months from the man who managed to release just three new *sides* in nearly four years with Blue Thumb. Like everything else, it is a sign of Mason's healthy attitude and unbounded enthusiasm.

"We just did a 'Don Kirshner Rock Concert' that went very well. It won't be shown

Tommy James — Livin' In Crimson & Clover

In many respects, **Tommy James** can be considered "the grand old man" of pop singles music. He recorded his first hit, "Hanky Panky," in 1961 at the age of 13. Since that time, he has received 14 gold singles and 2 gold albums in a career that spans some 14 years. Yet **James** has garnered more than just commercial recognition. His early sound, somewhat disaffectionately known as "bubblegum" music, set a style for pop artists that remained de rigueur until he himself recognized its limitations and sought a new creative breakthrough. Most importantly, **James'** many years of experience as an artist, producer, promoter, and businessman make him extremely qualified to analyze the industry's development and suggest possible venues for expansion.

During the interview, **James** repeatedly referred to his first record as "manna from heaven" and as "a gift on a silver platter." "Hanky Panky" was recorded as a favor to a local dj in his home town of Niles, Michigan. Though **James** quickly forgot about the song, station KDKA in Pittsburgh did not. In 1966, they rescued the disc from the station's vinyl graveyard. 80,000 bootlegged copies were sold in ten days. Roulette bought the master and the record hit #1 in four weeks. James smiled and recalled that, "In 1965, I was doing college gigs. I was working in Chicago with horns and brass. I went home one week and the phone rang. A dude from Pittsburgh said that the tune was number 1 in the area. I said, 'You're kidding!' The original band was scattered over the face of the earth, so I formed a new group and was catapulted into New York. It was frightening coming here, believe me. I had a lot of catching up to do and I had to compete with people who had been in the business for years. On top of that, I had my first success just handed to me — no work involved at all. I wasn't sure I could still cut it."

In the beginning **James'** predominant goals were to "learn the music business . . . publishing, copyrights and writing." His songs, straight four-bar rock, came to epitomize Top 40 commercial music, structured around a redundant bass line and simple lyrics. "Yeah," **James** said, "bubblegum music. The tag got stuck on it because it was lighter than other rock. Hey, that sound, which I guess I unconsciously helped to create, was made during the war, when nobody was dancing. People resented the fact that I tried to counteract the depression. It was one sound, it was great, but we were supposed to move on from there." Unfortunately, record artists and promoters took advantage because they saw a market for the sound. The style was overexploited and degenerated into a mindless muddle of simplicity, insulting to both artist and audience. Yet, for a time, bubblegum almost exclusively monopolized the singles

Tommy James

market. Only the **Beatles, Stones,** and other more financially secure and more creatively inspired groups could cut records of an increasingly intelligent and musically imposing variety.

James, in fact, was type-cast as a performer of Top 40 rock. After "Mony, Mony" reached the top of the British charts (1969), **George Harrison** wrote a collection of follow-up songs. James, however, did not like any of them. "Nobody," he said, "knows me better than I do. And anyway, 'Mony, Mony' itself was a follow-up! I decided I had to pause and reflect upon where I was and where I was going."

James took advantage of the creative genesis inspired by "Sgt. Pepper" and Woodstock. His new music emphasized modern production techniques and a lyric that conveyed a message and created a mood. Both "Crystal Blue Persuasion" and "Crimson & Clover" are painted pictures that signify a feeling, that become, as **James** said, "living, breathing entities." His artistic development and subsequent commercial success — he won five gold records in 1969 — helped make it possible for new artists to create singles combining a relevant lyric and innovative electronic technique. He remarked that "Nine different people should have nine different interpretations of my music. It's the total sound of a record that people listen to. I'm glad my own musical growth allowed some new talent to enter the business."

At Roulette, **James** was a self-proclaimed "on-the-job trainee. I had to write 'em, produce 'em and play 'em. In some cases, in fact, I even had to promote 'em." Now at MCA, **James'** multi-faceted knowledge of the music business has made him acutely aware of the industry's problems. "The business is stagnating," James argued. "Let's face it, with the tremendous volume of product released each week, how many will make it to the Top 10? We don't have the money to go about tinkering in the studio looking for a new sound anymore. There isn't any cornucopia of funds today." He insisted that artists must become increasingly aware of the subtleties on all levels of the industry, from production and recording, to distribution and marketing. "The music business as I knew it has changed. These times will separate the men from the boys."

James' present MCA release, "Glory, Glory," is a fine blend of instrumental backing and inspirational vocalization. He rejects claims that the singles market is inconsequential. "There's nothing more interesting than having a hit album," **James** mused. "On the other hand, there's nothing more exciting than a hit single that blows you out of your chair." **James** is undoubtedly correct in suggesting the industry's current economic downturn will force each artist to determine his position within the entire structure. As he says, "It's a business now more than a fantasy." There is no uncertainty that "the elder statesman" of pop music will continue to succeed.

THE WAITING IS OVER...

JETHRO TULL HAVE GIVEN BIRTH

THE NEW JETHRO TULL ALBUM "WARCHILD" CHR 1067 IS NOW AVAILABLE

ON Chrysalis RECORDS AND TAPES

Fleetwood Mac
Triumvirate

ACADEMY OF MUSIC, N.Y. — Fleetwood Mac, now that they are legally the rightful owners of their own name are back on the road with a new album ("Heroes Are Hard To Find") and a renewed enthusiasm. Through numerous personnel changes, the Reprise group has shed their original image steeped in the British blues tradition in favor of a more lightweight blend of styles which touches upon jazz and folk in addition to more mainstream rock strains.

With Californian Bob Welch, the group is led by a pliable front man/lead guitarist who is just beginning to make some significant songwriting contributions along the lines of "Sentimental Lady" from the "Bare Trees" album. His haunting "Bermuda Triangle" from the new album was one of the band's best live excursions while Christine McVie, who shared the vocal honors with Welch, followed with a sinewy version of Etta James' "I'd Rather Go Blind," accompanying herself on keyboards.

Though only drummer Mick Fleetwood and bassist John McVie remain from the original 1967 lineup, the group managed faithful reproductions of some of their more vintage material: "Green Manalishi," "Rattlesnake Shake," and "Oh Well" before leaving the audience with a spirited "Black Magic Woman."

Triumvirate, a keyboard dominated trio from Germany currently on their first American tour, exhibited exceptional instrumental prowess. In performing material from their debut Harvest album, "Illusions On A Double Dimple," the group blended patterns of classical and rock into a melodic tapestry of sound. Hans Jurgen Fritz, who sits behind a battery of keyboard instruments, mixes the pastels and supplies the thrust while bassist Helmut Kollen delivers the lyrics with rich forceful tones. The highlight of the set was a selection from the "Double Dimple Suite" titled "Dimplicity" where the group tied the dominate themes of the piece together into an appealing brew.

Martha Reeves
Franklin Ajaye

THE BOTTOM LINE, NEW YORK — Martha Reeves has come a long way since her days with the Vandellas. Her voice has matured and mellowed and her repetoire now includes such country hits as Hoyt Axton's "Sweet Misery," and Carole King's "Dixie Highway." The new material is skillfully interpreted by Reeves. Her voice has become a silken and sensuous powerhouse of soul. The band, an eight-piece combo, provided both technical proficiency and an empathetic feeling for MCA artists style. Their rendition of Van Morrison's "Wild Nights," was a skillful integration of improvisational funk with an up-time, R&B vocal reminiscent of Reeves' "Dancin' In The Street." In the intimate atmosphere of a small club like the Bottom Line, the multi-textured resonance of her voice can best be appreciated. Reeves' return to New York was a successful prelude to many future hits.

Franklin Ajaye, A&M comedian, opened the bill. Ajaye's topical discussion of colleges, race, sexual relationships, and drugs was warmly received. Though his timing was sometimes off, Ajaye's material was a refreshing relief from much of the bland material currently heard on the club circuit.

Elton John
Kiki Dee Band

THE FORUM — Despite occasional sound and equipment problems and sporadic violence involving security guards and over-zealous fans, the Elton John show at the Forum went off just as expected — beautifully. Playing on an art deco stage with the names of each member of the band including the Muscle Shoals Horn Section flashing in neon behind and in front of them, Elton was his usual sartorial self, resplendent in a Merlinesque cape and hat and blue jumpsuit with sequins.

Davey Johnstone, Nigel Olsson, Dee Murray, new member Ray Cooper and the horn section from Alabama aided Elton ably through such tunes as "Take Me To The Pilot," "Burn Down The Mission" (from the old days), "All The Young Girls Love Alice," "Grey Seal," "Daniel," "Saturday Night's All Right For Fighting," "Bennie and the Jets," "Goodbye Yellow Brick Road" and an encore of his latest single "The Bitch Is Back." The packed house was completely enthralled by the MCA artist's performance and applauded each tune even after hearing only the first notes.

Elton's stage presentation combined with his hit tunes has established him as one of the heaviest stars on the pop scene, but his performance never reveals the real excitement he feels at being the object of such mass adulation. In short, he's a cool, detached pro, even when he's screaming and rocking. A thorough showman, like a well traveled comic, never visibly gets carried away with his own performance and Elton's demeanor fit this description to a tee. At any rate, the furor caused by Elton's assault of the U.S. has caused promoters to schedule extra concerts and beg the English pop star to consent to yet more personal appearances on this tour. How long he can maintain his strength and keep from being bored remains to be seen, but one thing is certain, if record fans had their way, they'd keep Elton John working here in the U.S. 365 days a year.

Opening for Elton John was the vastly improved Kiki Dee and band who played professionally and well through a forty-five minute set during which she stayed away from the material on her "Loving and Free" Rocket LP to devote time to presenting her new and more pop oriented act. Kiki's vocals were persuasive and she seemed looser and more relaxed than on her last tour of the States. Obviously working with the "Godfather" of Rocket, Elton John, has added to Kiki's confidence and it showed throughout her set. When her next LP is released, be prepared for a brand new Kiki Dee.

Dennis Tracy

TROUBADOUR, HOLLYWOOD — A star was born recently at the Troubadour as Dennis Tracy made his debut to a very excited and enthusiastic audience.

This young 20th Records star to be recorded live his first album, which will be released in a few weeks. Dennis Tracy was dressed as the showman he is, in tails and top hat, white gloves with cane, as he sang and did a bit of soft shoe to the rhythms of Lee Sklar, bass; Garry Mallaber, drums; Art Munson, guitar; Norman Dursan, piano (who also produced the new album); and a horn section consisting of George Bohanin, Oscar Brasher, and Ernie Watts.

Roger McGuinn
Becky Hobbs

THE TROUBADOUR — As soon as he stepped on stage and said hello to the opening night crowd, Roger McGuinn was in command. With an acoustical guitar slung over his shoulder and a harmonica holder around his neck he responded to the anxious and appreciative audience by delivering a warm and friendly set that embraced many of the varied styles he has explored in his long career.

"I'm So Restless," from his first solo album, and "Ballad of Easy Rider" were confidently delivered by McGuinn alone in the spotlight. Then he brought on his band for twelve electric numbers.

The four man band (Richard Bowden on guitar, David Lovelace on piano, Greg Attaway on drums and Steve Love on bass) backed McGuinn's nearly patented sound perfectly and made all the tunes, even the oldest ones, sound pure, clean and new.

"I Wasn't Born to Follow" opened the electric portion with lots of energy and good harmonies and it segued nicely into "Do What You Want To," the first of the five tunes introduced from McGuinn's new solo effort, "Peace On You." McGuinn, in excellent voice throughout the evening, brought the spirits to fever pitch with this tune that suggested everyone should "Do what you want to do . . . say what you want to say." With this in mind and "Lover of the Bayou" pounding through the air the concert changed into a party.

"Old Blue" from the Byrds' country days was given a new arrangement and a new life and set up "Same Old Sound" from the new LP. The song consciously spoofs the jetport swoosh that is to many fans what the Byrds' sound was all about. McGuinn modestly attributed it to the unique electronics of a Rickenbacker twelve string. "Chestnut Mare," "Mr. Spaceman" and "You Ain't Going Nowhere" were also given fresh renditions.

"Better Change," a new Dan Fogelberg song, and two McGuinn originals, "Gate of Horn" and "The Lady" were also premiered. But for the closer McGuinn saved "So You Want to Be a Rock 'N' Roll Star?" and let it rip through the gratefully raucous crowd.

For an encore McGuinn capped the evening by bringing David Crosby and Gene Clark, both original Byrdies, from the audience and leading them through the quintessential Byrd song, "Eight Miles High." Roger employed a special guitar for the finale which lit up in different colors in time with the music and which added just the right touch of magic to the proceedings.

The set proved that after many incarnations of the Byrds and two solo albums of his own Roger McGuinn still has plenty of good music left in him.

Opening the evening for McGuinn was Becky Hobbs, a young newcomer with an album on MCA Records called "Becky Hobbs." With a tinge of Joplin in her voice and a powerful delivery, Hobbs was best when she funked through some New Orleans based material and when she left the front of the stage for a whirl on piano. Highlights included her single, "I'm Your Audience."

Featured songs he wrote and sang included "Showbiz," which is also a current release of Helen Reddy, "In Love Like You And Me," "God Dang Billionaire," "Imagine Me With Leprocy" and "Cigar." "God Dang Billionaire" is a very clever song, and along with "Showbiz" could be a hit.

Mahavishnu Orchestra

AVERY FISHER HALL, NEW YORK — The Mahavishnu Orchestra's vital transformation has rekindled the group's creative genius and has redirected its esthetic focus. Although the music is clearly McLaughlin's, Jean-Luc Ponty on violin, Ralph Armstrong on bass and Michael Walden on drums have both the technical proficiency and creative instinct necessary to play off McLaughlin's fire-laden leads and to force the leader into a secondary harmonic role, in which the talents of the other musicians can best be developed.

The Orchestra was backed by 2 violins, a viola, a cello, a keyboard, reeds, and a percussion section. The sound was tight and rhythmic; many of the musicians, in fact, used charts. Within this pulsating cadence, the various leads were counterpointed. McLaughlin and Ponty worked especially well together. Ponty posed musical questions phrased in a minor key, and McLaughlin replied with an assertion of guitar mastery and contemplative comfort reconciling Ponty's paradigmatic queries. Ponty has been a major jazz and classical performer for many years. His broad interests have spanned the medium of the symphony and the string quartet. Additionally, he has cut an album of Frank Zappa's music. Ponty is able to bring out the best in McLaughlin's artistry, thereby eliminating the musical restraints McLaughlin faced with the old Orchestra. His musical capacities transcend the inertia of accompaniment upon which McLaughlin had worked out his improvisational leads in the past. Ponty wields his bow like a conductor's baton, producing a multi-textured repertoire of notes and instrumental sounds from his three violins. Many of the pieces were in sonata form, in which he and McLaughlin announced the main themes. The allegro was followed by rhythmic chords and probing changes of the motif. Ponty and McLaughlin removed the doubts and peripatetic meanderings of the initial movements in a final affirmation of the main theme and the composition's signification. In perhaps the prototypical Mahavishnu piece, "Dance of the Maya," the aforementioned interaction between McLaughlin and Ponty was most clear. The counterpointed harmony was backed by the keyboard and violins in sustained chords, leaving a final aura of relaxed certitude and well-being.

Perhaps the most interesting moment of the set was Ralph Armstrong's journey through the possibilities of the bass as the melodic center of a large group. Armstrong, on fretless bass, literally danced across the fingerboard. Bending notes like the Mahavishnu himself, he moved from the group's normal 13th and 11th time to straight four-bar jazz. The texture of his performance was rough and sensuous at times, yet it also took on the purity and frailty of fine china.

Walden's solo during "Smile & Beyond" epitomized the musical cohesion and co-ordination of the New Orchestra. His throbbing beat almost took on the quality of the muscial chord arranged in space rather than in time. The sound endured like an architectural wonder, rather than evanescing like a wisp of time.

The Mahavishnu Orchestra has transcended the stagnation and confused misdirection of its past concerts. The transformation of the band has opened new possibilities for the group. Their concert and their recent Columbia release "Apocalypse" suggest that further musical innovation will be forthcoming.

WSM's 49th Grand Ole Opry Celebration Is On

NASHVILLE — When the National Life and Accident Insurance Co. chose its trade mark and named its fledgling radio station WSM — "We Shield the Millions" — it created one of the greatest marriages, or tools, for opening doors. And, when it created the Grand Ole Opry, it created a showcase for country artists that no pop artist enjoys. Maintaining the flag waving purity of country music, WSM has always held to the image of "family" as a barometer: as long as people come to the Opry, country music is in good shape.

WSM's Grand Ole Opry Celebration and disk jockey convention is likely the largest country music celebration in the world, and surely the only one of its kind. A fast-paced, well planned event which attracts more than 6,000 official delegates to Nashville, WSM's Grand Ole Opry has been a phenomenon since its beginning in 1925. This show is the most unbelievable and enduring radio program anywhere.

From all over the world, representatives employed in the production, promotion, or distribution of country music, as well as the industry's greatest stars and other celebrities, attend the birthday festivities which are designed for the enjoyment of the artists, deejays and guests.

Now in its 49th year, clear-channel, 50,000 watt WSM, for the 24th time, has opened wide the doors of hospitality and set the stage for four days of frantic, exhilarated activities. Exactly 24 years ago the first deejay convention was held in Nashville, a simple way to say "thank you" to the disk jockies, to provide a time for those who loved and worked with country music to come together for the exchange of thoughts and relaxation (with batteries recharged thru this close association), returning to their home towns and stations with added zeal for exposing and promoting country music.

Immediate Recognition

Almost immediately, the artists realized tremendous opportunities afforded: the celebration was a perfect vehicle to showcase their talents and abilities for those who are the mainspring of the music industry — the disk jockies. Then, quickly realizing the vast importance of promotional possibilities, the record labels were soon vying with each other for space and time to offer hospitality and showcase their artists. Each year's convention has become larger than the one preceding, until today, the actual opening of the formal festivities is preceded by several weeks of allied entertainment and activity (activity that has reached such proportions that the disk jockey is becoming more and more lost in the crowd).

A Talent Magnet

WSM's Grand Ole Opry is now recognized as a magnet for talent and as a valuable asset to Nashville. Today, the Nashville area Chamber of Commerce proclaims the fact that the city's music industry, an offshoot of the Opry, is a $200 million a year business.

The Opry itself brings an estimated 600,000 visitors to Nashville annually, and, it is estimated that the average visitor travels approximately 450 miles (one way) to attend. It has been estimated that an additional 7 to 8 million fans see Opry stars perform in home towns across the nation and the stars journey 3 million miles a year in making these appearances.

Opry Trust Fund

The Opry Trust Fund has distributed $300,000 to needy families and individuals throughout the United States. The Trust Fund incorporated in September of 1965, is financed from the $10 contributions from registration fees to each year's Grand Ole Opry celebration. In addition to the $10 of the full $25 registration fee channeled to the fund, $5 goes to a special anti-piracy fund administered by the Country Music Association and the remaining $10 helps defray a portion of the expenses incurred by the participating firms.

CHARLIE RICH
Top Male Vocalist — Singles
Top Male Vocalist — Albums

Born in a tiny village, called Colt, Arkansas, Charlie Rich grew up in the same region as Johnny Cash, Elvis Presley, and Carl Perkins. And he followed almost the same course of destiny. The trail led to a little back street sound studio that owner Sam Phillips discovered and recorded the first several million records sold by Cash, Presley, Perkins and a Louisiana bayou country wild man named Jerry Lee Lewis.

While in the service Charlie had put together a group called the Velvetones whose music was basically rhythm and blues, which was at that time the dominating sound of the top 40, and the group was good enough to get their own TV show. But Charlie, who is a polished stylist in both his singing and piano playing, is one of those people that cannot be confined to one category. He has a lot of Blues going in his music, yet he is at home with country style songs like "Sittin' And A Thinkin'."

Charlie hasn't spent any time puzzling over a label to hang on his music. His theory is to play and sing the music that seems to make his audience the happiest. It has kept Charlie in the record charts regularly and on road show tours constantly for the past 20 years.

The biggest winner at the seventh annual CMA Awards Show in Nashville in 1973, Charlie has received Gold records for his hit singles "Behind Closed Doors," "I Take It On Home," "Nice 'N' Easy," "A Very Special Love Song," "The Most Beautiful Girl," "I Love My Friend" "July 12th, 1939," and "Life's Little Ups and Downs." Charlie's albums, which have received equal acceptance, include "Behind Closed Doors," "Very Special Love Songs," "Benji," "The Best Of Charlie Rich" and "Boss Man."

The Rich fan club is led by a giant share of today's recording stars and producers and such heavyweights as Billy Sherrill, Charlie's producer on Epic Records.

TANYA TUCKER
Top Female Vocalist (Tied) — Singles

Tied as Top Female Vocalist in the Cash Box 1974 poll, Tanya Tucker became a teenager and a recording star all in the same year. She was only 13 years old when she recorded her tremendous nationwide hit "Delta Dawn," for Columbia Records so she is anything but superstitious about the number 13.

Tanya, the youngest of three children, was born in the little west Texas town of Seminole and the roads of Texas, Arizona, Utah and Nevada are familiar roads because of the many moves which were made necessary because of the nature of her father's work.

Tanya started taking saxaphone lessons when she was six years old but she has never had any vocal training. Her hit songs include "Jamestown Ferry," "What's Your Mama's Name Child," "Blood Red and Going Down," to her current "Would You Lay With Me."

Tanya Tucker is a magnificent natural talent. Music industry insiders and the public agree on that. This charming little blonde, only five-foot-two is totally unspoiled by her instant success.

But her world is spinning faster, with each day filled with personal appearances (an average of 20 per month), studying, composing songs and relaxing with her horse, "Delta Dawn."

LORETTA LYNN
Top Female Vocalist — Albums

Loretta Lynn, major award winner of 1972, is the first female artist to win the Country Music Association Entertainer of the Year Award. Today, in addition to being awarded the Female Album Vocalist of the Year by Cash Box, she is also winner of the Vocal Album Duo with Conway Twitty, her duet partner at MCA.

Some of her other interests include the Loretta Lynn Rodeo which plays across the country each year, and the Loretta Lynn Western stores that span the country.

One of country music's highest paid artists, in constant demand touring the United States and Europe with her group, "The Coalminers," Loretta finds time for her many services to her fellow man.

Currently Loretta presides over Hurricane Mills, Tennessee, her home. The only difference between a regular homeowner and Mrs. Lynn is that she owns the whole town, 1450 acres complete with post office and general store.

Recording, writing, or appearing on television's top talk and variety shows, Loretta, the five-foot-two inch coalminers daughter from Butcher Hollow, Kentucky brings to the music industry the honesty, sincerity and trueness of heart that is the core of country music itself.

Some of Loretta's top MCA albums are "Greatest Hits Volume II," "Love Is The Foundation," "Entertainer Of The Year," "One's On The Way," "Blue Kentucky Girl," "Don't Come Home A 'Drinkin'," "You Ain't Women Enough," "Coal Miners Daughter," and her current "They Don't Make 'Em Like My Daddy Anymore."

THE STATLER BROTHERS
Top Vocal Group — Singles
Top Vocal Group — Albums

Winning the Cash Box Top Vocal Group poll for the fourth time, the Statler Brothers are four young men from Virginia who are neither Statlers or Brothers. The group consists of Harold Reid and Don Reid (the only two brothers), Lew DeWitt and Phil Balsey.

Their professional career began in 1964, when they were discovered by Johnny Cash and joined his road band. Recording dates, personal appearance tours, TV regulars and guest spots, and movie appearances keep the boys busy.

With "Flowers On The Wall" the group first gained national acclaim, followed by such hits as "Bed Of Roses," "Whatever Happened To Randolph Scott," "Thank You World" "Class Of '57," "Do You Remember These" and "Carry Me Back."

Today with their Mercury Records hit of "Susan When She Tried," the Statlers' will be around as long as people appreciate music, comedy and honest talent.

RED, WHITE AND BLUE (GRASS)
New Vocal Group — Singles

Winner of the Cash Box "New Vocal Group" poll for 1974, Red, White and Blue (Grass) record for the GRC label.

The members of the (grass) include Grant Boatwright on lead guitar. Ginger Boatwright, lead female vocal, Dave Sebolt on bass, Dale Whitcomb on five-string banjo and fiddle, and Norman Blake on mandolin and dobro. The group joined the GRC talent roster in January 1973. According to lead guitarist Grant Boatwright, "We play a "newgrass" style of music. It's what you could describe as a more youthful approach to bluegrass but using the same traditional instruments."

The group was formed in Birmingham in 1969 and after playing at various shows around the Alabama area, they performed in the Chicago area before going on the campus concert circuit.

Their first album on GRC titled "Red, White and Blue (Grass)" was an immediate success and contained their hit single "Julu, You're A Woman," and a lot of other "goodies," which indicate they are well on their way. Their current GRC album is "Pickin' Up."

JERRY CLOWER
Top Comedy Performer — Albums

Jerry Clower is the Mississippi fertilizer salesman who made good with his particular brand of humor. The MCA Records artist is a super-seller on or off-stage. His zany tales of real-life experiences as a Mississippi youth in Amite County have established him as one of America's best-selling recording artists (last LP sold over 3,000,000 and knee-slapping speaker/lecturers over 275 engagements in '71). This 275-pound ex-Mississippi state football player and noted lay minister rates encores and rave reviews on package shows or platform appearances wherever he goes. The stories Jerry Clower tells have really happened, and the power behind the telling has sold millions of albums of Jerry and MCA Records. The first album to be produced was titled "Jerry Clower From Yazoo City, Mississippi Talkin'." Then his next album was "From The Mouth Of The Mississippi," followed by "Clower Power" with his current album being "Country Ham."

Jerry is a regular member of the Grand Ole Opry and has appeared on virtually all the syndicated and talk shows.

He was featured subject on Sports Illustrated, Southern Living, and People Magazines, also featured subject on the Walter Cronkite CBS News, Orange Blossom CBS-TV Special, and at the Orange Bowl Parade in Miami Florida. His current MCA single is "The New Bull."

DONNA FARGO
Top Female Vocalist (Tied) — Singles

Tied as Top Female Singles Vocalist in the Cast Box 1974 poll, Donna Fargo is a California transplant from North Carolina. It took her self-penned single "The Happiest Girl In The Whole USA" to break into a national hit and catapult her into a legend in the world of music. "Funny Face," also a million seller was followed by "Superman," "Little Girl Gone," "I'll Try a Little Bit Harder," "You Were Always There," "You Can't Be A Beacon (If Your Light Don't Shine)" and her current Dot Records single "U.S. of A."

Winner of virtually every honor that can come to an artist and writer, Donna is one of those universal artists that is not tied to any category. Recording for Dot Records, she consistantly holds her spot at top place in the world of entertainment.

WILMA BURGESS & BUD LOGAN
New Top Duo — Singles

For eight years Mary Reeves Davis thought Wilma Burgess and Bud Logan could be a great duet team. But both were signed to separate labels and it was impossible until "fate," or "whatever," brought them together on the Shannon label (owned by Jim Reeves Enterprises) and they recorded "Wake Me Into Love." The record, produced by Mary Reeves Davis and Bud Logan, immediately became a hot national chart climber.

Orlando, Florida born Wilma Burgess became part of the "Nashville Sound" after graduating from college. With Charlie Lamb's help and direction she signed with Decca (now MCA) Records and has such single hits as "Baby," "Misty Blue," "Don't Touch Me," "Tear Time," plus a number of albums. Now on the Shannon label, her most recent single is "Love Is Here."

Harrisburg, Illinois born Bud Logan joined the Nashville scene with the help of the late Jim Reeves, and became the leader of the "Blue Boys" Jim Reeves band. After Jim's death the "Blue Boys" featuring Bud Logan became an act on the RCA label, and Bud also worked for the Jim Reeves Publishing Comp. He is also a writer for that company and has a song in the new Charlie Rich album. Bud & Wilma's last single for Shannon was "Today Will Be The First Day Of The Rest Of Our Love."

MEL TILLIS & SHERRY BRYCE
Top Duo — Singles

Winner of the Cash Box Top Duo Single Poll for 1974 is the team of Mel Tillis and Sherry Bryce. For a guy who is such a brilliant songwriter, Mel Tillis is a fantastically good singer. And, he is unquestionably the funniest man in country music who does not work full time at being a comedian. Mel Tillis can be summed up by saying that he is a showman's showman; other country music stars love him.

He has written 475 songs that have been recorded; they won him 23 BMI citations (mostly for writing but in some cases for his recordings), and he owns a Grammy Award for writing "Detroit City."

Today Mel is one of the busiest entertainers around. At the root of his activities are more than 200 personal appearances throughout the country each year, joined by his band The Statesiders. Branching out into production Mel now also directs the recording of MGM artists Sherry Bryce and Jerry House. Add to that regular guest appearances on virtually every TV variety and talk show, and a raft of syndicated country series and specials, and he now has his own syndicated show.

As recently as December 1969, Sherry Bryce was an unknown. Today she is a frequent performer on the Mel Tillis Show and has no less than four chart records to her credit, all of them duets with the multi-talented Mr. Tillis. The duo's MGM hits include "Take My Hand," "Living and Learning," "Anything's Better Than Nothing," and "Let's Go All The Way." Their albums are "Take My Hand," and "Let's Go All The Way Tonight."

Born into a country music loving family in Alabama, Sherry has entertained since the age of 5 years, and writing since she was ten. In 1969 she was asked to sing on the same show as Mel Tillis. Then it wasn't long before she became a writer for Mel's Sawgrass Music Company and later a duet artist with him on the MGM label.

When Country music lands on the moon, we'll be there.

Someday, the world of Country music may reach beyond our planet. You'll be pickin' and singin' in the craters, looking back at Mother Earth and Nashville, Tennessee.

At BMI we've always envisioned a majestic future for Country music. Because we've been totally involved and impressed by its past.

In 1940, when Broadcast Music Incorporated was founded, we saw that our country's native music was ridiculed or ignored by the establishment. We began our fight, opening up our first Nashville office in a garage.

We made it our job to see that all Country writers and publishers had a way to collect royalties and protect the performance rights on their songs.

Today we are the world's largest performing rights organization, and have earned our place on Music Row.

In thirty four years, Country music and BMI have come a long way. But there are lightyears left to go.

Capitol Makes Major Efforts To Expand C&W Operations: Moving To Nashville Big Step

HOLLYWOOD — With the announcement by Frank Jones, vice president of C&W, Capitol Records, that the country division of the label was relocating its offices from the Capitol Tower in Hollywood to Music Row in Nashville, Capitol Records has given notice that it's going to make a major effort to expand its Nashville operations. In conjunction with the move to Nashville, Bill Williams has been named national country sales and promotion manager and will be based in Nashville. Don Ovens becomes director, country marketing services, and will be based in the Capitol Tower. Commenting on the move, Jones said:

"We know that we already have the best country talent that the West Coast has to offer in the organizations of Buck Owens and Merle Haggard and our other super artists, and now we want to further develop our Nashville acts. And we have some great ones."

Three new female artists from Nashville who have signed with Capitol Records this past year are LaCosta, Arleen Hardin, and Connie Cato, and although none are from Nashville per se they are definitely part of Capitol's future in "Music City."

LaCosta is Tanya Tucker's older sister. LaCosta's first two single releases, "I Wanta Get To You" and "Get On My Love Train," were followed by her just released first album, "Get On My Love Train."

Arleen Hardin comes to Capitol Records via the Hardin Trio, a family unit featuring Arleen and her brother and sister. Finding the trio more confining than she planned, Arleen decided to go solo. She scored with three hits before signing with Capitol, and the company looks forward to continuing those earlier successes.

The title of Connie Cato's initial Capitol album is Super Connie Cato. It features Connie's first two country hits, "Superskirt" and "Super Kitten," in addition to her latest entry in the country singles chart, "Lincoln Autry."

The Capitol talent roster of country artists working out of Nashville also features such artists as Red Steagall and Roy Drusky, both with new albums being rushed to markets, and Michael Twitty, Conway Twitty's son.

Opryland Records, distributed by Capitol Records, is located in Nashville, and the roster for the new label includes Judy Bryte, Lola Jean Dillon, bluegrass pickers Jim & Jesse, J. David Sloane and J. Lee Webb. Opryland is concentrating on single releases under the direction of Jimmy Bowen, and hopes to provide a home for talented newcomers to do their kind of music.

For the West Coast contingency of Capitol Country Music, the highlight of the year was Merle Haggard garnering the cover of Time Magazine, and the article explaining to the rest of the nation that ". . . tough, honest, 'hurtin songs' from the heart helped Haggard, now 37, to live one of the classic success stories in the half century history of country music." Merle's single, "If We Make It Through December," sold in excess of 500,000 copies, and may yet outsell his all-time best seller, "Okie From Muskogee." In honor of Merle's success in this year, and previous years, Capitol designated September as Merle Haggard Month, which featured Merle's 30th album, "Merle Haggard & The Strangers Present His 30th Album."

The Buck Owens Organization has had another great year. Buck's songwriting and producing talents have put song after song on the charts, including his two big ones, "On The Cover Of The Music City News" and "(It's A) Monster's Holiday," which continued his string of consecutive hits. Susan Raye is still one of the country scene's best liked artists and she excites audiences wherever she appears. Buddy Alan, too, continues to grow in country stature as both a solo artist and a member of the Buck Owens All American Show. LaWanda Lindsey, the newest member of the Owens organization, has just released her first album on Capitol, "This Is LaWanda Lindsey," and she's been getting a good reception in her personal appearances all over the country. Freddie Hart hasn't slowed down the pace he set three years ago and he is enjoying it even more today. The hits keep coming out of the studio each time Freddie and his musicians get together, and by all indications, "Mr. Easy Loving" is going to get bigger. Dorsey Burnette and Brush Arbor also are about to release new albums following the success of their previous LP's. Dorsey was voted the Academy of Country Music's Most Promising Male Vocalist. Brush Arbor was voted the Best Vocal Group and Best Touring Band by the same organization. They are also one of the five finalists for CMA's Vocal Group Of The Year.

To celebrate his 25th anniversary in country music (and with Capitol Records all those years), Tennessee Ernie Ford and Capitol Records have put together two double albums featuring the best of Ernie's long and outstanding career. One album "Hymns — Gospel" is comprised of Ernie's best gospel efforts, including "The Old Rugged Cross." The second album, "Yesterday — Today" features many of Ernie's hits, including "Sixteen Tons" and "Mule Train."

"It's been an enormously successful year for us at Capitol," Jones concluded, "and with the wealth of new talent combined with the artists that are already established, there's no way that this year can't be even better than last year."

Avco's C&W Expansion

NASHVILLE — Avco Records' expansion into country music became effective barely three months ago. Until July, the company's basic concentration was in r&b and crossover material. In a well-planned effort to broaden its repertoire base, Avco, with home offices in New York, helmed by co-presidents Hugo & Luigi, veteran pop writers and producers, announced an expansion into country music with headquarters in Nashville. Their first step was to find experienced personnel that would give the new operation a solid country foundation. That search led to the appointment of George Richey, a 20 year veteran of the Country Music business, as vice president, Nashville Division of Avco Records. Richey in the past has enjoyed tremendous success, both as a writer and producer. Hugo & Luigi stated that as vice president of Nashville Division Richey would be totally responsible for all phases of the operation. "We have been planning this move into country music for some time, and the move centered around someone who could not only give our efforts the creative impetus needed, but a leader in the field who could supervise all phases of the division and act on an executive level. After months of discussions and intensive review of our options, we were fortunate in securing George Richey."

Richey's first efforts were devoted to securing a sales and promotion director for the division. Desiring to stay with an experienced person for this slot, Richey secured Frank Mull to head this phase of the operation. Mull had directed the country sales and promotion efforts at Mercury Records for the previous 3½ years during that label's biggest sales growth pattern. Prior to that, he had served as a regional country promotion manager at Capitol Records which followed 7½ years in radio. Richey and Muil's first efforts in developing Avco Records as a major force on the country music scene was the building of an artist roster.

Bill Phillips, whose hits include "Put It Off Until Tomorrow," "Little Boy Sad" and nine other top 10 records, was signed as the first artist to the label. His first release for Avco, "I've Loved You All Over The World," was released less than two weeks ago.

Richey next signed veteran songstress Patti Page to Avco. Ms. Page is produced by Richey and Norro Wilson. Her first release "I May Not Be Lovin' You" was written by Richey, Wilson and Billy Sherrill. It too was released less than 2 weeks ago.

Another avenue in adding to the roster was the acquisition of Mary Kay James from JMI Records. Avco acquired all of Mary Kay's masters from JMI including the previously released singles as well as unreleased masters. Her current release "It Amazes Me" was initially released on JMI but was re-released on Avco within 24 hours of the signing of the purchase agreements. "It Amazes Me" is climbing the charts of country stations, is selling well and is Avco's first country release in the national trade charts.

Avco has also retained Allen Reynolds to continue producing Mary Kay. Also on the roster and expecting her first release soon is Vicki Bird, an 18-year old girl from West Virginia. She was discovered by A-Q Talent's Quinnie Acuff, who is now her manager and brought Vicki to Avco. Vicki Bird is predicted by many music row veterans to become one of the brightest stars in country music. Avco's Country Music star, although just now coming into view on the horizon, is also expected to be one of the brightest in Country Music.

In summary, George Richey stated "Avco Records has made a full scale commitment to country music and Hugo & Luigi have given us the support and the autonomy to develop and diect that commitment and establish the company as an important part of the country music scene."

Playboy Country

HOLLYWOOD — Playboy Records arrived on the country scene in March of 1974 with the signing of Houston's favorite son, Mickey Gilley. Gilley, a popular nightclub owner and long-time performer on the local scene, had recorded the old George Morgan favorite, "Room Full of Roses" on a local label and it sold 3,000 singles in two days. Gilley sent a copy to Eddie Kilroy, independent promotion man and producer in Nashville, who promptly alerted Playboy Records. Gilley was signed and the single, not only became a number one record on the national country charts, but then crossed over and went to 50 on the pop music charts as well. Now the followup Gilley single, "I Overlooked An Orchid," is well on its way to the top of the charts too.

"We were most gratified by the acceptance in the country markets to Playboy's entry into country music," commented Tom Takayoshi, executive vice president and general manager of Playboy Records. "The immediate response to our product by the radio stations and juke box operators assured us that we had made the right move for Playboy."

The roster of artists, has since expanded with the addition of Barbi Benton, Chuck Price and Eddie Weaver. Barbi Benton, who is a regular member of the "Hee-Haw" television series, recently released her first single, "Welcome Stranger." She made her country debut at the famous Los Angeles Palomino Club and has been performing on a cross-country tour. Chuck Price, who has been singing "the Chuck Price style of music" throughout all the major southern cities, recently released his first Playboy single. It's "Slow Down" penned by Kris Kristofferson. Eddie Weaver is expected to soon release a followup to his debut single, "Good God Almighty." Although Mary McCaffrey was essentially considered to be a pop artist, she has been receiving good country response to her single "Happy Endings."

Most of the country product was produced in Nashville, because according to Don Shain, national director of A&R, the very atmosphere there contributes to the relaxed and natural flow of country music. Besides, as he commented, "Some of the world's best pickers are right there in Nashville."

Jack Hakim, recently appointed national director of promotion, and John Wellman, assistant director of national promotion, work very closely with Eddie Kilroy, who does independent promotion in Nashville, and all the distributors who handle Playboy's product. National sales manager, Joe Ruffino, credits the cooperation as a major contribution of the label's success in country music.

Playboy Records is looking forward to the continuing expansion of its roster of country talent. As Takayoshi summed it up, "We feel comfortable in country music. We realize that with our good product, the potential and possibilities for even greater success is there. People in country music are ready to accept it if it's good music."

Columbia Country: Record Sales in '74

NASHVILLE — Columbia Records, a leader in the country music industry, continued to develop and maintain the recording careers and record success of its roster in 1974. Over 75% of Columbia's country artists have reached the top of the national country charts. This year, 44% of all singles released placed in the national top ten.

The Columbia creative effort is spearheaded by vice president of A&R Billy Sherrill and vice president of Nashville operations Ron Bledsoe. Sherrill and Bledsoe provide the in-house production, with additional support from independent producers Ray Baker, Rick Hall, Bob Montgomery, George Richey, Glenn Sutton, and Norro Wilson.

Lynn Anderson, Tanya Tucker, Sonny James, Barbara Fairchild, Connie Smith, and Freddy Weller consistently provided top ten singles throughout the year, while Barbara Mandrell, Roger Miller, Mac Davis, Johnny Duncan, Johnny Tillotson, and Johnny Cash added more country hit singles to Columbia's successful singles campaign.

Columbia marketing abilities continued to gain record album sales figures in 1974. Lynn Anderson, Mac Davis, Barbara Fairchild, Sonny James, Barbara Mandrell, Roger Miller, Connie Smith, Freddy Weller, Tanya Tucker, and The Earl Scruggs Revue were major contributors to the huge album volume registered in the past twelve months.

The development of new talent continued to be a select and important step in maintaining the Columbia Records level of excellence. Three new acts, David Allan Coe, Vicky Fletcher, and Sandi Burnett have each established a variety of notoriety since joining the label. Coe, "The Mysterious Rhinestone Cowboy" drew heavy critical acclaim with his first album after writing Tanya Tucker's number one single, "Would You Lay With Me." "Touching Me, Touching You" gave Las Vegas star Vicky Fletcher immediate chart results. Sandi Burnett is currently creating international stardom for herself as the featured artist in the first country music tour to the Soviet Union and through several network television appearances. Billy Sherrill has also brought Don Potter, formerly of McGrath and Potter, to the Columbia label.

The versatility of Columbia's country sound has reached every phase of popular demand. Producer Billy Sherrill brought Columbia superstar Andy Williams to Nashville to record for the first time. The Oak Ridge Boys have added new dimension to gospel music, while The Carter Family and The Chuck Wagon Gang have continued to provide the best of the more traditional sounds.

The Columbia marketing effort has continued to expand with the addition of Joe Casey and Mike Gusler to the positions of country marketing manager. Casey is based in Columbia's Atlanta branch and Gusler is located at Columbia's Dallas branch. The two marketing specialists join national country promotion manager, Gene Ferguson, in a concentrated country marketing program.

Columbia Records' commitment to Nashville and to country music includes several areas of artist services. A complete graphics department provides personal attention to each artist's album cover design and visual promotion. The department is under the guidance of Bill Barnes and has been honored with numerous awards for excellence in album jacket design. This year Columbia became the first label to provide a complete in-house press and public information department under the direction of Dan Beck to maintain personal contact with the press throughout the nation and with the label's country roster.

Campbell Named UCR Lecturer

LOS ANGELES — Glen Campbell has been appointed a lecturer in the Department of Music and Theatre, Division of Fine Arts, of the University of California, Riverside for the new academic year by Chancellor Ivan Hinderaker.

Hinderaker made the announcement Oct. 7 during a press conference held at the Los Angeles Press Club. Campbell will lecture classes in practical aspects of the entertainment field, from his vantage as a major star working in all phases of the business.

At the same time, Campbell revealed that he will headline a special benefit concert to raise scholarship funds for students in the UCR department of music.

Campbell interrupted rehearsals for his headline stand at the Las Vegas Hilton to participate at the conference. He appears there through Mon., Oct. 28.

Campbell said his campus lectures will necessarily be fitted around his calendar, which currently includes return tours of Australia, Britain and the Far East, as well as concert and theatre appearances cross-country and the possibility of additional movies for television. He recently completed his first, an NBC TV World Premiere, "Strange Homecoming," due to air Oct. 29.

Most recently, Campbell has been in the studio with Jimmy Webb, composer of his early hits such as "Phoenix" and "Galveston," with the results of their efforts, an album titled "Reunion," due for release shortly.

Jean Dillon Joins Coal Miners Music

NASHVILLE — Bill Haynes, Manager of Coal Miners Music, Inc., today announced the signing of Lola Jean Dillon, formerly of Wilderness Music, Inc., as an exclusive writer. Haynes described the signing as a move to further expand the rapidly growing company.

Coal Miners Music, Inc. (BMI), White Line Music, Inc. (BMI), King Coal Music, Inc. (ASCAP) and Coal Dust Music, Inc. (SESAC), divisions of Loretta Lynn Enterprises, Inc., already house such writers as Bobby Hardin, Jimmy Peppers, William C. Hall, Kenny Starr, Zero Jones, Lorene Allen, Tracey Lee and Blake Mevis. Coal Miners has also published songs written by writers Carl Knight and Don Wayne.

In the short three year period that these publishing companies have been actively on the scene, they have had songs recorded by such artists as Loretta Lynn, Conway Twitty, Cal Smith, Nat Stuckey, Johnny Paycheck, Faron Young, Kenny Starr, Peggy Sue, Bobby G. Rice and Charlie Louvin. They have had two top five singles (one number one) and have Faron Young's next single release, "Another You".

ASCAP Surge

NASHVILLE — ASCAP's Country Music chart success continues to smash records, according to Ed Shea, Southern Region director of the American Society of Composers, Authors and Publishers.

Reviewing ASCAP's historic year in the South, Shea commented, "Halfway through the year we had more songs qualifying for awards than during all of 1973. Last year we had a record-shattering 47 songs winning Country Music Awards. This year we'll have over 70. Compare this with 27 winners just five years ago, and you'll witness the steady rise in the influence of ASCAP songs on the country music scene."

"We're also up in top ten songs, chart songs, and #1 songs." Among the writers with #1 songs have been Don Riis, Charlie Fields, Bobby G. Rice, Jim Weatherly, Billy Davis, Rory Bourke and Marty Cooper.

Shea noted that Jerry Foster and Bill Rice had their biggest year ever while Rory Bourke emerged as one of the hottest writers in town. ASCAP writer Dave Loggins scored with a #1 Easy Listening song and a top ten pop song: "Please Come To Boston."

"Just look at the names qualifying for multiple awards this year for an indication of the talented array of writer-publisher members: Foster and Rice, Ray Griff, Tony Joe White, Rory Bourke, Eddy Raven, Jim Weatherly, Art Kent, Frank Stanton, Wild Bill Emerson, John Denver, Royce Porter, Jack and Bill Music, Chappell Music, Milene Music, Fargo House Music, Blue Echo Music, Keca Music, Golden Horn Music, Tennessee Swamp Fox Music, Cherry Lane Music, Chess Music and Warner Bros. Music.

Among the year's top ASCAP country songs are these giants: "Country Sunshine," "City of New Orleans," "For Ol' Times Sake," "Annie's Song," "I Don't See Me In Your Eyes Anymore," "I'll Think of Something," "I've Got A Thing About You Baby," "Lovin' On Borrowed Time," "Paper Roses," "Rosie Cries A Lot," "Smile For Me," "Song and Dance Man," "Storms of Troubled Times," "Sunshine On My Shoulders," "Sweet Magnolia Blossom," "Take Good Care of Her," "Tell Me A Lie," "That Girl Who Waits on Tables," "The River's Too Wide," "The Whole World's Making Love Again Tonight," "You Can't Be A Beacon (If Your Light Don't Shine)," "You Make Me Feel More Like A Man."

Writer and publisher membership continued to grow in the Southern Region, increasing drastically over the number of members a few years ago. "Writers and publishers in our area now realize that they can get the top performance dollar for their songs through ASCAP," Shea said. "We're especially pleased that the record number of writers and publishers we've signed have relayed the ASCAP gospel to their fellow writers — and the word of mouth has been one of our strongest influences."

Established ASCAP members like Billy Edd Wheeler, Bobby Russell, Jim Weatherly, Vaughn Horton, Sharon Rucker, Jerry Smith, Arthur Kent, Frank Stanton, Danny Davis, Jerry Clower, Cy Coben, Guy Clark, Don Robertson, David Loggins, and Bob Wills have contributed to the 200% increase in the number of ASCAP chart songs over the past few years. They were aided by great writers who have switched to ASCAP from other performing rights organizations. Talents like Alex Harvey, Rory Bourke, Buzz Cason, Webb Pierce, Jerry Foster, Charlie McCoy, Ray Griff, Tony Joe White, Eddy Raven, Johnny Wilson, Gene Dobbins, Tony Moon, Don Devaney, Tom Ghent, Jim Ed Brown, Bud Reneau, Biff Collie, Jim Mundy, Charlie Fields, Johnny Howard, Kenny Rogers, Bob Millsap, Larry Collins, Chuck Rogers, Tupper Saussy, Mylon LeFevre, Jerry Allison, Sonny Curtis, and hundreds of additional top-name writers.

In Nashville, the Southern Region office has become a Grand Central Station of creativity. Besides the local writers, these out-of-town greats have recently visited the Nashville office: Joan Baez, Hal David, Chill Wills, Buffy Sainte Marie, Johnny Marks (writer and publisher of "Rudolph the Red Nose Reindeer"), Paul and Mentor Williams, Rod McKuen and Burt Bacharach.

Shea, who runs the Southern Region office with his associate director Gerry Wood and assistant director Charlie Monk, comments, "The future of ASCAP in the South is as strong as the music that comes from this area: the downhome country sounds, the soul music, the jazz, the classical, and the pop music. As long as there's a song to be sung in the South, ASCAP will be there to make sure that the writer and publisher of that song receive their due credit — and financial reward — for that song. And that's sweet music to all of our ears."

House of Loyd Expands Pub.

NASHVILLE — House of Loyd, Inc., "Nashville's 'A' Side on the East Side", has expanded in the past year to ownership or management of six active publishing companies.

Under the leadership of newly-named president Lola Scobey, the two-year-old company has, in the past year, placed strong emphasis on publishing, and now directs Hardtack Music, Lyn-Lou Music and Loyd of Nashville Music, all BMI, and Bill Black Music, Pot O' Gold Music, and House of Loyd Music, all ASCAP.

Susan O'Donnell, operations director, works with Ms. Scobey in all phases of company operation.

The organization has had approximately 30 cuts in the last six months, including recordings by Ferlin Husky, Kris Kristofferson and Rita Coolidge, Don Ho, Brush Arbor, Kinky Friedman, Lonzo and Oscar, Vernon Oxford, and Barti Benton.

Recently House of Loyd announced affiliation with independent producer Ken Mansfield's Frontlawn and Backlawn Music in Los Angeles, creating west coast representation for material in the six catalogues.

Writers whose material House of Loyd handles exclusively include Jim Aho, Joe Sun, Hank Riddle, and J. Anthoney Scott, "The Last of the Great American Whistlers."

Prominent copyrights in the affiliated catalogues include "Sheriff of Boone County" by Elson Smith, "Occasional Wife" by Jim Kandy, "See The Big Man Cry" by Ed Bruce, and "Lover Please" by Billy Swan. Bill Black Music, formerly based in Memphis, includes numerous songs recorded by the Bill Black Combo.

Loyd of Nashville Records, the company's record label, has this year released records by Harrison Tyner and Barbara Ray, with a single by Paul Metcalf, "Some Sweet Morning," to be released in the next few weeks.

House of Loyd is also active in providing promotional mailing and art services for independent record labels. Hank Riddle coordinates this division, working with Joe Sun, free-lance artist.

House of Loyd's slogan, "Nashville's 'A' Side on the East Side" derives from its location near the King of the Road Hotel in East Nashville, approximately three minutes from Music Row.

20th Century Country Stable

HOLLYWOOD — 20th Century Records president Russ Regan wanted to go "first cabin" in his decision to enter the country music field. Rather than move in half-heartedly, Regan acquired the services of a top-notch industry veteran — one to be reckoned with — Jimmy Vienneau.

Opening offices in Nashville under the direction of Vienneau, an eighteen year veteran of MGM Records, was Regan's way of saying he really meant business. Vienneau has a background in sales and promotion but his real forte is that of making hit country records. During his tenure at MGM, Vienneau was responsible for producing numerous smash records by Mel Tillis, Stonewall Jackson and Hank Williams, Jr. Vienneau's policy at 20th is to keep a tight roster, build the names individually and bring them steadily up the ladder. He's not opposed to the acquisition of a name artist, but he'd prefer to develop some 20th stars initially "from scratch."

Working hand-in-hand with Vienneau in Nashville is John Mitchell, 20th's country promotion manager, who also spills into the sales area. Mitchell coordinates very closely with Los Angeles home office executives, national promotion manager Paul Lovelace and national sales manager Mick Brown. Collectively the three broadcast important information to 20th's entire sales-promotion network nationally.

Besides Vienneau and Mitchell, 20th is fortunate to be the home of key personnel who have a real understanding of country workings. Tom Rodden, label's vice-president & general manager, was a Dallas branch manager and one-time southwest district sales manager for MCA Records. National promotion director Paul Lovelace is former country promotion director of latter firm, originally based in Nashville. National sales manager Mick Brown has been involved in numerous projects involving the likes of Loretta Lynn, Conway Twitty and others as a San Francisco branch manager for MCA, as has promo representative Terry Fletcher from his Memphis base. Additionally, Norm Winter, label's national publicity representative, has worked with Slim Whitman, Bob Wills, Hank Cochran, Diana Trask, Roy Clark and Hank Williams, among others.

Although a formal show would be a bit premature, 20th will celebrate their entry into country via a mass exodus from California to Tennessee by the aforementioned executives, led by president Russ Regan. All plan on attending the CMA convention (Oct. 16-19) to greet old friends and make some new ones. A hospitality suite is planned at the downtown Sheraton, manned by a superlative mixologist and further highlighted by an old-fashioned hot dog and beer wagon. There's also a number of other surprises in store for visitors.

20th's diminutive country artist roster is comprised of six diverse performers — five out of Nashville and one from Los Angeles. Nancy Wayne, who hails from southern California, is represented high on charts via "Gone" from her initial LP, "Cheating Was The Last Thing On My Mind." Nancy, with producer Eddie Martinez, will utilize the talents of some of Nashville's finest musicians during her next recording session, scheduled in Music City simultaneously with the CMA convention.

Vienneau's performers are already beginning to bud and about to blossom. Such is the case of Lois Johnson and her "Come On In And Let Me Love You" single. Another is colorful Billy Thunderkloud And The Chieftones, a popular personal appearance attraction. Billy's first release for 20th is an LP, "Off The Reservation," with "Come To Me" selected as the single. Ronnie Mack is another potential country giant evidenced by his rendition of "Rednecks Need Loving Too," a fine debut. Product is also on the way from muchly talented Margo Smith, and Bill Rice is at the post with "Don't Take My Sunshine Away." Further pointing up to 20th's auspicious beginnings is the fact that all of the label's country releases have appeared prominently on the charts.

Ranwood Records To Participate In CMA Convention

LOS ANGELES — For the first time since its inception in 1967, Ranwood Records will participate in this year's CMA DJ Convention in Nashville. Based in Los Angeles, Ranwood has traditionally been an MOR label with heavy merchandising orientation for such artists as Lawrence Welk, Ray Anthony, The Mills Brothers and Myron Floren. Recently, however, the label has begun bidding for its share of the country market with a roster that includes Guy and Ralna, Larry Trider, Clay Hart, Rebecca Lynn and Jerry Smith, who created The Magic Organ product that has enjoyed phenomenal success in major retail department store outlets throughout the country.

Husband and wife team Guy and Ralna, who are featured performers on the nationally syndicated "Lawrence Welk Show," will be flying into Nashville from the west coast to attend the convention. They have received excellent reviews and air play on their recent single, "Loving You," and third country album, "Guy and Ralna Country." Clay Hart has just finished recording an album in Nashville with Billy Rice, and Larry Trider's latest single "I'm Coming Nashville," was also produced in Nashville by Ricci Mareno. An accomplished organist, Jerry Smith lives in Tennessee and has repeatedly scored with lively instrumental interpretations of contemporary country hits. Ranwood's Rebecca Lynn, a Kentucky girl now living on the west coast, has a new single, "Cold Carolina Morning," which was produced by Eddie Martinez and will be released within the next two weeks.

Ranwood vice-president and general manager, Larry Welk, has expressed his enthusiasm about the label's new venture and looks forward to continued active participation in CMA events. "We have established a successful marketing and merchandising formula with our previous product by emphasizing in-store promotion and maintaining a fairly low industry profile. We intend to utilize this formula with our country roster and we are very aware of the importance of country music in the contemporary market."

Joining Welk at the convention will be executive vice-president Chris Hamilton and promotion manager Dotty Vance.

MARILYN SELLERS
New Female Vocalist — Singles

Minnesota born Marilyn Sellers was three years old when she first started "pickin" and "singing." Her teacher was her grandfather — a man who lent much inspiration to Marilyn throughout the years as she developed her singing career.

Marilyn's initial performances with grandfather and at church were polished throughout her childhood with voice and piano lessons and after finishing school and taking a short "working" leave of absence from the music business, she became a singer/pianist, performing at the major hotels in and around Minneapolis. She's currently under contract to the Ambassador Hotel where she has worked for 4½ years.

Marilyn's recording career has been launched with the help of first, her brother, then Max Powell, followed by Webb Pierce and finally Clarence Sellman. The result was a contract with Mega Records where her first release was "Sing Me A Song." Today, one of the most talented newcomers, Marilyn Sellers' current chart hit is titled "One Day At A Time," with her album being of the same title.

CONWAY TWITTY & LORETTA LYNN
Top Duo — Albums

The Cash Box Top Vocal Duo in albums, Loretta Lynn and Conway Twitty have combined their talents, with their duo recordings, for a rare treat for their multitude of fans.

Artist, writer, business woman and humanitarian — that's Loretta Lynn. With a voice that is loved by millions, Loretta is in constant demand as a television and recording artist and Grand Ole Opry regular and is one of country music's most loved and honored performers.

Conway Twitty conducts a personal business empire which is involved in restaurants, mobile homes, insurance, aircraft, and other enterprises and is one of the busiest individuals in country music. Long one of the "legend" artists which move at the top of the entertainment field, Conway has set the pace with a style all his own, lending physical evidence to the wealth of talent and ability he has contributed to the world of music.

As album artists for MCA Records, they have had a succession of hits such as "We Only Make Believe," "Lead Me On," "Louisiana Woman, Mississippi Man," & "Country Partners."

DICK FELLER
New Male Vocalist — Singles

Born in Bronaugh, Missouri, Dick Feller always knew what he wanted to do was be a songwriter/performer. His style is unmistakably his own. In concert he offers his own original material as the author intends it — basic and honest. Distinctive voice plus unusual instrumental ability combined with unique material provide a memorable collage in Feller performances.

Dick Feller wrote "Lord, Mr. Ford" for Jerry Reed, he wrote "Any Old Wind That Blows" for Johnny Cash, he wrote "The Lady Is A Woman," "One Sweet Reason," "The Night Miss Nancy Ann's Hotel For Single Girls Burned Down," his own "Biff, The Friendly Purple Bear" and his own "Makin' The Best Of A Bad Situation," on Elektra Records.

Dick Feller has played lead quitar in various rock and folk groups and blues, bands, working the Missouri, Kansas, Oklahoma areas, and to California and back. His interest in all kinds of music has ranged from Merle Travis to John Lee Hooker — going through an intense blues period, from Miles Davis to Bobby Blue Bland, but always returning to his first love — country music.

CHARLIE McCOY
Top Instrumentalist — Single
Top Instrumentalist — Album

Country music is based on the talent of legendary musicians such as Charlie McCoy. Master of any and all instruments, Charlie's forte is the harmonica which he began playing at the age of eight. Working in some sort of group from society parties to rock dances, the Miami-born Charlie has studied conduction, theory, arranging, and singing, but didn't settle into any set phase till he and country music came together in Nashville.

Today, winner of the Cash Box Top Instrumentalist Single poll for the second year, plus also coming into the top winners place in albums, Charlie is off and running as a recording artist for Monument Records where he produces his own recordings such as "Today I Started Loving You Again," "Orange Blossom Special," "I'm So Lonesome I Could Cry," "John Henry," "Shenandoah," "T.D.'s Boogie Woogie," "I Can't Help It," "Silver Threads and Golden Needles" and his new release on Monument Records "I Can't Help It If I'm Still In Love With You."

George Hamilton Hits International TV Circuit

NASHVILLE — George Hamilton IV, featured performer on the syndicated Arthur Smith television series here, left for England on October 4th to videotape his own British TV series there.

This will mark George's fourth season on British television and this year's series will be videotaped by BBC-TV on location at "Hatfield Palace", Hertfordshire, in a room where Queen Elizabeth I once held court.

While in England, George IV will also appear for one week at "Allinsons Theatre Club" in Liverpool and at "Batley Variety Club" in Yorkshire for a week, as well as do a London concert at the "Wimbledon Theatre" on October 27th. Hamilton will also complete taping of the 26 week BBC-Radio series "How The West Was Sung" (in which he narrates and performs and which traces the history of the westward movement of North America in song) before leaving London.

This past summer has been a busy one for George IV, as he has been commuting back and forth each week to videotape his Canadian TV series in Hamilton, Ontario at CHCH-TV there. "The George Hamilton TV Show" is now in its second season and is seen coast to coast across Canada in syndication.

What with his work each week on the "Arthur Smith Show" and his own TV series in Canada and England, this surely must be some sort of "record," being featured performer on three different TV series in three different countries all at the same time.

Newbury Returns To Nashville

NASHVILLE — Nashville poet of song, Mickey Newbury, has returned here recently to write and record material for a forthcoming Elektra LP, his fifth for the label. Mickey has been living near his wife's parents in Eugene, Oregon for the past few months, but says he will continue to keep a home in both locations.

The hard to categorize writer° performer has had four songs at once on four different charts. If his next album runs true to form, it too should receive airplay on pop, country, and rock radio.

Since arriving in Nashville, Mickey has performed at the Exit° In, in a rare public appearance. According to Mickey, he quit performing live some time ago because of unruly crowds. One story tells of Mickey's being accosted by a drunken customer. When he asked the management about the unruly fellow, management replied, "don't upset him, he's one of our best customers." An unfortunate occurrence for such an outstanding talent.

Though he is a veritable genius with the pen, Newbury is far from peaking a career that has included such hits as "Sweet Memories," "Just Dropped In To See What Condition My Condition Was In," and the patriotic "American Trilogy."

Perhaps because many of his hits have been recorded by such notables as Elvis Presley, Joan Baez, B. B. King, and Buffy Ste. Marie, Newbury's own performances are unknown to many.

An earlier LP from another label, however, has been re-released by Elektra by popular demand. The album "Looks Like Rain" contains "San Francisco Mable Joy," "33rd of August," and the title cut, among others.

Granite Records' Stone Aims To Establish L.A. As A Major Country Music Center

HOLLYWOOD — Cliffie Stone, one of the legends in Country music and director of the country music division of the ATV Music Group, hopes to re-establish Los Angeles as a major Country music center through ATV's new Granite Records label.

Supported by Sam Trust, president of all ATV Music Group American operations, Stone plans to "provide a whole new market to both Country music songwriters and record artists," including the development of new writers and artists.

Stone points out that in previous years many Country music artists rose to fame in the Los Angeles market, but that in recent years there has been a high attrition factor toward Nashville. Without diminishing the importance of Nashville and other country music centers throughout the country, Granite is anxious to restore on the west coast a base for the many artists and other creative talents who work and live here.

"The major motivation for forming Granite is that the Southern California area, with 10 million people and 40 country music nightclubs, has so much potential," Stone explains. "It once was a major country center and I don't mean in the same sense as western music when we think of Roy Rogers or Gene Autry. At one time, Wanda Jackson, Freddie Hart, Dorsey Burnette and many others worked here. This area was a proving ground for talents such as Tennessee Ernie Ford, Merle Haggard and Buck Owens. It was a good town for pickin' music."

"But eventually Nashville started to attract all the top artists to its studios. I'm not saying we're going to go out to compete with Nashville. We want to work alongside it, broadening the appeal of Country music."

Stone, who has already signed country music greats Tex Williams, Molly Bee, and Gordon Terry, and newcomers Ron Fraser, Chase Martin, Stu Stevens, and Linda Ring, looks upon Granite as forming a broad base where local talent as well as major performers from Nashville can come to exchange ideas, find new writing sources and develop a distinct Los Angeles sound such as the sound in Nashville or Mussel Shoals, Ala.

Stone, current president of the Academy of Country Music, has been in every part of the music business from the early radio days of Hometown Jamboree to the formation of his Central Songs publishing house, now part of Capitol Records' Beechwood Music, to his current role as director of the new company.

He feels that Granite's advantage over its major competition is the fact that it is small and willing to give its all to every product it produces. "Currently, we're releasing only one record a month and because of it we're throwing our entire promotion campaign behind each record. We want to stay on top of our product from the time it's produced and recorded to the promotion, distribution and, hopefully, sale."

He adds that Pye Records of England will soon release Granite product in Great Britain as well as eventually forming the Pye-Granite label there. GRT Music Tapes exclusively handles Granite tapes in the United States and both tapes and records in Canada.

As Granite approaches its first anniversary, the label looks back on impressive chart entries by Molly Bee and Tex Williams. An excellent start, and a most promising future.

MPHIS — The phenomenal growth of ntry music during the past few years received a boost from the entry of a v force in the field, Stax Country, a sion of The Stax Organization in mphis.

/hile Stax has been built primarily on R&B "Memphis Sound," recent years ve seen the company covering all as of popular music — pop, rock, jazz,)R, soul and of course country.

Only 200 miles from Nashville, the rld capital of country music, Stax untry was organized to take advan- e of the vast wealth of talent in the a. Most of the Stax country artists ord in Nashville, because of the array studios, session musicians and ilities in general and the atmosphere t is unmatched elsewhere.

Stax Country has been recording O.B. Clinton since 1971 on the Enterprise el. O.B. brought Stax Country its first "Don't Let the Green Grass Fool u" and has followed that with other art singles and albums.

This past May Stax Country brought in o more talented and dedicated people run its operations in-house when Bill ckman and Carol Stevenson were med coordinators of national country erations. Promotions are handled by erlin Littlefield, another country fan d skillful representative, Stax Coun- 's "man on the road."

Stax Country also began expanding its ists' roster last spring when Bill and rol came aboard, signing Cliff Cochran and the duo of Frank Hobson and Becky Durning and releasing the single "It's You" by Connie Eaton.

O. B. McClinton released another hit single during the summer — Ben Peters' song, "If You Loved Her That Way" — and his new album of the same title was recently released amid enthusiastic reviews and picks.

Cliff Cochran, a newcomer to the music business, had a hit with his first release, "The Way I'm Needing You" (still on the Cash Box Country Top 75 as of this writing). This outstanding country song was written by longtime writer-producer-singer Hank Cochran, Cliff's double first cousin — a relationship created when two brothers marry two sisters and have children who are cousins in both directions.

About the same time that Cliff began his recording career on Enterprise, the initial outing by Frank Hobson and Becky Durning was released, a heartfelt rendition of Red Lane's "A Truer Love You'll Never Find."

The summer of '74 also saw another new artist discovered and recorded by Stax Country. He's Paul Craft, whose new single, "It's Me Again, Margaret" on the Truth Label (a Stax division), started drawing serious attention even before its release. Paul wrote the song which deals humorously with the touchy subject of nuisance (or obscene) phone calls. While this is Paul's first record, he's been around the country and folk music scene in the South for several years as a performer and songwriter. About 40 of his songs have been recorded by such C&W luminaries as Jerry Lee Lewis, The Osborne Brothers, Mel Tillis, Sherry Bryce, Jack Greene and others, and by pop/country artists Linda Ronstadt and The Eagles.

In addition to spending time in the studios and on the growing number of personal appearances, Stax Country artists have been keeping busy on a variety of projects. O.B., Cliff and Paul, for example, sometimes jump on the phone and call radio stations all over the country, promoting their own records. O.B. was recently in Los Angeles to record two songs for the soundtrack of the movie "The Klansman" starring Richard Burton, Lee Marvin and O.J. Simpson, and soon to be released by MGM. More recently O.B. played a state fair in Kentucky with Mac Davis and another in Wisconsin with Tanya Tucker. And the Jimmie Rodgers Memorial Festival invited O.B. to appear this year with such living legends as Roy Acuff, and festival officials have asked "O.B. The Entertainer" to return for next year's festival.

Cliff has been involved in some different activities. He's been fixing fences with Jack Greene, upholding his title as one of the best fishermen in Middle Tennessee, and helping double cousin Hank move. Cliff did appear on the Grand Ole Opry with Jack and Jeannie Seely and he put together his debut Enterprise album, "The Way I'm Needing You," which will be released soon.

Paul still considers himself primarily a songwriter, and he's keeping busy in that direction. Both he and Stax Country were surprised and encouraged by a test marketing preview in Dallas recently. Radio Station KBOX was furnished a demo tape of the single, "It's Me Again, Margaret," and they put it on the air with no promotion on a Friday. By Monday morning the song had jumped to Number One on the station request line, and Stax Country knew it had a hit on its hands.

Strong personnel like Bill Hickman, Carol Stevenson and Merlin Littlefield — working with talent like O.B., Cliff, Paul and others — are putting Stax Country in a position to look at 1975 as a banner year for establishing Memphis and Stax as centers of country music. The phenomenal growth of the country sound is bound to continue, and Stax Country will be part of it.

Screen Gems-Nashville Develops Writing Talent

NASHVILLE — Since Screen Gems-Columbia Music, Inc./Colgems Music Corp., the music division of Columbia Pictures Industries, opened offices in Nashville in May, 1973, the publishing companies have scored unusual successes in two areas.

Paul Tannen, general manager of Nashville operations, Charlie Feldman, contract writer and professional manager, and administrative assistant Susan Burns have developed a strong stable of Nashville country writers as well as pop tune composers. They are also exploiting their extensive pop catalog in Nashville. Tannen cited as examples; Johnny Rodriguez's release on Mercury of "We're Over" by two of Screen Gems most prolific contemporary writers Barry Mann and Cynthia Weil ("You've Lost That Loving Feeling"); David Rogers' Atlantic Records version of B.J. Thomas' smash "I Just Can't Help Believing"; "Everybody's Somebody's Fool," the Connie Francis hit, by Atlantic's Jennifer O'Brien; Linda Hargrove's "I've Never Loved Anyone More" on Elektra; and an album cut of Marvin Hamlisch/Marilyn and Allan Bergman's Oscar-winning tune "The Way We Were" by Floyd Cramer on RCA as well as a new single of the song by Charlie McCoy on Monument.

Tannen and Feldman have spent considerable time interviewing prospective writers and reviewing material in other Southern recording centers such as Muscle Shoals, Austin, Atlanta, Memphis and New Orleans. Screen Gems is about to unveil one of the results of its massive talent search with the debut of Plum Nellie, a popular Austin area country-rock band.

"We were highly impressed with the material written by Bill Stoner, Jerri Jo Jones and Ernie Gammage of Plum Nellie," said Tannen, "and our idea is to bring them into Nashville for auditions with record labels, give them a showcase to perform, and place their material with artists."

Tannen noted that the Screen Gems pop songs are "the best known contemporary catalog in the business, but we are going after new hard country, country-rock and pop . . . stressing all angles. We have exploited our pop catalog in the country area, and searched for exciting and vital new writers."

In addition to such Screen Gems writers as Mac Davis, Barry DeVorzon, David Gates, Mark James, Carole King, Barry Mann and Cynthia Weil, Tannen has signed exclusive contracts with Charlie Feldman, a pop/R&B writer from Birmingham; Bobby Abshire, country composer from Roanoke, Virginia; Don Goodman, well-known country writer from Nashville; and Paul Harrison of Baton Rouge, a pop composer. On a non-exclusive basis, Screen Gems has signed Alan Ross of Nashville; Fred LaBour of Ann Arbor, Michigan and Sammy Vaughn of Nashville.

"We are going through a period of expansion . . . adding writers, using our extensive contemporary catalog, and giving thought of ways to work more closely with our affiliated divisions Columbia Pictures, Columbia Pictures Television and Bell Records," explained Tannen. "To say we are optimistic about our future here in Nashville would be a vast understatement!"

Mega Records Scores Solidly Under Bell's Leadership

NASHVILLE — Through the administration of Dave Bell, Mega Records and Tapes, Inc. has gone from the edge of bankruptcy less than one year ago to hit producing status. Out of eleven singles released in the past twelve months, six have been chart records for an over 50/ batting average. In albums, Mega charted with two out of three.

Californian Dave Bell effected Mega's turn-around through changes in structure, in operation, and in the overriding philosophy of the company. Los Angeles based, Bell's innovations started with the promotion of Mega's Ed Hamilton to the position of national promotion and sales director for the company and head of the Nashville office. Bell retained former Epic president Len Levy, now head of his own Florida based consulting firm, Len Levy Associates, as marketing and merchandising consultant. He stabilized and strengthened the company's distribution through a long term agreement with P.I.P. Records, a division of Pickwick International, Inc.

Bell made Mega's artist and product release policies ones of selectivity and dedication. By releasing only as much product as the company can effectively work on at any given moment, every record is guaranteed maximum effort, exposure and opportunity. By signing only artists in whose talent the company has tremendous faith and only going with records that are the most advantageous representation of that talent, Mega artists are achieving success.

Marilyn Sellars' current single "One Day At A Time," high on the country charts and still moving up, has recently crossed over into pop as well. Her "One Day At A Time" album is currently charted in the Top Ten country listings.

Sammi Smith, who garnered gold with Kris Kristofferson's "Help Me Make It Thru The Night" and recently charted with "The Rainbow In Daddy's Eyes" and "Never Been To Spain," is already on the country charts with her recently released single, "Long Black Veil." Her brand new album, "Sammi Smith's Greatest Hits" which includes "Help Me Make It Thru The Night" and "He's Everywhere," is chartbound.

Patsy Sledd's new album, which includes the hit single represented in the LP title, "Chip Chip," also includes Patsy's chartmaking "Just Stayin' Home Woman." A new Patsy Sledd single, "See Saw" has just been released.

One of the leading nightclub and television acts in the nation, Hawaiian artist Don Ho is making his country music debut with his Mega album "Home In The Country," produced by Ken Mansfield. The album, which contains considerable new material, in addition to such standards as "Born To Lose" and "I'm So Lonesome I Could Cry," received a Record World pick. "Watch Out Woman," from the album, was simultaneously released as a single.

Mega has just released a new single by talented recording artist and writer Billy Mize entitled "Linda's Love Stop." Formerly with United Artists and Columbia Records, Billy has charted records with both companies. He hosted Gene Autrey's "Melody Ranch" for nine years out of Los Angeles and is responsible for writing such outstanding hits as "Who Will Buy The Wine," recorded by Jerry Lee Lewis, "Make It Rain," recorded individually by Ray Price, Dean Martin and

Dot Records Has Country Ways in '74

NASHVILLE — During a year when some discordant notes occasionally touched the music industry, Dot Records was able to whistle its own steady tune of progress and prosperity. Each month was Dot-ted with success.

Figures behind the framework of Dot's popular country product show an ever-growing penetration of today's music market. Of this year's releases, over fifty percent have made it to the Top 30 of the charts nationally.

Underlining the excellent sales and chart activity of Dot product, the label snared two of the industry's most meaningful awards. Donna Fargo received NARM's "Best Selling Female Country Singer" award for the second straight year and Roy Clark received the "Entertainer Of The Year" honor from both the Country Music Association and The Academy of Country Music. The aforementioned Miss Fargo also received a gold record for sales of her "Happiest Girl In The Whole U.S.A." album in Canada. More notably, the album reached platinum status here in the U.S. making her one of only three female country singers to ever have an album sell over one million units. (Lynn Anderson and Tammy Wynette are the other two artists.) On the international scene, Tommy Overstreet achieved the unique honor of receiving a triple gold record from South Africa for his single of "Heaven Is My Woman's Love."

Eight Dot artists had at least one Top Ten record during the past year: Donna Fargo, Diana Trask, Roy Clark, Brian Collins, Tommy Overstreet, Joe Stampley, Hank Thompson and Don Williams. The other artists on the label, most having had chartbusters during the year, are threats to break into the Top Ten circle with each release. They are The Compton Brothers, Ray Griff, The Kendalls, Judy Kester, Ray Pillow, Sue Richards, Pat Roberts, Shoji Tabuchi and Don White. As of this writing, new artists awaiting their first Dot releases, are Chris Gantry, Gunilla Hutton and Conny Van Dyke.

In signing Don Williams and Conny Van Dyke, Dot acquired two artists who were in great demand by other labels. Williams, on the JMI label, had a string of hit singles and albums. His first single for Dot, "I Wouldn't Want To Live (If You Didn't Love Me)," has been his first Number One. Dot execs feel that his future is unlimited. As for Conny, she was the co-star in two major movies filmed during 1974 in Nashville. She performed opposite Burt Reynolds in "W.W. and the Dixie Dance Kings" and opposite Joe Don Baker in "Framed." The latter is set for a fall release, the former reportedly will be released in the spring of 1975. "With this heavy movie exposure and strong record product, Conny Van Dyke can become one of the next female superstars," feels Jim Foglesong, Dot President.

Foglesong also remarked, "Since last year's Grand Ole Opry birthday, we feel that our label has further solidified its position in Country music. Larry Baunach, our vice-president of sales and promotion, is the best in the business. He has greatly increased his department's effectiveness by the addition of Jim Petrie as field marketing director and the promotion of Jean Wallace to promotion coordinator. With our outstanding roster of artists and producers furnishing strong, competitive releases, I look forward to 1975 as our best yet.

"As a result of a sale involving two large corporations, we are now part of the ABC family of labels. ABC is one of the great companies and Jay Lasker is one of the great record executives. The entire Dot staff will be eternally grateful to the Gulf & Western Corporation and Famous Music's Bill Gallagher, Jack Weidenmann and Tony Martell for giving us the opportunity and support to establish Dot as a major Country label. We feel that the outstanding ABC image, distribution, promotion and sales will even further cement our growing niche in the business. We are proud to be with them."

Tree Int'l Has Record Year in '74

NASHVILLE — Tree International, Nashville based music publishing complex, has set a record pace of growth in 1974 under the direction of its president Jack Stapp and executive vice president Buddy Killen.

The company has posted record earnings, with more chart songs than any year in its successful history. With over 78 chart songs in the past year, Tree saw ten reach the position of #1 and seven reach the top ten, in addition to the number one's. Both Stapp and Killen point with pride to the company's diversification of material, with activity in pop and R&B charts as well as country music charts. Last year the company announced a program to work on a wider range of material, and, according to its management, the program has been highly successful.

During the year Tree added eight new writers to its roster including Earl (Peanut) Montgomery and Lawrence Reynolds.

Dial Productions, a division of Tree, expanded its operation with the addition to Dial of Tommy Allsup, director of Dial Productions. Allsup, a successful studio musician and independent producer also records for Epic with the group he heads called "Nashville."

Eight new acts were signed to Dial — Red Lane, Bobbi Roy, Mary Holmes, Roy Gaines, Jan Crutchfield, Bobby Marchan, Lawrence Reynolds and Karen Alsup. The Dial artist roster also includes Jean Knight, King Floyd, Paul Kelly, Doug Kershaw, Marian Love and Anette Snell, voted 1974's most promising R&B female singer.

In addition to having an outstanding year with its chart action and expansion of Dial artists, Tree also expanded its administrative staff adding Donna Hilley to the executive offices, Carol Polston to the office of director of Tree Enterprises and Aileen Sowards to secretary for Dial Productions.

With the growth in business and personnel, Tree again expanded its physical facilities at its international headquarters adding almost 1,000 square feet of office space. The company has now set up in-house bookkeeping under the direction of Mary Ellen Appleby, and has a separate royalty division supervised by Ann Kosloff and administered by Betty Fowler.

Tree's international reputation with the entertainment industry was again in evidence during the year when the company played host to two international stars, Burt Reynolds and former Beatle Paul McCartney. Reynolds, who recorded an album for Mercury under the direction of Buddy Killen, also stayed in town to film a major motion picture for 20th Century Fox, "W.W. And The Dixie Dance Kings." McCartney, who was a guest of Tree, spent six weeks vacationing in the Nashville area with his family and band, and spent time with many of Nashville's writers and musicians to absorb the Nashville sound.

Despite all its successes during the year, Tree and its staff were saddened at the loss of the company's secretary-treasurer, Joyce Bush. Mrs. Bush had been instrumental in the growth of the company and died in June, after a lengthy illness.

NSA . . . Ever-Growing

NASHVILLE — In 1967 a small group of Nashville songwriters joined together to establish what is now known throughout the country and various parts of the world as the Nashville Songwriters Association. Those few dedicated people took an active part, giving of their time and talent, to spread the word that an association had been formed which they felt was long overdue; an association which would work diligently toward its purpose and goal . . . that goal being to gain more recognition for the songwriter.

MSA, a non-profit organization, is growing in membership daily. Membership is open to all songwriters and to qualify as an active member the writer must have had at least one song contracted by a publishing company that is affiliated with a recognized performance agency. Associate membership is open to those writers who have not yet achieved professional status.

A voluntary association, and chartered under the laws of the State of Tennessee, NSA holds annual election of officers. The current slate of officers are: Joe Allison, President; Biff Collie, Vice President; Lorene Mann, Secretary; Ron Peterson, Treasurer; and Bud Wingard, Sergeant-at-Arms. These very capable officers work closely with their Board of Directors, who are: Bill Anderson, Joe Bob Barnhill, Dave Burgess, Mary Reeves Davis, John Denny, Don Devaney, Harlan Howard, William Ivey, Charlie Monk, Frances Preston, Elmo Mercer. Directors at Large are: Bob Best, Tom T. Hall, Eddie Miller, and Chuck Rogers. Maggie Cavender serves as the association's Executive Director. These people meet once every month to implement future projects and goals for NSA.

NSA provides its membership with a monthly newsletter to keep each member abreast of what the association is doing. A recording schedule informing the members of the various artists who have scheduled recording sessions is included with the newsletter.

NSA, with its counsel, is working diligently toward protective writer measures to secure a good revision of the copyright law; and the board of directors, through committee, is fighting for tight legislation in all states which will make "piracy" of music a federal offense.

NSA holds an annual songwriters award banquet in which achievement of writers is recognized. These writers' awards are voted upon by the entire membership. Also, an annual Hall of Fame banquet honoring those songwriters who have achieved the highest plateau of professionalism is always a highlight of the NSA year.

The Nashville Songwriters Association, in conjunction with the University of Tennessee at Nashville has conducted five seminars at the University. These courses are offered each year and are taught by prominent Nashville songwriters along with the professor of music at the University.

NSA has come a long way since that day in 1967 when those few dedicated people joined together. The association boasts of a roster of well over seven hundred members . . . ever growing, ever projecting goals for the benefit of its members, the songwriter.

'Adam 12' Marks Rodriguez' TV Dramatic Debut

NASHVILLE — Dramatic debut for Country music star Johnny Rodriguez occurred in the season-premiere episode of the NBC-TV series "Adam 12," a two-parter in which Rodriguez essays a motorcyclist involved in an accident. Additional television and motion picture dramatic roles are on tap for Rodriguez, with one big-screen appearance a starring role in the "Rio Diablo" film planned for production in early '75. Meanwhile, he remains a major box-office attraction.

ABC Launching Major Diana Trask Promotion

HOLLYWOOD — ABC Records is preparing an extensive promotional campaign for its newly-acquired Dot recording star, Diana Trask. The big push began with Ms. Trask's opening at the Fairmont Hotel in Dallas, Texas, on September 30. Disk jockeys, program directors and ABC Records executives were flown in for the Dallas opening, which will be followed, under the terms of Ms. Trask's new contract with the Fairmont chain, with dates in Atlanta and New Orleans.

Although Ms. Trask has recently been writing and recording more of her own material, her new association with ABC will provide her with greater access to the top demo material available. In addition, she has changed record producers, and will now rely on the proven talents of her long-time friend, Jim Foglesong, president of ABC° Dot Records, Nashville.

ABC's interest in Diana Trask is spurred by the fact that she has scored a hit on the charts with every record released through Dot. Now, with a new producer and a new sales and marketing team behind her, ABC is aiming for a number-one hit.

Monument Momentum

ASHVILLE, TENN. — Monument ecords has just completed its biggest ear and is headed for even more suc- ess. The label is currently in the midst f its greatest period of growth. Kris ristofferson, Charlie McCoy, Boots andolph and Lloyd Green are all doing etter than ever; two major artists, Larry atlin and Billy Swan, have just broken irough; and there's a new Kris & Rita bum ready to go.

Monument Month, held in May of this ear to celebrate the third year of their uccessful association with CBS ecords, was the label's biggest single onth. And Monument continues to ac- ount for a substantial portion of the BS custom label sales.

One of last year's biggest records, and he longest-running hit single within ecent memory, was Kris Kristofferson's Why Me," which was on the national harts for eight consecutive months and old over a million and a quarter copies. Within the past year, Kristofferson chieved gold albums with "The Silver ongued Devil And I" and "Jesus Was A apricorn," which included the "Why le" single.

Monument Records Pesident Fred oster recently produced a new album y Kristofferson and Rita Coolidge. Both he LP and a single by Kris & Rita are cheduled for release as soon as pos- ible.

Charlie McCoy, the harmonica vir- uoso who's probably the best known lashville sideman, continues his un- roken string of hit singles and albums. ach of his last three Monument LPs has old over 100,000 copies, a rare accom- lishment for an instrumental artist. His urrent album is "Nashville Hit Man" and is recent hit singles include "Boogie Woogie" and "I Can't Help It If I'm Still In ove With You."

Singer/composer Larry Gatlin is reaking through bigger than ever with is second album, "Rain-Rainbow," which was backed by a major romotional campaign. A 17-city promo our by Larry was launched with a party t the Exit/In in Nashville on August 19. Appearing before the press, radio per- onalities, retailers and wholesalers cross the country in the intimate setting f private parties and hotel suites, Gatlin mpressed everyone who heard him with is solid talent as a composer and per- ormer.

Among the support material for Gatlin's promo tour was an introductory lm narrated by Fred Foster, Kris Kristof- erson and Johnny Cash. Press kits, T- hirts, laminated buttons and incentive rograms were also utilized. Gatlin, who's enjoyed chart success with Sweet Becky Walker" and "Bigger They Are, Harder They Fall" within the past ear, is currently moving up with "Delta Dirt."

Billy Swan, who produced Tony Joe White for Monument and was an original ember of Kristofferson's band, has now merged as a solo recording artist with "I Can Help." It's one of Monument's astest-selling records and it's breaking op as well as country. Billy Swan's lebut album is scheduled for release in November.

Lloyd Green, whose current single is Canadian Sunset," has been keeping usy. The steel guitarist recorded with Paul & Linda McCartney while the rock tars were in Nashville and it's been eported that they want him to tour with hem. Green recently went before the cameras in the Robert Altman film, "Nashville," playing a true-to-life role as a studio musician.

Boots Randolph, always a favorite with country music audiences, has been doing especially well with his "Country Boots" album. Both "Old Joe Clark" and the current "Wabash Cannonball" single from the LP have met with success.

Behind the scenes, Monument is undergoing some restructuring. Rick Blackburn, a ten-year music business veteran who most recently was Director of Sales for Epic Records, was appointed by Fred Foster to the newly-created position of Executive Vice President and General Manager. Blackburn began in September, handling the day-to-day operations of the label and working closely with CBS in all areas of marketing, merchandising, sales and promotion.

Obviously, this is just the beginning of a major surge by Monument to even greater accomplishments. The label is off and running and there's no stopping them.

Mac Davis Collectors Volume Published

NASHVILLE — A "Mac Davis In Concert" collectors edition souvenir book has been published and will be made available at all the entertainer's forthcoming concert engagements.

The 28-page publication features more than 50 photos of the composer-performer at work and at play, half of them in full color. Included are photos with celebrities who guested on Davis' summer TV series for NBC, including Andy Griffith, George Gobel, Joan Rivers, the Lennon Sisters, Nanette Fabray and Helen Reddy.

There's also a biography of Davis, a listing of his major song compositions, along with a handwritten copy of the lyrics to his "I Believe In Music," a full-color pull-out pin-up, and a list of honors and awards achieved in recent years.

The souvenir book was produced by Ron Boutwell for Boutwell Enterprises, 19432 Collier Street, Tarzana, Calif. 91356.

Davis, currently on record charts with three albums and a new single, "Stop and Smell the Roses," has concerts scheduled throughout September and October, following a major series of sell-out appearances at state fairs.

SESAC's Annual Gospel Luncheon

NASHVILLE — SESAC played host to its publisher and writer affiliates and its friends and colleagues in the world of gospel music during the recent Gospel Convention (Quartet). This year's affair was a luncheon gala and again held at the Woodmont Country Club. The guest list of well over 150 included luminaries from every field of the gospel music industry.

Representing SESAC Inc., one of the world's largest music licensing organizations, were its president, Mrs. Alice Prager, and vice presidents Norman Odlum and W.F. Myers of the New York office. Representing the company's Nashville office were Mr. Bob Thompson, Executive Director; Miss Aleene Jackson, Public Relations Coordinator; Miss Fran Watkins, Secretary; and Mr. Jim Black, SESAC's Nashville Gospel Music Coordinator. Black is the 1974 Dove Award winner as the Gospel Disc Jockey of the year. Black, Odlum, and Myers currently serve as members of the Gospel Music Association's Board of Directors

4 Star Shines

NASHVILLE — The year 1974 will go down in 4 Star Music's books as one of the greatest years in their 20 years of existence. The month of February brought the ground-breaking ceremonies of 4 Star Music and its subsidiaries' new 65,000 sq. ft. office and 60,000 sq. ft. parking facilities building underway with completion of both facilities expected as early as February 1975, a 3 million dollar project. 4 Star Music Co., opened its office in Nashville some 15 years ago with well known (at that time a D.J. on WLAC radio) Bob Jennings operating out of his home.

4 Star Music was established several years before this, based in Los Angeles and its principal owner was Gene Autry. Joe Johnson was associated for many years with Gene Autry and eventually bought all the stock in the entire company and became the sole owner of 4 Star Music and its subsidiary companies. It is anticipated that upon completion of their new building 4 Star, whose main office headquarters still remains in Los Angeles, will shift their main headquarters to Nashville and this will become home base, while still maintaining an office in Los Angeles.

Included in the new building will be two full service recording studios, a mixing room and a mastering room all furnished with the very latest and most modern equipment available. The building will be six stories in height with a penthouse floor being the sixth story which will be the executive office floor for 4 Star Music personnel.

In addition to their new building there has been loads of activity in all branches of the 4 Star Complex. Under 4 Star's production agreement with MCA Records it has a total of nine artists that it controls. Jerry Wallace, George Morgan, Marie Owens, Betty Jean Robinson, Carl Belew, and Bonnie Guitar all have very hot records on the market now. Under this production agreement 4 Star also produces three pop artists for MCA, Paula Johnson, (daughter of Bonnie Guitar), Neal Davenport and Sun Child, all of whom are produced by the president of 4 Star, Joe Johnson.

The artist, Sun Child is produced under the banner of Little Elmo Productions, which is a separate and unique project in itself in that from every song in their project a minimum of 10% of writers' and publishers' royalties go to some charitable organization. The first album and single in this project were recorded by Sun Child who appeared on the Jerry Lewis National Muscular Dystrophy Telethon in Las Vegas and the 10% of the writer and publishers' royalties on all 10 songs is going to the Muscular Dystrophy Association of America. Any artist who records any of the songs in their project has the right to designate what charity he or she wants the 10% royalties to go to.

The first country artist to be involved in this project is George Morgan, who recorded a song called "A Candy Mountain Melody" taken from the Sun Child LP, and the record looks to be the biggest record for George in a long time. There is a Candy Mountain Melody LP ready to be shipped by George on MCA Records, November 4th.

On the personnel side at 4 Star Music, there have been some additions. Linda Milani was added to the staff in February as a secretary. Jack Craw was added to the staff in late May as Bob Jennings (V.P. of 4 Star Music Publishing) assistant in promoting songs to artists and producers. Jack was a musician with several groups in and around Washington, D.C. and moved to Nashville with a desire to get in the publishing and record business. He has been a tremendous asset to Bob and to 4 Star. Gene Kennedy was added to the staff as executive assistant to the president and executive vice president of 4 Star to handle the record end of 4 Star productions working very closely with the MCA organization. Gene has been in Nashville in the music business for 16 years, first as an artist and then in promotions and sales for Hickory-Acuff Rose, MCA, and Ace of Hearts Records. Peter Sale who is in 4 Star's Los Angeles office and has been with the company for 11 years as comptroller and manager of the Los Angeles office ws elevated to V.P. and general manager of 4 Star Music and its subsidiaries.

Peter's staff in Los Angeles consists of Rose Todd (Joe Johnson's secretary); Grace Burns, who handles all song copyrights and publishing; Elary Hearn, audio engineer who also handles all writers and promotes songs on the coast to artist producers. These four people have served 4 Star Music for a total of almost 60 years, collectively, which speaks highly of 4 Star owner Joe Johnson.

Joe, commenting on 1974, says, "it was a history-making year for 4 Star Music and I see 1975 as the greatest year in our 20 years of existence and we all look forward to it."

Mega Country

continued from page c-32

Billy Mize, and "Terrible Tangled Web." In keeping with Mega's artist policy of selectivity, Billy Mize brings to them his talents, not only as an artist, but as a writer as well.

Other current product by Mega artists includes a single of the title tune from the movie "Dirty Mary, Crazy Larry" by Zella Lehr and Jerry Jaye single of the Johnny Rivers tune, "Poor Side of Town."

Mega recently purchased the hottest new single out of Texas, Roy Head's "Baby's Not Home." The disk, put out by Head on his own in Houston, sold over 10,000 records in the area in less than two weeks. With the ability to make decisions and move on them instantaneously that characterizes Mega's new operation, the company purchased the master and got it into distribution on the Mega label in just a few days. Head, whose hit recording of "Treat Her Right" sold 2½million copies, was also signed by Mega to a long-term recording contract.

Dave Bell recently brought Jim Malloy back into the Mega fold to independently produce for the label. Malloy, who had produced several acts including Eddy Arnold and Sammi Smith's gold disk, will again produce Sammi and Billy Mize as well.

The latest addition to the Nashville-based organization was the return of Peggy Beard, who now heads A&R administration.

Mega, under the direction of Dave Bell has now firmly established itself as one of the successful independent labels. His approach to marketing Mega product has worked, and the future of the company is pointed toward continued hit product, artist development and growth.

OCTOBER IS*
COUNTRY
MUSIC
MONTH

NCE UPON A TIME...there was an independent record company that wasn't feeling very well. Then, along came a new owner, with new ideas, about how a record label should be run. Soon the label was feeling better and everyone started talking about the Cinderella story of the year.

ODAY, 12 months later, Mega Records and Tapes stands out as one of the strongest independent labels in the country. Great acts, great releases, and great distribution have added up to magic for Mega.

And everyone lives happily ever after.

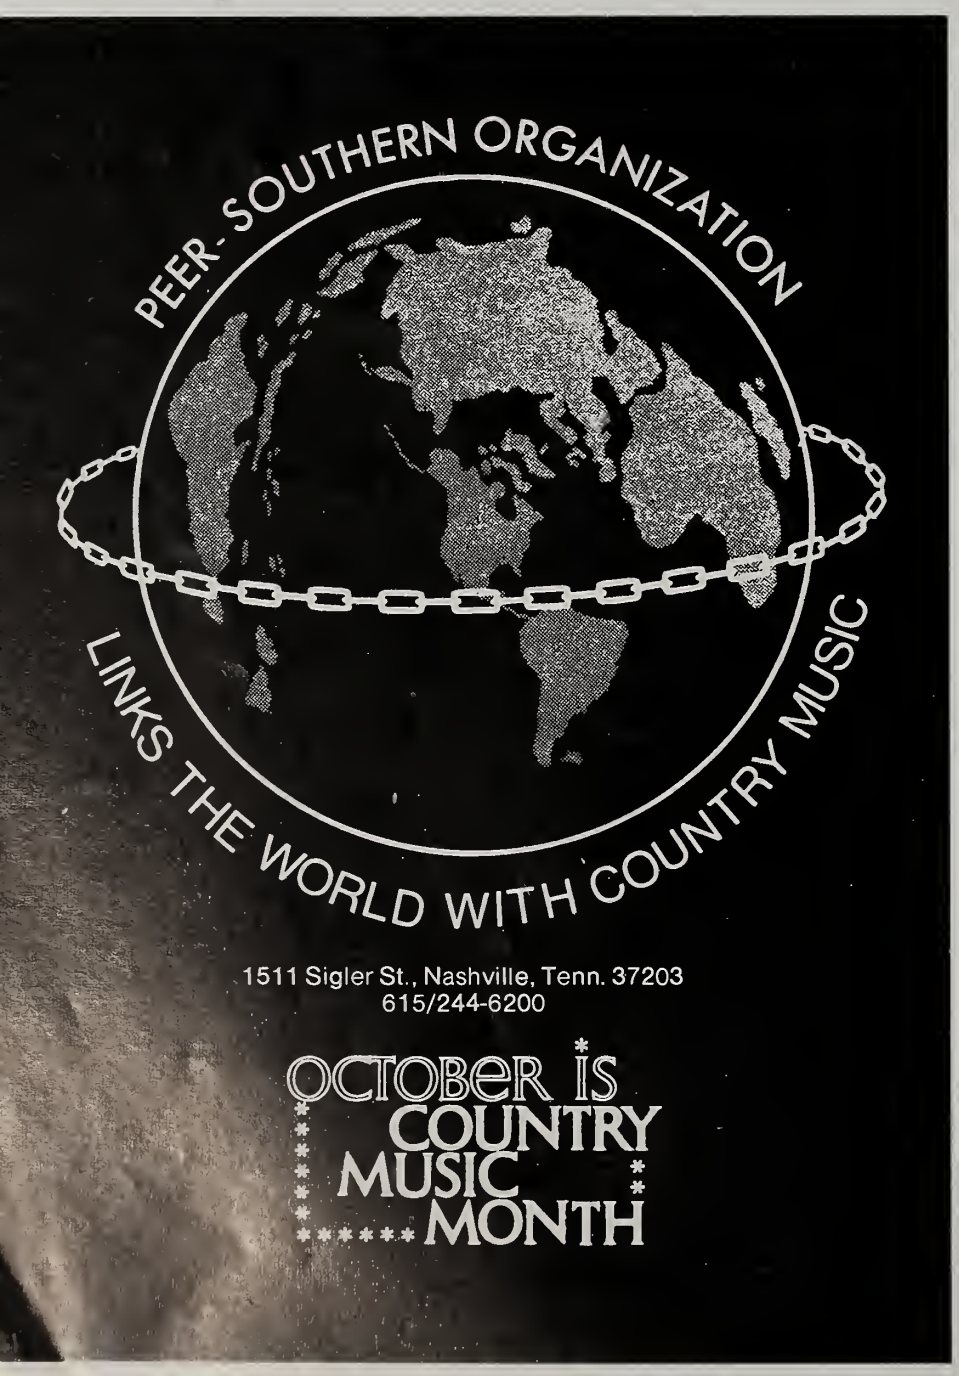
MUSIC

MONTH



Ten Years On: Country Music Foundation, Inc.

NASHVILLE — After ten years of operation, the Country Music Foundation has begun to fulfill the expectations of those industry leaders who organized and sustained it. Though the Country Music Foundation, Inc. was chartered as a tax-exempt public charity in 1964, its history as an idea extends into the late 1950s. It was in that period that the concept of a Country Music Hall of Fame was first put forward by music-industry leaders. For several years the Hall of Fame was without a permanent home, and plaques honoring elected Hall of Fame members were housed in the Tennessee State Museum. In 1964, three years after the first member was inducted into the Country Music Hall of Fame, the Country Music Foundation was established, and immediately began a fund-raising campaign within the music industry and the community of Nashville aimed at financing a physical plant to house the Hall of Fame and an associated museum. The program gained support from many corporations and individuals, and construction of the Country Music Hall of Fame and Museum was initiated in 1968. The facility was opened to the public on April 1, 1967. Since that date, the foundation staff and board of trustees have endeavored to complete educational programs which would enhance the public service role set forth for the organization. In each of its subdivisions, the foundation has met with marked success.

The Country Music Hall of Fame and Museum: The Hall of Fame has met with dramatic success in its eight years of operation. Museum attendance has increased steadily over the years, and 1974 will witness a total attendance of more than 300,000. In response to the public acceptance of the museum program, two major new exhibits — one honoring the Pioneers of Country Music and a major revision of the museum's theatre — will be completed for the 1975 season. In 1975, the Hall of Fame will initiate a half-million dollar expansion program designed to double the size of the Hall of Fame's display area.

The Country Music Foundation Library and Media Center: From the earliest days of the Foundation, the board of trustees determined that a library and sound archive was an essential portion of the foundation's education program. The library and media center is today the largest and most active popular music research center in the world. The library holds more than 3,000 books, 50,000 disc recordings, and thousands of audio and video tapes, films, vertical files, and song folios. The Library also operates an active oral history interview project and a major video tape archive. The library and media center has established itself as a leading force in national organizations of music libraries.

The Country Music Foundation Press: A publications program is an essential part of educational communication, and the board of trustees of the foundation has created both periodicals and books designed to communicate with all those interested in the history of country music and commercial music. The Foundation Press publishes the "Journal of Country Music" four times each year. Four books have also been published by the press: "The Proceedings of the 1890 Convention of Local Phonograph Companies," "The 1921 Gibson Catalog," and "The 1940 Martin Catalog" are all reprints of historical works important to an understanding of the history of commercial music. "Bill Monroe and His Blue Grass Boys: An Illustrated Discography," was compiled and edited by Neil V. Rosenberg, and is the first book-length work published by the foundation from an original manuscript. The Foundation Press is an expanding portion of the Country Music Foundation's activities, and several new publications are planned for 1975.

Through all of its subdivisions, the Country Music Foundation attempts to fulfill the educational role established in its charter. The foundation is a unique institution, for it is a complete educational system established by a major media industry. Through its efforts, the foundation has become the repository for the history of country music, and has emerged as a source of great pride to the music industry.

The staff of the foundation is headed by executive director William Ivey. The board of trustees is composed of Frank M. Jones, Capitol Records, chairman; Connie B. Gay, president; Harold Hitt, Harold Hitt Enterprises; executive vice president; Roy Horton, Peer-Southern Organization, vice president; Bill Lowery, Lowery Music, vice president; Minnie Pearl, secretary; Joe Talbot, Joe Talbot and Associates, treasurer; Bill Denny, Cedarwood Publishing Company; Grelun Landon, RCA Records; Brad McCuen, Peer-Southern Organization; Ken Nelson, Capitol Records; Dorothy Owens, Buck Owens Enterprises; Frances Preston, Broadcast Music, Inc.; Wesley Rose, Acuff-Rose Publications; and Bud Wendell, Opryland and the Grand Ole Opry.

Fan Fair Proceeds Earmarked For Anti-Piracy Campaign

NASHVILLE — Joe Talbot, chairman of the board of the Country Music Association, has announced that the Fan Fair Committee voted to donate the proceeds of $40,045.48 from Fan Fair '74 to the CMA, a substantial portion of which will be earmarked for the fight against tape piracy.

This year's Fan Fair was the most successful of all the previous such events and comments such as the following made by George and Jewell Warner in the Susan Raye Fan Club Publication were typical of the fans' reactions to the festivities: "How can you ever attempt to evaluate the Fan Fair — it's an impossibility — but everyone owes to himself one whale of a time and that time has to be at Fan Fair."

Inasmuch as the record companies and their artists donated much time and talent to this success, a special note of gratitude should be expressed to them. For the first time since Fan Fair began in 1972, funds were left over after expenses for distribution. Those record labels sponsoring Fan Fair shows were reimbursed at the rate of $1,000.00 per show/hour.

Interest in the 1975 Fan Fair to be held in Nashville, June 11-15, is very strong as evidenced by the number of requests for information being sent to both the CMA and Grand Ole Opry offices. Requests for booth space during the event have now reached approximately 150.

Members of the Fan Fair Committee are: Joe Talbot, Wesley Rose, Bud Wendell, Joe Allison, Ron Bledsoe, Jerry Bradley, Chic Doherty and Jim Foglesong. Fan Fair is co-sponsored by the CMA and the Grand Ole Opry.

Tally-MCA
A Landmark Achievement

OS ANGELES — Tally-MCA Records, ie newly-formed Merle Haggard-Fuzzy wen label that will have world-wide istribution through MCA, is unique mong the independents in that it is the rst label to be founded and adinistrated by a major country recording rtist. The multi-million dollar istribution agreement with MCA acords both Haggard and Tally a status iat has previously been realized only by op artists — Elton John and Rocket ecords, which is also distributed by ICA, provide the most immediate paral-l.

Unlike John, Haggard currently ecords exclusively for Capitol Records nd is not under contract to his label's istributor. Haggard and his personal anager, Fuzzy Owen, will direct Tally-ICA operations from their Bakersfield ffices, although a change of location is nticipated within the near future. Tally s also planning to appoint a label anager, since Haggard intends to conue fulfilling his own touring and reording schedules. Both Haggard and)wen, therefore, will function primarily s a&r administrators and general anagers of Tally.

Fuzzy Owen has owned the Tally ame since the late fifties. In 1962 he igned Haggard to Tally Records and eleased "Sing A Sad Song"; after three it singles, Owen retired Tally in 1965, igned Haggard to Capitol Records, and levoted himself to full-time anagement. He and Haggard now hare ownership of Tally-MCA.

The firs. release on the new label is Ronnie Reno's "The Wintering Kind," b/w "September in Miami," scheduled for October 15th. Reno, who previously played with Sonny and Bobby Osborne and is currently guest artist on The Merle Haggard Show, is a singer, writer and guitarist, and he has just finished recording his debut album at Jack Clements Nashville studios, Bill Compton producing.

Bonnie Owens, who was also on the original Tally label and recorded for Capitol until last year, is currently completing her initial sessions for Tally-MCA. She is the only artist who will be produced directly by Haggard and she, too, is a guest star with his show.

Neither Haggard nor Owen intend to make Tally-MCA an exclusively country-oriented label and their third debut group, Silver Creek, is a contemporary, highly versatile country-rock band from the Northwest. No official release date has yet been scheduled, but the group has nearly completed their first album in Bakersfield, Roy Nichols producing.

In discussing the future of Tally-MCA Records, both Haggard and Owen emphasize the artist development that is possible with a small, personalized label that has major company distribution and promotion. Although negotiations are in progress for name artists as well, the new label will be introducing new talent, concentrating on quality production and merchandising designed for the needs of the individual. Haggard's own experience and the unique distribution agreement with MCA Records combine to make Tally-MCA one of the most viable of the independent labels.

SESAC Awards Banquet To Mark A Record Year

NASHVILLE — Bob Thompson, Executive Director of Nashville Operations for SESAC, reveals that this year's annual awards banquet, to be held at Nashville's Woodmont Country Club, Thursday evening, October 17th marks a record for SESAC in the number of awards to be presented, based on chart achievements of a composition written and published by SESAC affiliates.

A total of 115 awards are to be presented at this year's affair. Plans for this gala evening include a departure from the previous black tie function and a more relaxed, intimate atmosphere representative of SESAC's ten year period of continual growth in Nashville. Thompson will preside over the awards function of the banquet assisted by his staff of Aleene Jackson, Public Relations Coordinator, and Fran Watkins, Administrative Assistant. Also taking part in the presentation will be Jim Black, Coordinator of Gospel Music — a 1974 staff addition to the Nashville SESAC operations.

It is anticipated that the leading executives of every record company, along with SESAC publishers, writers, artists, and dignitaries from the governmental, financial, and business community in Nashville will attend the 1974 awards banquet, which has become over the years, a premiereevent during the CMA-WSM celebration.

The enormous success enjoyed during 1974 by the Ricci Mareno stable of writers and MGB Productions is certain to come in for heavy awards recognition. Ted Harris, Glenn Ray, John Virgin and Lorene Mann are other writers certain to be honored.

Some of the songs written and published during 1974 include "I Just Came Home To Count The Memories," one of Contention Music's songs currently on the new Cal Smith album; the current Tommy Overstreet single, "If I Miss You Again Tonight;" the ever-popular "Crystal Chandeliers" on Bobby G. Rice's LP; "My Wife's House," Jerry Wallace's single; "Stay 'Till I Don't Love You Anymore" on Melba Montgomery's album; and such Hello Darlin' Music songs as "You Make It Hard (To Take The Easy Way Out,)" "She's Just Not Over You Yet," and "A Bad Seed My Daddy Sowed," all on various albums by Conway Twitty.

These hits, along with many other SESAC tunes, are sure to add to the overall entertainment of the 1974 SESAC Awards Banquet.

Hoyt Axton Re-Signs With BMI

HOLLYWOOD — Singer/composer Hoyt Axton has re-signed with BMI, AS ANNOUNCED TODAY BY BMI vice president, Ron Anton.

Axton, whose numerous hits include "Greenback Dollar," "The Pusher," "Joy To The World" and his current "Boney Fingers" single on the A&M label, has been associated with BMI since 1964.

Both BMI and Axton deem the re-signing one of the most important associations during the last decade.

COUNTRY ARTIST OF THE WEEK
Glen Campbell

"The Good Time Hours" — There have been many long miles of just plain "pickin' " between the time Glen Campbell was born in Delight, Arkansas and today when he is recognized as one of the most celebrated talents in the entertainment world. He has 11 gold records, each representing sales in excess of $1 million, he's won virtually every honor and award around, and was certified by **Cash Box Magazine** as the most programmed artist on radio, making him only the second vocalist in 12 years to supplant Frank Sinatra; the other was Elvis Presley in 1965.

The seventh son in a farm family of eight boys and four girls, he began to play a guitar at the age of four, when his father, through a Sears Roebuck catalog sent for one priced at $5.00.

He drew on whatever music was at hand, including hymns he sang in the choir at the Church of Christ, tunes he heard at the county fair, and records that the local radio stations played.

Glen Campbell picked cotton, hoarding money until there was enough to buy his way into the movie house. An idol was John Wayne, and sometimes he dreamed about being in a movie with him.

His first musical jobs were with an uncle, Dick Bills, and they toured the southwest, playing dates. After a while, he could play almost anything a customer might request, country, jazz, whatever.

Then, when he formed his own band, Albuquerque, New Mexico and a club called The Hitching Post became home base until the next move took him to Los Angeles where he began appearing with local bands, started playing at sessions for recording such stars as Sinatra, Dean Martin, Johnny Cash, Elvis Presley, and the Mamas and Papas, filled in for an absent member of the Beach Boys and appeared on "Shindig." Soon he signed a contract with Capitol Records, after achieving a modest hit, "Turn Around—Look At Me," for a smaller label. But it was not until after he found and recorded a song in Nashville, called "Gentle On My Mind," that the name "Glen Campbell" became synonymous with "stardom." "By The Time I Get To Phoenix," "Hey Little One," "Wichita Lineman" and others kept it his, along with the savvy of a personal manager, Nick Sevano, who negotiated Glen onto the CBS-TV schedule.

First it was as the host of a summer replacement series and promptly thereafter as host of The Glen Campbell Show, a regular season entry that ran for 4½ years, until the star requested and received relief from the weekly grind. (He fills in with specials nowadays.) Too, Glen signed a motion picture contract. The first film fulfilled that boyhood dream. He co-starred with John Wayne, in "True Grit." The next year he starred in "Norwood."

Television, concerts and other professional obligations have kept him away from films pretty much. He's now among the major crowd-pullers to the Hilton International Hotel in Las Vegas and, every so often, finds time for a special engagement, such as a command performance for the Queen of England.

He made his first concert tour of England in 1973, and otherwise, is equally at home and well-received whether playing a county fair or in New York's Carnegie Hall.

His fascination with golf — and no small measure of skill — brought him another honor he holds dear. He hosts the Glen Campbell Los Angeles Open in Los Angeles, a major event on the PGA tour.

Glen Campbell's Capitol recording hit is "Bonaparte's Retreat" and was directed by Jimmy Bowen. Booking is by Regency Artist LTD with public relations representation being by Levinson & Associates.

Fifty States Records Inks Distribution Pact With Nationwide

NASHVILLE — 50 States Records has signed a distribution agreement exclusively with Nationwide Sound Distributors of Nashville. Nationwide president, Joe Gibson, reports that the response on the first few releases under the new agreement has been overwhelming. The first release handled under Nationwide, "Watch Out For Lucy" by Bobby Penn; has been successful in almost every major market and singles by Wendel Adkins, Les Martin, Lynne Burns and Jimmy McGuire have made great strides in being introduced to the radio markets. Adkins' release "Tobacco Rose" and Martin's release "We Made Love," both gained tremendous radio exposure under the new distribution pact. Late September releases for 50 States include Lynne Burns, with "Love Is Still Number One" and "Whisky Rose" by Jimmy McGuire. Gibson reports great early response on both records. Under the new agreement, Betty Gibson will exclusively handle all station promotion for 50 States.

50 States, now in its fourth year, got off to a great start back in 1971 with "You Were On My Mind" by Bobby Penn and then followed with successful records on "Sunshine Lady," "High Heel Sneakers" and "Lay Your Sweet Lovin' On Me," all done by Penn.

50 States president, Donald Riis, says that the agreement recently signed with Nationwide Sound Distributors "is the best thing that could happen to our determined record company. We have strived to make our product competitive with all the major companies and with our teaming up with Nationwide, our product will be available to the consumer and our product will get first class promotion with Betty Gibson. We've had some good things happen late in this year and we're looking forward to our biggest year in 1975."

The A&R department for 50 States is handled by Charlie Fields and Johnny Howard on an independent basis; both Fields and Howard have worked together on successful singles for the past six years. Fields and Riis were both instrumental in writing many of the Bobby G. Rice hits including "You Lay So Easy On My Mind."

Label president Riis states, "before our distribution agreement with Nationwide, we were very appreciative of the many stations that believed and programmed our product, but now we've got the horses hitched up and with the team we've got together, I think the programmers that had held off on our product because of lack of promotion, now will give us a better than ever chance to compete." 50 States has also had moderate success with first releases by Tommy Winslow and Phil Leach; both will have new releases shortly on the label.

Nationwide offices are located at 207 12th Avenue South, Nashville, and 50 States is currently housing offices at 812 16th Avenue South in the Music City.

50 States also announces that an album is forthcoming on Bobby Penn, due to the success of his single, "Watch Out For Lucy." 5C States president Riis adds, "we're an independent, fighting the same problems that all the independents do, but we're growing and we're very happy with our recent signing with Nationwide."

Hoyt Axton Buys Back Old Masters

HOLLYWOOD — Songwriter/performer, Hoyt Axton, has signed an agreement with Bernie Solomon of Everest Records, a division of Pickwick International, to purchase four of his early albums released by Everest. The albums, "Hoyt Axton, Live At The Troubador," "Greenback Dollar," "Thunder 'N' Lightnin'," and "Saturday's Child," will be maintained by Axton for possible re-release on another label.

Currently, the Hoyt Axton A&M single, "Boney Fingers" is climbing into top ten position on the c&w charts. It's success has been largely contributed to Hoyt's mother, Mae. The 53-year-old Mrs. Axton personally promotes her son's work out of sheer pride and has, to date, visited radio stations in some 75 southern cities. She too, also a well-known personality in the music business for having written the Elvis Presley hit, "Heartbreak Hotel," has been interviewed by over 100 stations on her son's behalf.

Axton is presently in Los Angeles recording and co-producing a new album with Henry Lewy for A&M Records.

Alva Sets Release

LOS ANGELES — The country division of Alva Records has set the release of two singles for October, according to general manager Eddie Gurren. "Touch and Go" b/w "Both Feet On The Ground" by Darlene Valentine and "Country Sealed and Pedal Steeled" b/w "A Fast One" by Back Home, a duo comprised of Mark Vaughan and Bruce Ruscitti, mark the debut records for both West Coast-based acts. "It's very disheartening in LA here, what with country folk from all over the world gathered together into one of the largest metropolitan areas in the world, to have so little country music and country entertainment," Gurren said. "We intend to put LA on the country music map this year."

Bakersfield, Cal. 'Nashville' West

BAKERSFIELD, CAL. — Nestled in the flourishing agricultural heart of California between Los Angeles and San Francisco, is a place called Bakersfield. Bakersfield is a gentle, homey community that provides a relaxing atmosphere. Naturally, this is very conducive to the creative excitement of today's country music. It has been from here, since 1952, that Buck Owens' burning desire to be involved in country music proved to be fire — not smoke. He polished his ambition with knowledge from such people as Bill Woods and from Capitol recording sessions in nearby Hollywood.

CASH BOX Country Talent on Stage

Larry and Lorrie Collins

PALAMINO CLUB, L.A. — Larry and Lorrie Collins, country-oriented, brother-sister act, appeared with their Oklahoma River Bottom Band at the Palamino Club, North Hollywood, Ca., Oct. 4-5.

The duo treated the enthusiastic audience to country and western traditionals like "Louisiana Man" and "Dead Skunk in the Middle of the Road" as well as contemporary material, such as John Denver's "Sunshine." Lorrie handled most of the vocal load. Her big solo spot, Dolly Parton's "Down From Dover," received one of the biggest hands of the set. Larry also scored instrumentally with "Classical Gas."

One of the band members, Carl Waldon, billed as "The Professor," was a major hit with his comedy-oriented impressions of the Inkspots, Little Richard, Jimmy Reed, James Brown and Kitty Wells, among others. His musical versatility with steel guitar, harmonica and fiddle was featured throughout.

From here, Larry and Lorrie Collins traveled to Reno and opened at Harrah's Oct. 8.

George handles this teary-eyed ballad with strength and conviction. No sound has er hurt him more than the closing of the door behind his lover as he so tenderly lates. Orchestration produced by Billy Sherrill underpins the lyrics which should be ard on the charts in no time. Flip: No info. available.

REDDIE HART (Capitol P-3970)
y Woman's Man (2:52) (Al Gallico Corp./Ben Peters, BMI—G. Richey—B. Peters)
This doleful ballad spotlights Freddie's mellow voice skimming over subtle orestration which builds towards a climax. Freddie sings about that good feeling owing that he's his woman's man. Good production by George Richey puts it all gether. Don't overlook it. Flip: Let's Clean Up This Country (2:17) (Hartline, BMI-F art).

OHNNY CASH & ROSEY NIX (Columbia 3-10048)

This father and daughter combination take a Cat Stevens song and make it their wn. HARLIE McCOY (Monument ZS8-8625)
Can't Help It (If I'm Still In Love With You) (2:41) (Fred Rose, BMI—Hank Williams)
This Hank Williams tune culled from Charlie's "Nashville Hit Man" LP is given an instrumental reworking. Harmonica and pedal steel guitar dominate this laid back number with excellent musicianship being the key. It shouldn't take long for this one to atch on. Flip: The Way We Were (2:37) (Colgems, ASCAP—Marvin Hamlisch—Alan ergman—Marilyn Bergman).

AY PRICE (Myrrh MS-146)
ke Old Times Again (3:42) (Keca, ASCAP—Jim Weatherly)
Ray's deep, smooth voice combined with the lyrics of the prolific Jim Weatherly akes for a winning combination here. Ray finds himself clinging to memories after s relationship has gone sour on this moving ballad. He just wants it to be like old mes again, but realizes it's just not to be. Full, lush orchestration underlines the motion in Ray's voice. A sure shot. Flip: My First Day Without Her.

AT STUCKEY (RCA-JH-10090)
ou Don't Have To Go Home (2:18) (Monkhouse, BMI—Nat Stuckey—Paul Wassell—obert L. Younts, Jr.)
An uptempo tongue-in-cheek offering from Nat takes several twists but the message of this disk, "you don't have to go home, but you can't stay here," sums it all up. his one should even surpass Nat's last hit, "It Hurts To Know The Feeling's Gone." lip: No info available.

RIAN COLLINS (Dot-DDA-17527)
hat's The Way Love Should Be (2:20) (Famous, ASCAP—M. Blackford—J. Dougher—D. Gillon)
The title track from Brian's latest album is a ballad of the first order. With a string arangement by Chuck Sagle, Brian sings about the way love should be and he paints uite an appealing picture. With such a tender, tasteful execution, this should have no ouble finding its way up the charts. Flip: No info. available.

ARRY HOSFORD (Shelter SH-40312)
ong Distance Kisses (2:24) (His and Her, BMI—Larry Hosford)
Larry penned his own debut single which is a sparkling upbeat ditty. He has to peak to his girl long distance over the telephone if he's going to speak if he's going o speak to her at all and he's not pleased with the arrangement. Sprightly, country instrumentation includes some excellent guitar and fiddle playing. You won't want to ang up on this one. Flip: No info. available.

ODY MILLER (Epic 8-50042)
ountry Girl (2:20) (Al Gallico, BMI—P. Gosling—A. Hawkshaw)
A good tune with a dynamic vocal workout looks like the one to establish Jody once nd for all as a major talent. Though synthesizer has not yet been accepted as a ona-fide country instrument, it works well within the context of the arrangement to ake for an unforgettable disk. Jody claims that even though she's leaving home, he'll always be a country girl, and with records like this, she'll always be a winner. lip: No info. available.

ARBARA FAIRCHILD (Columbia 3-10047)
ittle Girl Feeling (2:47) (Duchess, BMI—H. Cornelius—J. Crutchfield)
This lilting ballad conveys its downtrodden message of a relationship gone bad with stunning vocal from Barbara. Her voice is tender yet strong and sure to capture your ttention. ock On Baby (2:43) (Chappell, ASCAP—Johnny Wilson—Gene Dobbins)
Brenda's telling her lover to rock on because she's not going to try to tie anyone own on this easy flowing number which looks like it will pick up where her last hit, Big Four Poster Bed," left off. Brenda's distinctive voice lends a bit of sensuality to his number which is augmented by solid instrumentation and a strong chorus. Flip: lo info. available.

CLASSIC CLARK — Roy Clark — Dot DOSD 2010

On his latest album, Roy Clark runs the gamut, covering songs as far reaching as Bobby Millsap's "The Chain" and Buffy Sainte-Marie's "Until It's Time For You To Go." Known primarily for his guitar prowess, there is only one instrumental track on which he lets loose ("Room Full Of Roses"), as he is now putting his energy behind his vocals, coming on strong with numbers like "Take Good Care Of Her," "Hello Love," and "A Brand New Day." Ballads include "The Great Divide," "It's Impossible," and "You're Gonna Love Yourself (In The Morning)," making for a well rounded album capped by the fine production of Jim Foglesong.

MEL TILLIS' GREATEST HITS — MGM M3G-4970

This collection of Mel Tillis' greatest hits which covers the years 1972-1974 sparkles like a jewel. Tillis' distinctive style is incomparable in the field of country and this album serves as either an excellent introduction or a good reminder of his numerous hits. Among those that should be most familiar here are "Midnight, Me And The Blues," "Would You Want The World To End," "Stomp Them Grapes," "If I Throw Away My Pride," and "It's My Love (And I'm Gonna Give It)."

A consistent chart maker with several gold records to his credit, Johnnie Taylor has a new single, "It's September," which just began its climb up the record charts following his recent hit, "I've Been Born Again." Both are from his current album Super Taylor (STS 5509).

Bruce Morrow: From DJ To Personality

NEW YORK — Since leaving WABC, Bruce Morrow feels he has had a resurgence of creative energy which had been stifled to do a strict adherence to top-forty format. For as Morrow said, "Radio is human. If you take away the human element you are left with a jukebox." He went on to say that radio is a reflection of a particular market, that there should be intimacy within a small regional or local area. There are three types of AM formats which stations use. The statisticians' format relies strictly on charts and demographics to reflect the kind of music which the station is playing. The personality format relies on the DJ as personality to keep in touch with his respective audience. The x and y format is a little talk and prizes and contests announced every other record. These three formats are the governing formats of AM radio stations. Morrow said he was at odds with the tight playlists of only established hits that WABC constituted. He wished for more creative latitude to reach his audience which WNBC offered.

"I want to get involved," Morrow states unequivocally, "and WABC did not give me the latitude I needed to feel alive on the radio. After all I do not consider myself a DJ but rather a personality. I feel that WNBC gives the radio audience an alternative to the strict programming format and limited playlist that WABC enforces." On WNBC Cousin Brucie, which is the name which has been with him for the last thirteen years of his professional career and which he chooses to keep, has the latitude to editorialize. He makes his listening audience a direct audience with direct involvement with such devices as listener requests, evaluations of new discs which are introduced on the air, and contests, and promotes a more healthy involvement with the entire radio scene through the humanity with which he deals with his audience.

Morrow said, "Rock has grown up and radio must also. Listeners are more sophisticated now and they want to hear more than fifteen records at any one given time." And with the added listener involvement Morrow has instituted in his format a mini-concert which is a 15-20 minute segment of uninterrupted music. He also has a super rock special which is a syndicated 150 station program carried nationally on every Sunday evening, with the likes of Elton John and Chicago performing their music and rapping with Cousin Brucie.

With all this involvement Bruce still has time to get involved with causes such as the Heart Fund of which he is chairman, and has sponsored a bicycle-a-thon. He also does work for Cystic Fibrosis and retarded children. He is the host of this year's Cleo awards and he will be going to London on the 25th of this month to host an English concert featuring Slade among other groups.

As Morrow concluded, "I'm in love with radio again," and by listening to him we can readily see that.

r&b ingredients

Columbia Records has announced the release of "We Got Love," **Buddy Miles'** latest single for the label. The release is featured in his forthcoming LP entitled "All New Faces." The album exhibits a new musical maturity in the drummer and vocalist and is the product of Miles' first collaboration with producer Johnny Bristol. Miles began his career at age thirteen when he began drumming for artists like **The Ink Spots, Wilson Pickett,** and **The Dick Clark Review.** Later with **The Electric Flag** he first displayed his vocal talents. Buddy's departure from the Electric Flag led to his eventual establishment of an individual identity on the music scene. He joined **Jimi Hendrix** and **Billy Cox** to form **The Band of Gypsies.** Then came his three solo albums, including "Them Changes," and his live concert LP with **CarlosSantana.** An extensive concert tour is currently being planned in conjunction with the release of "All New Faces" and Buddy also is back with the reformed Electric Flag . . . **B.B. King,** ABC/Dunhill recording star, after returning from the Zaire '74 music festival held in Kinshasa, Zaire, opened his 4-week stint at the Las Vegas Hotel on October 3. B.B. is currently hot on the charts with his new single, "Philadelphia," as well as with his album, 'Friends." The blues master's newest LP, "Together For The First Time," recorded with **Bobby "Blue" Bland** on ABC Records, was just released in quad . . . Motown Records' star **Syreeta,** has started her first European tour which takes her to Holland, France and England. Tour kicked off in Amsterdam on Oct. 3 where she performed on "Top of the Pops" and "Old Whistle Stop" TV shows. Syreeta's single "Spinnin' And Spinnin' " is riding high on the European charts . . . **Eugene McDaniels** has been recording at A&M Studios in Los Angeles for the past month and is currently finishing a new album. Negotiations are under way for McDaniels' record affiliation . . . **Sonny Turner,** former lead singer with **The Platters** is negotiating with three major labels who are interested in distributing his first solo album on his Sonny Label . . . **Eddie Lambert,** general manager of Haven Records, has announced the singing of singer-songwriter **Cunningham** to the label, headed by **Dennis Lambert** and **Brian Potter.** Cunningham's first Haven release, "Norma Jean Wants To Be A Movie Star," will ship on Oct. 14, distributed through Capitol. "Norma Jean" is a Cunningham original . . . **Percy Sledge,** popular R&B vocalist of the mid-sixties, best known for his huge hit "When a Man Loves A Woman," recently signed to Capricorn Records and his debut single is titled "I'll Be Your Everything." The key ingredients that helped make Sledge a star of the '60s are involved in the new efforts: **Phil Walden,** Percy's former manager and now president of Capricorn; **Quin Ivey,** Percy's producer; the **Muscle Shoals Rhythm Section;** plus the same background vocalists involved in Sledge's initial recordings for Atlantic Records. An album is currently in the works, being recorded at Muscle Shoals Sound Studios, scheduled for a mid-winter release . . . Motown Records this week began shipment of three singles, the **Commodores** followup to their smash, "Machine Gun," titled "I Feel Sanctified" which is from their "Machine Gun" LP; "Who's Right or Wrong" by **Edwin Starr,** who just returned from a very successful Japanese tour; and the **Jackson Five's** "Whatever You Got, I Want," which is from their album, "Dancing Machine."

Taylor to London For 'In Concert'

HOLLYWOOD — Stax Records artist Johnnie Taylor is scheduled to spend three days in London this month, taping his postponed segment of the BBC's "In Concert" TV show.

Taylor was to appear on the British program July 15th, but the BBC was hit by a strike that caused several weeks' TV production to be cancelled or rescheduled.

On October 22nd Johnnie is slated to tape a 45-minute segment for the show, the first major program of its kind and the progenitor of several American TV rock programs. Other Stax artists, including The Staple Singers and Rufus Thomas, have appeared on the BBC "In Concert" recently or will appear in the near future.

A consistent chart maker with several gold records to his credit, Johnnie Taylor has a new single, "It's September," which just began its climb up the record charts following his recent hit, "I've Been Born Again." Both are from his current album "Super Taylor."

Pointers Tour US; Ready For Japan

HOLLYWOOD — An appearance at the Grand Ol' Opry in Nashville, plus a headlining stint at the Arizona State Fair in Phoenix highlight a short personal appearance tour of the United States for the Pointer Sisters before they leave again for a concert tour of Japan in mid-November.

The sisters have just returned from London and a tour of Europe, which included concerts and television engagements.

The Pointers are set to perform at the Country Music Association convention in Nashville on Oct. 18, and one week later will perform at the Grand Ol' Opry.

They'll also headline at Middle Tennessee State University at Murfreesboro (Oct. 26); Univ. of Texas at El Paso (27); Arizona State Fair (28); Fairmont Hotel in Dallas (30-Nov. 9), and Armadillo World Headquarters in Austin (10).

Bristol's 'Meet The Man' Receptions Set

HOLLYWOOD — A major series of "Meet the Man" receptions, saluting producer-composer turned artist Johnny Bristol, has been scheduled by MGM Records and will kick off Tuesday, Oct. 22, in Chicago.

Also on the whirlwind itinerary are Detroit, New York, Philadelphia and Atlanta, with the addition of other cities dependent upon Bristol's availability outside the recording studio, according to Stan Moress, MGM vice president-A&R.

Bristol jumped onto the charts here and abroad with his debut single as a performer, "Hang On In There, Baby," from his first album for the label. The follow-up single, due for late October release, is another Bristol composition, "You and I."

Bristol is newly-returned from a series of television and radio appearances in London, including "Top of the Pops," the key chart-oriented TV show. His invitation there was prompted by the swift chart entry of "Hang On In There, Baby," as well as Britain's Number 1 single, "Love Me for a Reason."

The latter Bristol song, while on his LP, made it to the charts both in Britain and the U.S. in a cover version by The Osmonds.

Eckstine Honored At Black Expo '74

CHICAGO — Black Expo '74, sponsored by Operation PUSH, closed its fifth year with "Memory Lane Night" honoring Enterprise artist Billy Eckstine. Among others joining the final jam on stage at the Chicago Amphitheater were Sarah Vaughn; Roebuck "Pop" Staples of the Staple Singers; comedian Billy Wallace; Rev. Jesse Jackson, head of Operation PUSH (People United to Save Humanity); comedian and TV series star Redd Foxx ("Sanford and Son"); singer Joe Williams; and "Mr. B." Eckstine was honored for his 40 years as an entertainer and his contributions to the culture of Black Americans.

Larkin Arnold: Capitol's Mr. Soul

HOLLYWOOD — A mere eighteen months ago a young attorney named Larkin Arnold was appointed manager of Capitol Records' soul division. At that time the label boasted an established songstress named Nancy Wilson as its only black artist. Under Arnold's leadership, the soul division has grown by leaps and bounds, and Capitol's roster of black artists now includes the likes of Tavares, Barbara Acklin, Coda, Gene Redding, and Monomono, as well as Nancy Wilson.

Arnold, who hails from Kansas City, Missouri, graduated from Howard University's Law School and was initially associated with Capitol's legal division as a corporate lawyer handling artist contracts and record production. The increasing success of black artists on the pop charts was readily apparent to Capitol's top executives, as was Capitol's void in the soul arena.

"The soul division organizes Capitol's activities in one central unit," states Arnold. "We supervise the selection of black artists for the label, and oversee an act's repertoire, the image that is projected, and the manner of promotion. This allows for a continuity of effort, and prevents someone from signing a rock act and promoting it with a jazz image."

"We do not limit the Soul Division to include only R&B clients, it is important to have a diversified clientele. Our roster boasts acts in the jazz, rock, and pop areas as well."

"I look for uniqueness in a potential client, otherwise I'm not interested," he says. "It can be in the name, appearance, timbre of the voice or stage performance of an artist. Around that unique quality we build a marketing and promotional campaign."

"My philosophy is that we maintain a relatively small roster of acts with career development potential and concentrate on building them into stars. I prefer signing a relatively unknown act which will grow rather than signing an established artist whose future may be already past, due to success previously achieved."

Senegal National Dance Co. Returns To Seattle

HOLLYWOOD — The National Dance Company of Senegal, a West African ensemble of 40 singers, dancers, acrobats, stilt-walkers, drummers and other musicians, returns to Seattle for a performance at the Moore Theatre Friday, Nov. 1 at 8:30 P.M.

The Senegalese troupe brings brilliant dances, vibrant rhythms and fresh songs to their earthy depiction of ancient African traditions and values.

Unlike the dance of Western cultures, the African dance functions as an integral part of the life processes. The Senegalese dance to ensure a good harvest, to propitiate the gods, to exorcise evil spirits, to pray for fertility. Undistorted by cultural mimicry and practiced poses, their dances are the most natural expressions of the human body.

A critical smash hit in previous U.S. tours, Anna Kisselgoff of *The New York Times* wrote: "For anyone interested in people, let alone dance or Africa, this group of dancers, singers and musicians, must not be missed."

Tickets for the performance, a Northwest Releasing event, are available at the Bon Marche and suburban outlets: Shoreline Music, Lamont's in Burien, Campus Music, Bell, Book and Candle in Bellevue and Bandwagon Music in Crossroads.

ZULEMA SIGNS WITH RCA — Singer-pianist Zulema, known affectionately to her fans as "Z," is shown here signing an RCA contract. Having completed her first recording sessions at RCA's New York studios, a single, "Wanna Be Where You Are" will be released shortly. The single was produced by Beau Ray Fleming, well known for his work with Mandrill, The Toys and Jon Lucien, who is also an RCA Records artist. Mr. Fleming also serves as Zulema's personal manager.

Tom Draper, director, rhythm and blues for RCA, stated, "Zulema is a contemporary performer's performer; she sings and plays with zip, zest and zeal, and nobody cops zzzzzzs when she's on!"

After concluding a week's engagement at New York's famous Half Note Club, Zulema made her Gotham concert debut at Avery Fisher Hall in Lincoln Center along with comedian Richard Pryor. Pictured left to right are Tom Draper; Frank Mancini, division vice-president, artists' relations; product manager Ray Harris; Beau Ray Fleming and (seated) Zulema.

Atari Bows 1st Non-Video Game — 'Touch Me'

LOS GATOS, CA — Atari, Inc. has announced the introduction of "Touch Me," their first non-video computer game, which challenges the mind as well as eye-to-hand coordination skills.

Play time is limited only by players' ability to remember — and repeat correctly — the ever changing sound patterns. The computer allows three mistakes, after which game play is ended.

Touch Me challenges the player to remember the sequence of sight and sound, and correctly repeat the pattern. The drop of a quarter in the top mounted acceptor activates the computer to present a single tone sound. When the sound occurs, the corresponding button lights to give a visual clue. Then the game pauses long enough for the player to 'confirm' the sound to the computer by pressing the same button that was lighted.

A digital score window shows the total number of different sound sequences a player correctly repeats. "Nobody can play it just once because Touch Me challenges your memory," said Atari sales manager Pat Karns. "You've got to play it again because you must be able to do better than the first time."

Like all Atari computer games, Touch Me has had the special Dura-Stress computer process for long life and maintenance-free operation.

World Wide Hires A Van To Show Seeburg Phonos

CHICAGO — In addition to displaying the new model Seeburg phonographs in its showrooms, World Wide Dist. has gone one step further and hired a van to transport the units through the distrib's Illinois territory for the benefit of customers who might not have had a previous opportunity to see them.

World Wide sales personnel John Neville, Bob Parker and Jack Moyle take turns riding the van, along with the Seeburg "Vogue II" and "First Edition" phonos displayed therein, to be on hand to demonstrate and answer any questions operators might have. In the event an operator wishes a particular location owner to see the new units, he is quickly obliged. The idea has reportedly been going over extremely well and the resultant orders are most gratifying, according to the distrib's sales department.

New Rowe AMI R-74 Jukebox Line Features Great Styling & Components

Arlington

Classic

WHIPPANY, N.J. — Exciting new appearance and features marked the introduction of the all new Rowe AMI R-74 phonographs at the national distributor show held recently in Boston. The "Classic," the "Arlington" phonographs and the "Crestwood" console were revealed to an enthusiastic audience of distributors and sales personnel from all over the U.S., Canada, Europe, Asia, Mexico and South America.

Highlighting the introduction, Jim Newlander, vice president-marketing for Rowe, set the theme for the show and indicated "the R-74 is the best of tradition and today . . . with an all new profile and appearance combined with our highly successful patented Stereo-Round Music System and the most dependable record mechanism on the market."

The new ROWE 4-Channel Quad Sound System was revealed to the distributors for the first time, and included live demonstrations at both the show and technical sessions. The Rowe Quad System uses a special decoder with four separate external speakers in addition to speakers insidethe R-74 phonograph. The result is quad sound dispersal with reinforcement from the phonograph itself.

The Classic features subtle back-lit orange/gold "Krinkiglas" accented by woodgrain framing and trim combined with a highly visible computer-like-selector and speaker area. The Arlington is a blending of bright back-lit blue graphics, wood trim, and silver detailing on the upper and lower speaker grilles and selector area. Both models are dramatic and eye-catching.

The R-74 Stereo-Round System produces a full 240 degrees of stereo sound dispersal in front of the phonograph, and according to Newlander is the only six speaker system on the market. The R-74 employs two 10" bass speakers in a specially designed bass reflex sound chamber, two mid-range speakers, and two tweeters. The unit is available with either a 64 watt RMS solid state amplifier suitable for most locations, or a 120 watt RMS amplifier designed for larger locations using a number of remote speakers.

The matching of high-efficiency speakers to a direct coupled amplifier gives the R-74 a rich "big band" stereo sound with the quality and volume for the largest location installation.

Stated Newlander: "additional features make the R-74's and Console easier to service on location than ever before. An all new solid state credit computer gives the operator virtually unlimited pricing and bonus play capability for nickels, dimes, quarters, halves and credit from the optional dollar bill acceptor. Price changes are made quickly and easily on the computer itself with miniature switches protected by a cover plate."

The optional Bill Acceptor unit has a built-in bill stacker that faces and stacks each bill for fast removal and counting. A separate lock on the bill box provides additional security.

A new title rack design was unveiled that allows one-hand operation. The Title Rack assembly is divided into two sections, and is unclipped and raised into eye-level position. A separate clip can be released to allow the racks to be removed altogether for title lable changes in a remote location.

The exclusive Rowe Monitor Burglar Alarm is available, along with an insurance policy covering loss of machine and contents from fire, theft, vandalism, etc. While on location, the Monitor Alarm is totally maintenance-free, and does not require A.C. or battery power for operation, yet emits a piercing sustained sound if any attempt is made to compromise the phonograph cashbox.

A new universal price card with self-sticking adhesive prices is included as standard equipment with the conventional price card. The universal card allows rapid field changing of prices as the need arises, and is a perfect complement to the solid state credit computer rapid price and bonus change feature.

"The proven Rowe AMI Record Mechanism is the only 200 selection mechanism on the market this year," Newlander declared. "It also offers the 45-33 rpm Automix feature standard, allowing unrestricted pop and little L.P. record programming at the option of the operator. The R-74 and Console mechanisms also continue to offer the only full five year warranty on all moving parts in the industry, and require no lubrication whatever for the same five year period of time."

The AMI Classic and Arlington and the Crestwood console are on display at all 49 Rowe AMI distributor offices throughout the U.S. and Canada and will be shown at the 1974 MOA Show in Chicago. According to Newlander, "The Classic and the Arlington represent the highest state of the art and are the result of constant feedback from operators in the field, new innovations in design and engineering, and a level of quality and workmanship traditional for almost fifty years at Rowe AMI. We expect the R-74 to be our best effort yet in the coin operated phonograph field."

Seeburg's New Quad 'First Edition' Helps Sets the Stage for 25¢ Per Play

CHICAGO —Seebury distributors have concluded their introductory showings of the new First Edition and Vogue phonographs and according to the company's phonograph sales vice president Jack Gordon, the reaction by operators has been overwhelmingly in favor of the line and behind the drive for straight quarter play.

"Quadraphonic sound and the 'Seeburg First Edition' phonograph," commented Gordon, "not only offers the customer a new way of hearing music, but paves the way to 'single play for a quarter pay' for operators everywhere.

"We're undergoing great change in our industry. The location characteristic is changing, people are becoming more sophisticated insofar as what they play and the quality of sound reproduction that want to hear . . . and too, today's concept of the audio component is extremely advanced. With the Seeburg First Edition we give the music buying public all the exciting magic and realism of an on-stage in concert performance," he declared. "We also make possible single play for a quarter . . . the prime way in which one can generate more profit and additional income to meet the ever climbing high costs of today," he added.

"Seeburg First Edition . . . with it things happen. Music is "alive"! Your location crowds are bigger! Your location bar and food business increases! And just watch your own profitability grow with single selection for a quarter," Gordon declared.

The First Edition package consists of the jukebox console itself, plus powerful, wide range quadraphonic lighted-speaker system, and the exclusive, specially designed Seeburg Quad Decoder. The console itself presents a dramatic supergraphic sweep of color and light wrap around to the asymmetrically conceived chromed cabinetry. It's sized 53½" high, 40" wide, and 27¼" deep.

Specially designed powerful, illuminated speakers have patterns on front, and two side panels softly glow to give a unique, decorative element to any interior decor. Each speaker incorporates two 8-inch woofers and one mid and high frequency horn. Gordon said the units will provide the "optimum in full range sound reproduction" when used with the console. 50-watt speakers can be mounted vertically or horizontally and measure 25¾" x 15¾" x 10".

The Seeburg 4-channel quadraphonic decoder, the heart of the Seeburg quad sound system, achieves a four dimensional "live" quality to the audio reproduction. "Music assumes all the

First Edition

tonal realism of an actual on-stage performance and provides an entirely different musical environment to the location," Gordon declared. The decoder decodes the sound reproduction and plays it back through four separate speaker components. When the reproduced sound is perfectly matched, the decoder unit is set, then locked inside the First Edition cabinet never to be touched again.

This newly designed feature brings all of the "play" features on the Seeburg First Edition into one centralized area. The First Edition "Reselect Indicator" feature . . . small panel that lights instantly to let the customer know he has selected an incorrect series of music title digits for play. This unique unit quickly communicates a customer selection error and indicates that a reselection of music is necessary.

The Music Selection Center features the 10-button digital selector, coin slot, provisions for Dollar Bill Acceptor and All Coin Accumulator panel.

The 10-button Digital Selector is interchangeable with six previous 160 selections Seeburg phonographs and is interchangeable with the two Seeburg Consolette models.

The First Edition Selection Center also incorporates Seeburg's All Coin Accumulator feature, an innovation that lets the music customer deposit any combination of coins for music selections. This unit accepts coins in any combination of nickels, dimes, quarters and half dollars . . . up to one dollar's worth of music with bonus incentives.

The multi-coin capability may be supplemented with an optional Dollar Bill Acceptor. "Here is a Seeburg feature with a proven "take" record for making additional profits for many locations across the country," Gordon said.

The Seeburg First Edition "non-glare" music title display deck has been designed to accommodate those subdued locations who have in the past requested operators to dim lighting in this particular area. The non-glare feature is accomplished by setting each music title in an individual "shadow box" to minimize non-essential lighting here.

Title display area lifts up readily to permit a quick change of music titles and allows easy accessibility to the record mechanism. The title deck design also incorporates a "snap out" for easy removal from the console.

Seeburg continues to place strong emphasis on their exclusive Microlog circuitry concept which orginated in their Apollo Model LS-3 phonograph 5 years ago. "Seeburg's utilization of MOS technology in their coin music product has simplified servicing and has replaced the complicated assortment of relays, resistors and switches used in the past," said Gordon. One three year warranted Microlog pak controls pricing, the other controls selection functions of the Seeburg First Edition.

The upper assembly of the First Edition pulls down to allow full exposure and accessibility to all major electronic components.

The Digital Control Center and amplifier located in this area swing out permitting "all angle" accessibility to each unit.

The First Edition incorporates a fully transistorized 200-watt stereo amplifier . . . a high power unit with the capability of delivering 100 watts of power per channel. And it's completely interchangeable with the Apollo, Musical Bandshell, Bandshell Firestar, Olympian 160, Regency 160, and Matador phonographs.

This amplifier also incorporates a record equalization switch which controls circuits in the amplifier and compensates for the difference in record levels of U.S. and European recordings. A middle position is used to accommodate an average range if the two types of recording characteristics are intermixed.

Model SAVE-1 Seeburg Alarm and Volume Control Envoy. A combination alarm system and volume control unit mounts readily behind bar or counter to act as a "break-in" detector. Flashing lights plus audible alarm signals when cash box is being tampered with. Size: 4-inches x 6-inches x 7-inches.

Model PB1-K Standby Service Kit. Sensational new emergency accessory unit designed to keep Seeburg digital phonographs operating even though one or all of the following assemblies are defective:

- Circuits in Digital Control Center
- Digital Electronic Selector
- All Coin Equipment and associated circuits
- Digital Transmitter and Pricing Unit
- Format Memory Unit

Security Bar Kit. Externally mounted anti-break-in device of heavy gauge steel strapping and eye bolt. Easily installs into pre-drilled holes in First Edition cabinet.

Completely self-contained, solid state Paging System Model TP1K readily plugs into amplifier. Counter top styling for use in any location from bar to bowling center to restaurant. The press-to-talk bar automatically lowers phonograph volume for "paging" over music being played. Weight is 2½ pounds. Size: 9 inches high, 6-inches deep and 4-inches wide.

The Dual Reporting Income Totalizer provides an accurate record in dollars and cents of all income deposited in the Seeburg music system. A dual reporting feature: a "RVEAD+Out" Meter displays the unit totals; a "Print-Out" feature lists collections on a printed slip supplied in triplicate.

The new Seeburg Quadraphonic First Edition, new Vogue II 160 selection Stereo phonograph, and a complete selection of accessories can be seen in all Seeburg distributing offices both in this country and abroad.

Brunswick Corporation's Brunswick Division, completed installation of the modern auomated 16-lane center which was dedicated in grand opening ceremonies attended by high Soviet Union officials as well as U. S. Embassy and Brunswick officials.

It will be the first opportunity for Soviet citizens to try bowling. The cost per game will be 50 kopecks — 68 cents at the official exchange rate.

The first bowling center in the Soviet Union will be like no other in the world. It has been installed in an air-supported tent, measuring 100 x 150 feet at the base and rising 40 feet in the air. Air blowers, in constant operation inside the structure, keep it standing.

Participating in the grand opening ceremonies were Madame Ekaterina Furtseva, Minister of Culture for the Soviet Union, Moscow Mayor Vladimir Promyslov, as well as several famous Soviet athletes and Cosmonauts.

"We believe that the opening of this first bowling center in the Soviet Union is another step in bringing the Soviet and American people closer together through the sport of bowling," said Milt Rudo, vice president of Recreation Business for Brunswick.

Rudo, along with chairman of the board J. L. Hanigan and Brunswick Division president Joseph Rice led the company's delegation at the grand opening cremonies.

Bowling, Rudo pointed out, is not only America's most popular participant sport enjoyed each year by some 52 million people, but is a recognized international sport in 51 countries around the world.

Two prominent American professional bowlers, Fred (Skee) Foremsky, Houston, Tex., and Mary DeBarbrie Gardner, Belmont, Calif., participated in the opening demonstrating the techniques of the game and given lessons.

The Rock-Ola 456.
Beauty that means business.

Appearances can be deceiving. For example, take a good look at our 160-selection 456 Console. It looks like a very expensive, elegant home stereo. But it's a jukebox.

The fine dark walnut veneer is really rugged polyester, carefully molded to duplicate the random grain of real wood. It resists spills, stains, scratches, and dents.

The magnificent framed oil painting inside the lid is really a spill-proof full-color print. And the delicate arched cathedral-look speaker grilles resist most abuse.

Though it looks like fine furniture, the 456 is built like a safe. Because inside, we've placed the world's most valuable jukebox mechanism: the famous Rock-Ola Revolving Record Magazine. Plus several new improvements, like a cabinet that seals out dirt, dust and grime. A 100-watt-output amplifier. Self-protection circuits. 100% solid-state circuitry. And a newly-designed Customer Convenience Center.

The Rock-Ola 456. This year, it's even more of a sound investment. Because it's unstoppable.

There's no stopping Rock-Ola.

EASTERN FLASHES

HERE AND THERE — BEN Chicofsky tells us donation pledges for this year's UJA drive are coming in at a good rate. As guest of honor at the victory dinner (which will climax the 1974 drive), Ben's very hot to see a record dollar number up there . . . Expect many locals are now making their plans to attend the Nov. 1-3 MOA convention. With New York state the largest representative member block in MOA, there should logically be a mob of Empire Staters at this year's event . . . The New York State Operators Guild will meet Oct. 16th in Newburgh's Holiday Inn to discuss, among other things, who'll be going to MOA from their group. Usual 7:30 PM starting time.

At press time, the Eastern Regional Playoffs of the $30,000 North American Air Hockey Tournament were about to get underway at the Franklin Institute in Philadelphia. (The event was billed as the main attraction of the Institute's "Super Saturday Doubleheader"). Heading the list of top contenders for the regional crown was **Mike Dickstein,** a 21 year old biology major at Penn State University, who earlier this year bested some 122 Air Hockey contestants to gain victory in the First Annual Delaware Valley Air Hockey Championships at the Philadelphia Marriott. Other local champions qualifying for the Eastern Regionals were **Louis B. Wolfenson,** of Levittown, **Robert Pursell** of Bristol, **Robert Picster,** of Phoenixville **James Meyers, Jr.** of Ivyland and **Robert Mutzabaugh** of Enola.

The Eastern Regional Playoff winner will be awarded an all-expense paid trip to New York City with a chance for the North American Title (Nov. 2) and $5,000 in cash. In addition, the regional winner will carry home Brunswick's home model Air Hockey table and the championship trophy. Runner-up will be awarded a Panasonic AM/FM digital clock radio and the second place trophy.

CALIFORNIA CLIPPINGS

Enjoyed chatting with **Brian Semler** and learning he and brother **Larry Siegel** are in full swing with their newly-established coin firm Pacific International Amusements, Inc. The company is establishing a street operation in the San Francisco Bay area, as well as a distributor/jobbing operation there. Prior to this, the brothers worked at the Segasa factory in Spain, which manaufactures everything from video games to pin tables, as well as distribtes Seeburg products there. Their dad was one of the founders of Segasa with living legend **Marty Bromley** until he retired recently. Look for big things from these lads.

Congratulations to **Stan Rousso** as the new general manager of Portale Automatic Sales here in L.A. Stan started there on August 1st. he has 27 years experience in the coin machine busines in all, which included stints for National Venders and Seeburg. Stan tells us they've received a new shipment of Gottlibe's new Top Card single player flipper and it's receiving excellent acceptance from the operators hereabouts. ChiCoin's new two player Hi Flyer also expected in at Portale's and Stan predicts this item will be one of CC's biggest hits ever. A new Rock-Ola juice vender (AJV) has arrived. the four selection model, which can vend either six, ten or twelve oz. drinks, will be formally introduced to the industry at the McCormick Place NAMA Show.

Joe Farney at SeeWest delighted with flow of new Seeburg jukes out the door and onto the area's route trucks. The qud First Edition seems to be a desirable item, especially with it's ability to command 25c play per record.

Dean McMurdie and the entire crew at Circle International are in high spirits after successful showings of the new AMI Classic and Arlington phonographs. Sales are terrif and reaction at locations, says Dean, is very gratifying, according to his operator customers, so what more could you want. The Crestwood console phonograph continues in manufacture up at the Rowe Grand Rapids plant, and continues to be a steady seller at Circle.

Mickie Greenman at A.C.A. info's there just may be a new For-Play game on exhibit at their MCA booth in November, but no details yet . . . . Atari's Touch Me is on the market, marking the first time the legendary video game people have popped a non-video game. See story elsewhere this issue . . . **Mel McEwan** at Ramtek tells us they'll be debuting a brand new video game on the baseball theme at MOA. Samples to distributors prior to showtime.

MILWAUKEE MENTIONS

Since returning from the recent Rowe showing in Boston, **Joel Kleiman** and **Sam Cooper** of Pioneer Sales and Services have been entertaining a steady flow of customers who have been stopping by the Pioneer showrooms daily to see the new model phonographs on display. They're being very well received, as Joel told us. "The units are true quality merchandise," he said, "and it was no surprise to us that our customers would be as impressed as they are with the vibrant sound system and the overall appearance of the new models!"

TALKED TO BALLY'S **Dick Linkens** (regional marketing manager) during his visit at the Empire Dist.-Green Bay branch office last week. Dick's been traveling the state and contacting operators for their views on various equipment in the factory's line of amusement machines. Awhile back, Bally instituted a program of direct communication with operators to determine their likes, dislikes, suggestions, et al., for future consideration in the production of equipment, and Dick's been working very diligently on the campaign and traveling quite extensively throughout the U.S. The project is proving to be successful, he told us, not only for the personal contact with the ops who use Bally games but also for the numerous constructive ideas resulting from such contact! . . . By the way, we talked to **Bob Rondeau** and learned that, because of the WMMA meeting and the upcoming NAMA and MOA conventions, the proposed Bally-Midway service school at Empire will be postponed until next month.

CHICAGO CHATTER

Thursday, October 17 is the opening day of the 28th annual NAMA national convention and exhibit! The show, being held in McCormick Place, will run through October 20 and is expected to attract an attendance of close to 10,000 persons. There will be 160 exhibits, displaying the latest models of vending machines, commissary equipment and related products and services. The exhibit floor will open at 12:00 noon each day, allowing the morning hours to be devoted to various business meetings, speeches, panel discussions and other special events. Among convention hotels will be the Drake, Playboy Towers, Continental Plaza, Sheraton-Chicago, the new Hyatt Regency and the McCormick Inn. Should be a big show!

MIDWAY MFG. CO. DISTRIBUTORS are currently displaying the factory's newest release "Chopper," an exciting helicopter game with flying saucers, creatures from outer space and all kinds of great features geared to stimulate play! Reaction's been excellent, according to **Larry Berke,** and the unit's in full production at the Schiller Park plant . . . Shipments continue, of course, on the firm's popular "T.V. Basketball" . . . For the next few weeks Larry will be concentrating on preparations for MOA Expo —which will be here before you know it!

LEARNED FROM BOB WICK, director of international sales at Chicago Dynamic Industries that the firm's "Showtime" 4-player pingame is quite a favorite in the foreign market! In discussing current export business, Bob mentioned that despite present restrictions in some of the overseas markets, CDI's foreign sales are holding up very well! "We're pleased that many foreign customers, with limited funds under present conditions, are showing preference for our equipment!" he said . . . Bob mentioned that he's had some informal inquiries from Russia. There seems to be a growing alcoholism problem among young people in the Soviet Union, he went on to say, and the Russians are considering the possibility of providing arcades as an alternative — which could open up a very lucrative market for coin-operated equipment!

J. F. FRANTZ MFG. CO. PREXY **John Frantz** called us last week to say that he's just about all set for MOA Expo (Nov. 1-2-3 at the Conrad Hilton). John will be exhibiting his "U. S. Marshall" gun and entertaining visitors at the Frantz booth . . . What he won't be doing, however, is eating meat or drinking alcoholic beverages of any kind, since he still maintains a strict vegetarian diet — but, this must be said of Johnny, he doesn't expect his guests to follow suit!

THE INCREASING POPULARITY OF table soccer and the growing number of "foos halls" cropping up in various areas of the country were pointed out in discussion recently with World Wide Dist.'s **Fred Skor** and **Howie Freer.** Both noted how interest has really swelled in the past three years. The sport seems to be especially big among high school and college students, and the aforementioned foos hall parlors most successfully launched in locations catering to this age bracket. Repeated play breeds experts, naturally; so, frequent tournaments are held (as often as once a week in some locations) and prizes awarded — which all tends to further promote the sport and thus create an even greater market for the various soccer units produced!

THE 1974 MUSIC AND AMUSEMENT MACHINES EXPOSITION

The 1974 MOA Exposition will have the biggest exhibit area in the history of MOA trade shows, well over 50,000 square feet. This is prime exhibit space in the Conrad Hilton, Chicago, where Expo '74 will attract another big attendance from the U.S. and abroad. The dates are November 1, 2 and 3.

MOA Expositions continue to grow and to generate interest year after year for one reason: They give the industry both here and abroad what it needs -- the newest and the best in coin-operated music, amusement games and allied products. Nowhere else is there such a collection of the world's finest manufacturers of this specialized equipment.

The three-day Exposition offers twenty hours of exhibit time, a business seminar, a program for the wives, a membership luncheon and a gala banquet and show. Plus unlimited opportunity for the exchange of ideas and information. As one operator put it recently: "If you want to know what's happening, what's ahead, what's the trend in this business, you find out by going to the MOA."

What it all boils down to is money. If you want to make more of it, a good place to start is the 1974 MOA Exposition.

BEE GEES DOWN UNDER — The Bee Gees, currently touring Australia, have broken all previous records for the number of dates played with sold-out at houses each stop along the way. No other entertainer or group has played to the numbers reached by the Bee Gees on this Australian tour. The three Gibb Brothers, working with a 20-piece backup orchestra, were presented here and in New Zealand by promoters Garry Van Egmond and David Trew. The Bee Gees gave twenty-one concerts nationwide. The first one took place on September 19, the final one October 7. This adds up to the largest amount of concerts ever given in Australia on one tour, and each was a resounding success with both critics and audiences.

In Melbourne, the Bee Gees completely filled the Festival Hall four times (capacity 6,400). In Perth, 15,000 fans swarmed to an outdoors Bee Gees concert, and Brisbane's 4,000 seater Festival Hall held capacity crowds for three concerts. Especially noteworthy is the fact that the first Sydney Bee Gees concert took place at the Sydney Opera House, which was merely a controversial shell back in 1966 when the trio were still a local act trying to make it here. Seats to the Sydney Opera House concert were sold within hours of announcement. A further four concerts were then scheduled at Sydney's Hordern Pavilion (capacity 5,200), and each of these performances drew overflow crowds. Australia has been a triumphant stop on the current Bee Gees world tour, which began August 21 in Canada and winds up November 10 in Anchorage, Alaska. Stops on the way were the U.S. (including Honolulu), New Zealand, Australia, Kuala Lumpur, Hong Kong, Manila, Japan, then Alaska.

Pictured left to right are David Trew; Maurice, Robin and Barry Gibb; and Garry Van Egmond.

The Nippon Columbia Co. will promote "CMC-'75-Music For You" under their plan with pop, folk and rock being the three major points of the campaign which will see release by major Western artists including Mike Oldfield.

The Toshiba-EMI Record Co. is planning to promote "Toshiba-Winter Sale '75" over the period from Oct. 16 to Jan. 15, 1975. Emphasis is to be placed on Japan's repertory of Western music on record and tape, especially in the areas of jazz, rock, and soul. In addition, the Karajan and Furtwengler classical lines will also be pushed.

The "Big Joy Series" of cassettes and stereo 8 track tapes will be sold by the Victor Musical Industries who claim that "Since the oil shock of last year, the tape industries have had a negative outlook, but sales for the first half period of this year are quite reassuring, being up 1,500,000,000 yen over the same period of the previous year. Hereafter, we are going to develop a positive policy for tape sales."

Skynyrd Tops Two Records

LOS ANGELES — Lynyrd Skynyrd, whose second MCA LP, "Second Helping," was recently certified gold by the RIAA, broke two attendance records during their recent American tour.

Lynyrd Skynyrd broke out of the south to gain national recognition this year. The group played to a record 16,105 at the State Fair Grounds in Nashville, TN, taking in $43,635. In Pershing Auditorium in Lincoln. NE., Skynyrd took in $17,872 and performed for a record-breaking 8,100 people.

Just one year ago, the group had its first professional engagement, performing for 250 people at a small club in Denver. This year, the Coliseum in that city was sold out. Box office receipts totaled $19,233. In St. Louis, Mo., Kiel Auditorium was sold out and the gross totaled $21,102, while in Atlanta, Ga., at the Alexander Memorial Coliseum, Skynyrd played to capacity crowds, taking in $15,735.

ke's "Dreams And All That Stuff" is his first completely instrumental LP, while "Tea-Break Over — Back On Your Eads!" is the title of English jazz-rock group If's second Capitol album.

Roy Drusky makes his Capitol debut with "Peaceful Easy Feeling," as does country newcomer LaCosta with her initial release, "Get On My Love Train."

"Hammer Presents Dracula" is a collection of facts and stories regarding the Transylvanian figure, and features Christopher Lee as the narrator. In a more documentary vein, Capitol is also releasing "Resignation Of A President," including former President Nixon's Aug. 8 resignation speech and his farewell speech to the White House staff.

According to Zimmermann, Capitol Records has already begun an extensive marketing campaign on behalf of these releases.

Harry Carney Dies

NEW YORK — Harry Carney, a jazz musician and a long-time associate of Duke Ellington, died on Oct. 8 at Beth Israel Hospital. He was 64 years old.

According to The Encyclopedia of Jazz, Carney's "rich, virile tone and compelingly individual style gave the Ellington band a unique tonal quality that became the solo throwback to the band's original distinctive sounds."

Carney is survived by his widow, Dorothy, and a brother.

for a while and we recorded it a while ago so it won't be all new material, but we did include a version of 'Every Woman' and 'All Along the Watchtower' from the new album."

Savoring a small, temperate brandy at the end of lunch, Dave sat back and beamed. "I want to get a farm in Connecticut or Massachusetts in a bit. I could really appreciate the change from all the big city living I've been doing." Outside the California sun shown brightly. "I don't like Los Angeles as much as some people because I miss the change of seasons. I would really like a farm."

But before Dave Mason can park his body on some rustic front porch and watch the grass grow, he will be visiting lots of colleges (including dates in Colorado, Pennsylvania, West Virginia, Kentucky and Washington, D.C.) and some of the nation's most prestigious halls like New York's Radio City Music Hall, Philadelphia's Spectrum, the Auditorium Theater in Chicago and the Long Beach Arena. With his new found enthusiasm and old time ability, Dave Mason should have fun every step of the way.

marketing coverage will be supported by TV and radio advertising, and airplay for the new releases, he explained. Within a short time, Talbert concluded, all new releases can be stocked and extensive in-store play can begin.

After a firm base of support is established, the secondary sales areas can be exploited, Talbert said. The Buddah sales force follows up the initial distribution by calling the retailers and radio stations, and by checking sales and airplay response,Talbert remarked. If the feedback is satisfactory, he continued, the sales staff will increase the marketing radius and hopefully extend the coverage across the nation.

Sees Sales Increases

In-store play in conjunction with radio play can augment sales by almost 50%, Talbert explained. Norman Connors, on the Buddah label, has doubled his album sales as a result of the new merchandising strategy. Talbert and his staff determined that Connors' main regional base is New York, Washington and Baltimore. By establishing extensive in-store play in neighboring areas, the distribution force was able to create a network of secondary markets and stations. Each of the secondary locales, Talbert said, reinforces the stability of the break-out area, and in turn, is boosted by increased activity in the primary sectors.

Anne Sexton, on the Sound-77 custom label, was locally established in New Orleans. By employing the aforementioned techniques, Talbert said, Miami, Atlanta and Memphis were successfully exploited. Her individual singles sales have increased from a previous high of 25,000 to a new peak of 80,000.

Talbert said that the new strategies have worked remarkably well for Buddah's custom labels, such as Curtom, Bluff City, and Ebony Sound. National crossover, he added, often results in a tremendous increase in marginal sales. Rather than emphasizing national promotion and distribution for one potential hit, Buddah will push a larger number regionally, Talbert said. "If marginal sales are under 100,000 and we can sell five records at that level, then we have sold a million copies."

The key, Talbert concludes, is in-store merchandising. "Radio airplay," he said, "can only help a strong retail promotion, it cannot be the main emphasis of activity."

CLINTON'S HERE — At a recent meeting at ABC to discuss tour plans, Clinton (center) was photographed with (at left) Mace Neufeld of BNB Associates, his management firm, and Jerry Fuller, producer of the LP, and (at right) ABC vice president Dennis Lavinthal and BNB Associates' Al Schwartz.

track albums from the Universal motion picture "Airport 1975" and "Earthquake" are scheduled to be in record stores by November to coincide with the films' openings nationwide. The albums "Airport 1975" and "Earthquake" follow the successful release by MCA of the soundtracks of such Universal films as "American Graffiti," "The Sting" and "Jesus Christ Superstar."

Recording star Dobie Gray's third MCA album, "Hey Dixie" is another autumn release, featuring the single, "Roll On Sweet Mississippi."

Cher Bono's "Greatest Hits" album is also ready for shipping. This is the female singer's first "Greatest Hits" LP. Among the songs included are "Half-Breed," "Dark Lady" and "Living In A House Divided."

In the instrumental field, MCA has three albums for fall release. Deodato's "Artistry," was recorded live during his recent American concert tour. Deodato produced this LP and he is featured on keyboards. Bert Kaempfert's "Gallery" is his 32nd album to date and, as always, this Kaempfert album contains six new compositions as well as arrangements of popular hits such as "The Entertainer" and "My Blue Heaven." The third instrumental LP is "Steppin' Out With Lenny Dee."

Other releases are from Leon Russell and Denny Cordell's Shelter Record label, distributed by MCA. The albums, Mary McCreary's "Jezebel" and Don Preston's "Been Here All The Time," are by the two artists who were featured at the recent "Shelter In The Delta" showcase in Memphis.

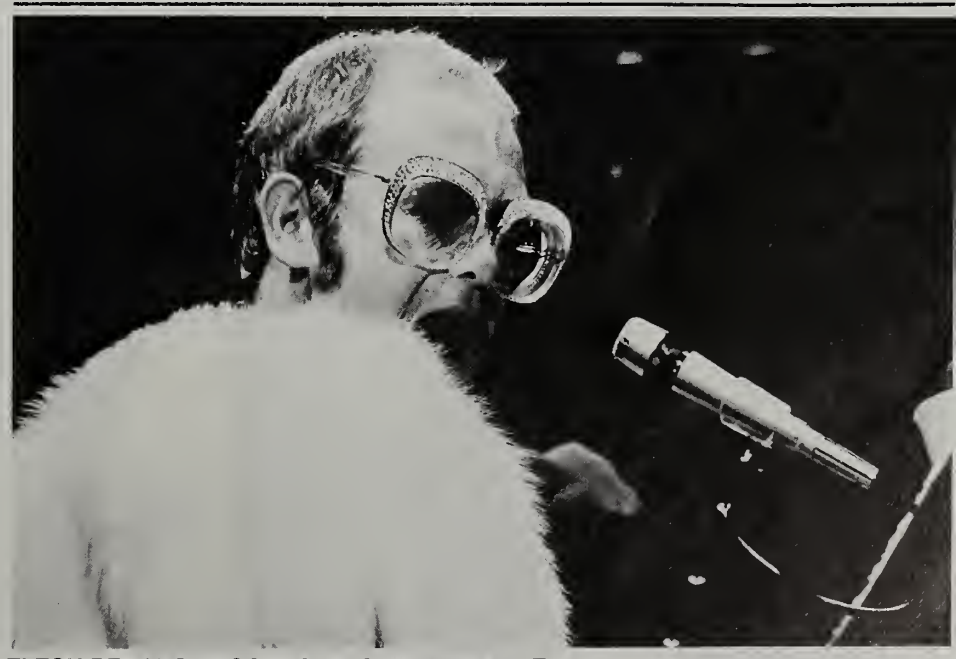
MCA autumn releases also include Jerry Jeff Walker's "Walker's Collectibles." Known as the leader of Texas contemporary country music, Walker is featured with his reknowned Lost Gonzo Band on this album. Jerry Wallace's new LP, "I Wonder Whose Baby (You Are Now)/Make Hay While The Sun Shines," features a selection of pop and country songs.

In the country and western field, MCA has several new LPs for release. Bill Monroe, "The Daddy of Bluegrass," has recorded "Road Of Life" and Brenda Lee's "Brenda Lee Now" is her 8th MCA release. This LP features Brenda's rendition of "Nothing From Nothing" as well as the new single, "Rock On Baby." Popular country artist George Morgan has one of his best LPs to date shipping this fall. It's titled "A Candy Mountain Melody" and includes the singles "In The Misty Moonlight" and "A Candy Mountain Melody."

As with all MCA releases, these new albums are backed with full and extensive promotion and sales campaigns. In-store window displays and posters are being shipped to record stores and radio and televison spots have been prepared for airing in key markets.

SIGNING A SMILER — Everybody's all smiles as singer Jimmie Haas signs a recording contract with United Artists Records. Shown after the signing took place are (from left) Paul Palmer, Haas' manager; Denny Diante, UA director of artist acquisition and development; Al Teller, president of United Artists Records; Haas; Mike Stewart, chairman of the board, United Artists Music and Records Group; and Spencer Proffer, UA national executive director, a&r. Haas' first UA disk, "Ridin' On A Rainbow," has been rush released and has garnered immediate reaction. An album is being planned for future release.

A WONDERFULLY GAYE BUNCH — Celebrating Marvin Gaye's recent smash engagement at Radio City Music Hall in New York are (from left to right), Gaye, Kerry Matthews of Marquee Enterprises, who booked Gaye's performances, and Stevie Wonder. Gaye sold out all performances.



ELTON BREAKS RECORDS, BLOWS MINDS — The extraordinary Elton John and his protege Kiki Dee kicked off their 44-date American tour Wednesday (Sept. 25) at the Dallas Convention Center. Sold out for months before, the crowd lined up outside the hall hours before the 8:00 pm concert in the pouring rain which has plagued Dallas for the past three weeks. Pictured above is the outrageous pop star performing one of the tunes that repeatedly garnered him standing ovations from the ecstatic crowd. (See Talent on Stage for a review of Elton John in L.A.'s Forum.) Every show on the tour has been sold out and each stop appears to be setting new attendance records.

We've got six new fall releases at Spring/Event Records. Everything from the popular game show's first album, "Zingers From The Hollywood Squares" to the incredible talents of Millie Jackson, Act I, The Fatback Band, The Peppers, and an all-star album of non-stop dancing called "Disco Par-r-rty."

We don't play games at Spring/Event. We get right down to business. But we sure have a lot of winners. And you can, too.
